HAPPY WOMEN.

Plenty of Them in Mount Joy and Good Reason for It.

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. She finds relief and cure?

No reason why any Mount Joy reader should suffer in the face of evidence like this:

Mrs. Christian Sprout, Donegal Street, Mount Joy, Pa., says: "I was so bad off with kidney complaint that my health was affected. The secretions from my kidneys were unnatural and irregular in passage and my back ached constantly. I was nervous and often had chills. Deciding to give Doan's Kidney Pills a trial, I procured a box at Garber's Drug Store. The first few doses helped me and by the time I had finished the contents of a box I was free from every symptom of kidney complaint." (Statement given October 26, 1907.)

Re-Endorsement.

On January 29, 1910, Mrs. Sprout was interviewed and she said: "I am just as strong in my praise of Doan's Kidney Pills now as ever. I gladly verify my former endorsement of this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.

NEWTOWN.

Mr. John Schickling of Cordelia, paid a visit to Mr. Frederick Kemmerly on Sunday.

Divine services were held by the pastor on Sunday afternoon. Services will be held again on Sunday, March 20th, at 2.30 p. m.

Mr. Abram Bradley has rented the dwelling house formerly occupied by Benjamin Divet and will take possession in the near future.

Mr. William Richardson of Florin, has gone to Zanesville, Ohio, where he formerly resided and where he is again employed in a pipe mill.

A heavy thunder storm, the first of the season, visited these parts on Sunday night and was accompanied by vivid flashes of lightning and a good quantity of rain.

Quite a number of sales of tobacco have been contracted for last week in these parts at the present prevailing price of 10 and 3 and was all purchased by local dealers as thus far no large packing firms have made any purchases. Some raisers are holding their crops for better prices which they think will materialize about the first of April.

Public sales of stock and farming implements are numerous and nearly everything in that line is sold at fair prices. Mules are bringing \$240 and \$250 a pair, and some have even been sold as high as \$450 a pair, horses average \$150 per head and over, cows \$10 to \$75 per head according to breed. Pigs for summer feeding \$7.40 to \$9.50 per head according to size.

THE CHARLES Incubators & Brooders

The Charles Incubators and Brooders are first-class in every respect. An inexperienced person can hatch just as well as the expert. To start the machine simply light the lamp and watch the thermometer and as soon as the temperature is up to 103 turn down the set screw. When once set it will govern the temperature day and night without watching. For turning the eggs the Charles Incubator is very convenient. Notice the nursery drawer with circular egg tray combined. Simply draw out the nursery drawer half way, revolve the circular tray, and roll the eggs with your hand, push back into place and the work is done. It will take you only about two minutes as all lifting of egg trays is done away with. Send for free catalogue

Bring Her With You!

WOMEN know better than men what is good quality in Cloth. They know a pure wool fabric when they see it, and they have good taste too in the selection of fabric, design and color. That is why we like you to Bring Her With You when you want to buy a new suit or overcoat. Ask for the International genuine all wool line, and put the question of worth to her. International quality can stand the severest test—aye—the test even of a bargain-hunting lady. BRING HER WITH YOU.

A Run-Down Cow

Is a Losing Proposition

The heavy grain ration and the forced feeding for winter milk production tire out and weaken the digestive and milk secreting organs of your dairy cows.

When these organs become fatigued through over-exertion, it is as impossible for them to perform their proper part of the body when in that condition.

In consequence the cow becomes "run-down," the milk supply dwindles and the animal often contracts some

SERIOUS DISEASE

These conditions exist inwardly long before they are noticeable outwardly. Your first knowledge of any trouble comes when the milk decreases in quality and quantity, or when your cows have fallen a prey to disease—perhaps TUBERCULOSIS!

FAIRFIELD'S Blood Tonic and Milk Producer

keeps your cows from getting in this condition. It is a Scientific preparation specially compounded for animals that have FOUR stomachs and chew the "cud." It makes the winter foods easy to digest, saves the wear and tear on the digestive organs, and enables the cow to secure all the nutriment her food contains and turn it into the products that enrich her owners pocket-book. FAIRFIELD'S BLOOD TONIC FOR CATTLE ONLY prevents and cures disease by removing the cause.

IT EXTERMINATES GARLIC

when FAIRFIELD'S BLOOD TONIC FOR CATTLE ONLY is fed regularly, and three-quarters of an hour before milking, it will positively remove all taint taste of Garlic from milk and cream. FAIRFIELD'S BLOOD TONIC and MILK PRODUCER makes cows give more, and richer milk; makes calves strong and healthy and causes steers to fatten in half the usual time. The dose is One Tablespoonful and a 50c. package contains 60 doses—making it the most economical Conditioner on the market. It is sold under written guarantee by F. H. B. Ker, Mount Joy; H. C. Greider, Landisville, and D. B. Ebersole, Elizabethtown, who also carry
