**EDITORIAL**

How lucky it is that the man in the moon is blind.

It is nice to be handsome but it is a good deal handsomer to be nice.

We are of the opinion that the man who could run a newspaper to suit everybody went to heaven long ago.

When you see a banana peel resting on a sidewalk and a fat man unconsciously approaching it, the indications point to an early fall.

There are always a good many people who keep the balance of the community busy wondering how they live so well and others it keeps busy wondering how some live at all—without working.

Smoking at one time was a penal offense in Turkey, and now Turkey is the chief cigarette consumer of the world. Men are shifty propositions no matter what their creed or color.

Learned men tell us that in Latin the word "editor" means something "to eat." In Mount Joy its meaning is altogether different. Here it means to scratch around like blazes to get something to eat.

The effects of advertising lasts far beyond the week, month or even the year in which it appears. Many a business is a money-maker today on advertising done years ago—on accumulated prestige.

The treasury department has settled the question of the legality of drawing bank checks below \$1 by deciding that any man who has a bank account can draw on it for any size check he wishes without violating the law.

An advertisement is to a merchant very much what sowing seed is to the farmer. It may take a little time for the results to become apparent, but they are sure to come. The wise farmer is not niggardly with his seed, nor the wise merchant with his advertisement.

The way the yard sticks rattled, hardware jingled and our merchants and clerks moved around on Saturday indicated a lively day for our business men; and the people that thronged our thoroughfares were delighted in the bargains they had pocketed, and the general verdict is that this is the place to trade.

**Entertained Their Friends**

On Thursday evening Mr. and Mrs. William H. Gantz, of the Farmers' Inn, in this place, entertained the following guests at their home: Misses Ethel Reardon, Florence Reardon, Ada Hassler, Barbara Bernhart, Mary Troup, Kathryn Zug, Elsie Zimmerman, Minerva Shindle, Mabel Welchans, Ruth Hertzler and Florence Zimmerman and Messrs. Charles Fritsch, Harry J. Bernhart, W. G. Schwab, Charles Shindle and James B. Reardon, all of Lancaster; Miss H. Marie Zeller, George B. Zeller, George H. Brown, Paul Getz, Mr. and Mrs. Clayton Hollinger and Mr. and Mrs. C. H. Brubaker of this place; Mr. and Mrs. Clayton Souders, of Donegal. The young people from Lancaster came via trolley, having chartered a special car for the evening.

**Broke His Back**

Mr. Eli Snyder of Elizabethtown, who for some time has been engaged in hauling milk from there to Hershey, took suddenly ill last Friday afternoon on his return trip about a mile north of Elizabethtown. He fell from the wagon and broke his back. He is about fifty years old and the father of three children. He died on Tuesday afternoon from the effects.

**A Good Lecture**

"Stop Grumbling and Laugh a Little" was the subject of Rev. W. H. Egge's lecture at Florin on Saturday evening, and the verdict of all present was that it was great. Quite a number of Mount Joy people attended and came home with many a hearty laugh. Mr. Egge will give a series of lectures in Wayne County in the near future.

**SIGNALS OF DISTRESS**

Mount Joy People Should Know How to Read and Heed Them

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night.

Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay. Use a special kidney remedy.

Doan's Kidney Pills cure sick kidneys, backache and urinary disorders.

Mount Joy evidence proves this statement.

Mrs. Ella Smith, Mount Joy street

Mount Joy, Pa., says: "Doan's Kidney Pills are by no means a new remedy to me as I used them when suffering from kidney trouble in a serious form many years ago. I suffered from backache and at times my ankles were badly swollen. My kidneys were disordered and the secretions passed irregularly. I finally heard about Doan's Kidney Pills and procured a box. They helped me from the very first and I continued their use until the swelling disappeared and the pain ceased. Since that time I have had but a few slight returns of the complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo

New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**A Little Straight Talk**

Whether it was Cook or Peary that discovered the North Pole, the problem that confronts the business man that has been "grouchy" all Summer, is to discover the reason for the shortage in sales. Let us help you out. Selling to the public but not letting it know of it, is like having an empty store. No one will come to see you—except your creditors. Advertise, tell the public what you have to sell thru a medium that is read by them, and not through a journal that is continually lying about its "big" (?) circulation and in reality only prints a few hundred copies. Try an ad in the "Bulletin" and see the difference.

**Can You Beat This?**

From the Lancaster Morning News: A story is going the rounds of the Lancaster city and county papers about a man near Rohrerstown who is alleged to have sold 5,000 baskets of peaches from a one-acre orchard received \$6,000 for them. If he has his trees planted closer than they should be, he might crowd in 200 trees to the acre. Two hundred trees to the acre to produce 5,000 baskets must average 225 baskets to the tree. They were doubtless budded on elm to get sufficient bearing surface for that kind of a crop, and then double worked on hickory to give strength to carry that sized load.

**Circulation Counts**

The wise advertiser spends his money where he is assured full returns. The paper that lies about how many subscribers it has, does not appeal to advertisers. It's the paper that spends money by improving and bettering its publication and giving people the news, thereby getting many new subscribers, that interests the man who has money to spend for publicity. There is no fake or bluff about the paper that makes an honest effort and is not afraid to share its success with the public. Circulation counts.

**Two Rumors**

It is said that the terminus of the Cornwall & Lebanon Railroad will be established at Elizabethtown by extending a line from Cornwall to that borough.

It is said that the McCall's Ferry Power House will be finished ere long and that the dam on the Lancaster County side will soon be ready to furnish power for the five 10,000-horse-power generators to be then installed.

**Oyster Supper and Social**

The ladies of Trinity United Evangelical church will hold an oyster supper and sociable in Mount Joy Hall on October 9th. Oysters in every style, ice cream and cake, coffee and sandwiches, etc. will be part of the menu. The Foresters Band has been engaged for the occasion.

Feed will be high this Fall. All undigested food will be wasted. Save money and increase your horse's health by the regular feeding of Fairfield's Blood Tonic for Horses Only. It perfects digestion, so that all the nutriment is secured from the food.

**On Equal Footing**  
According to the new game laws, a hunter caught with a ferret during hunting season, must pay a fine of \$25 for the first offense and undergo one day's imprisonment for every dollar fine for the second offense. This puts the poor man on an equal basis with the rich man as no amount of money will pay his fine for the second offense.

**A Shooting Accident**
