Some people cheat the devil by having their bodies cremated. The only time a kicker is applauded is when he kicks up his toes.

The man who keeps his word can always find some one to take it. Polish is a nice thing, but it does not change the heart of the granite block.

A man will often stand more from another man's wife than he will from his own.

If we could see ourselves as others see us, there wouldn't be nearly as many egotists.

The "Merry Widow" hat is doomed. A hat like that couldn't stay on top very long, anyway.

A nursing bottle has been found that was used 5,000 years before Christ. Heretofore we had presumed that children of that early day boarded at home.

When they get to making paper out of corn stalks the thrifty farmer will take a stent of fodder to town and have the printer run him up a year's supply of reading matter while he waits.

The knockers on the new fire engine are certainly disgusted (?) with the manner in which she did the work last Thursday.

Resolutions on the Death of Christian N. Gerber

A special meeting of the Board of Trustees of Trinity United Evangelical church was held Monday evening November 8th, 1909. The object of the meeting having been stated, the following resolutions were unanimously adopted:

The Board of Trustees of Trinity United Evangelical church, desiring to attest their sense of the loss sustained by the church in the death of their late Vice President, Christian N. Gerber, their appreciation of his character, and their sympathy with his family, here record the following minute:

Resolved that the death of our beloved brother is a dispensation of affliction incapable of consolation otherwise than by humble faith in the Omnipotent One, who is "too wise to err, too good to be unkind."

Resolved that our departed brother was endeared to his official associates by his unflinching generosity, kindness and geniality, and to the entire church by his effective service and active benevolence; that his earnest Christian life is an assurance to us that our sudden loss is his endless gain.

Resolved, That we tender our sincerest sympathy to his esteemed wife and family, praying that in this hour of sore affliction they may find the Saviour near, and that "they may put their trust under the shadow of His Wings."

Resolved, That the Secretary be directed to transmit a copy of the foregoing resolutions to the family of our late Vice President, and also to the newspapers of this town for publication.

H. H. PEPPER, Pres. S. F. ESHLEMAN Sec.

Resolutions Respecting the Death of John M. Brandt Inasmuch as Almighty God has seen fit in His all-wise Providence to take from our midst our friend and brother, Mr. John M. Brandt,

Resolved, that we, the session and Trustees of the First Presbyterian church of Mount Joy, express our sincere sorrow at his loss, but most humbly bow in submission to God's Holy will.

Resolved, further, that we express our deep appreciation of his sterling worth as a Christian and integrity as a man. He was upright in his business, loyal to his friends, devoted to his church and faithful to his God. His simple life and lovable disposition endeared him to all who knew him. We shall sorely miss him.

As a trustee he was wise in counsel and progressive in action. As a church member he was constant in attendance upon the services of the sanctuary and ever ready to assist in any good work. And as a Christian he showed by his childlike trust and unassuming service that he had been with Jesus and learned of Him.

Resolved that we extend our heart felt sympathy to the bereaved family in the hour of their affliction, and that a copy of these resolutions be sent to the stricken widow and children.

Signed: E. SUMPMAN, G. MOYER, CLARENCE SCHOCK, L. N. STAUFFER, Trustees.

Summer Cottage Destroyed "Eidelweis," the large frame summer home of Hon. M. R. Hoffman, situated on the west bank of the Susquehanna river, half a mile west of Wild Cat Falls, became ignited on Monday morning from the forest fires which have been raging with more or less fury for the past two weeks, and was completely destroyed.

It was so near the water's edge there was no means of saving the building even if anyone had been on the scene, which at this time of the year was most improbable, as there is no inhabited dwelling close to it. "Eidelweis," was erected in 1898 at an expense of several thousand dollars by Mr. Hoffman and several other gentlemen from Maytown, who designed it as a place for summer recreation for themselves and their families. Later Mr. Hoffman became the sole owner. It was a favorite place for house parties and many who have enjoyed the hospitality of "Eidelweis" and its delightful surroundings will be grieved to learn of its total destruction.

Forced feeding for egg production either causes indigestion or produces too much fat. In either case egg production is hindered. Fairfield's Egg Producer increases egg production in nature's way by providing the hen with the elements of which eggs are composed.

Dairymen in this section attribute their increased profits this year to their regular use of Fairfield's Blood Tonic and Milk Producer for Cattle Only. They have proven that it saves feed, increases and enriches the milk supply and keeps cattle healthy.

On the Gridiron Lovers of the national game were given quite a treat here on Saturday when a double header was played and each proved a rattling good contest. The "big" team struggled against Columbia and had little difficulty in rolling up 19 points by playing good, hard, steady foot ball.

The High School had Elizabethtown as their opponents and succeeded in crossing their opponents goal line twice and added with the good toes of Newpher and Deacon, each kicking a goal, made the score 12 to 0. This was also an excellent game and for the first time demonstrated that Coach Cassel's bunch is up and doing and the High school team that defeats them must travel some. The lineup of each game is appended:

Mr. Sanderson's Death Last week we made mention of the death of William Sanderson, a former resident of East Donegal. Since that time we have learned that he was employed on the Chicago & Northwestern Railroad and met death while in the act of coupling cars. The accident occurred at Jewel Junction, Iowa. We are indebted to his mother, Mrs. Frank Sanderson, for the above information.
