Borough Council

REGULAR MAY MEETING HELD ON MONDAY EVENING

Purchased New Fire Hydrants, T's, Four-Inch Pipe, Etc. After a Lengthy Consideration—Will Lay New Water Mains—Bills Paid—Other Business.

The regular monthly meeting of Mount Joy Borough Council was held on Monday evening with a full attendance.

Quite a number of recommendations were made by several of the committees. Clerk Fellenbaum read bids from nearly a dozen dealers and manufacturers of iron pipe, fire hydrants, etc. and it resulted in the purchase of 1,200 feet of 4-inch pipe, sixteen 4-ft. and five 5-ft. fire hydrants with 2½ and 4-inch connections and 4 T's. These will be purchased from R. D. Wood & Co., of Philadelphia, who were lowest bidders. The Darlington Pump and Machine Co., of Williamsport, were given the contract for four 4-inch and two 6-inch valves. Both these contracts will mean an approximate expenditure of \$1,300 to the borough.

It was decided to lay a 4-inch main on Lumber street from Main as far south as is deemed advisable by the committee. Lay 400 feet of 4-inch main on David street from New Haven to the residence of Mr. Frank Conrad. Buy the 4-inch main on New street laid by Mr. George Baughman.

The property committee was ordered to whitewash the fence and small building in front of the reservoir.

The Water committee was instructed to have printed and post notices in the vicinity of the pumping station relative to the removal of sod, destroying borough property, etc.

Mr. Clarence Schock asked permission to oil 400 feet of Main street in the vicinity of his residence. He said he would furnish the oil if the borough would apply it. The matter was left in the hands of the Street committee.

Surveyor W. N. Brubaker presented profile of David street and considered that a width of 50 feet established for this entire street with the exception of the extreme portion where it tapers to 20 feet.

It was decided to purchase a book of water after all grades given for paving, etc., as records and also to permanent markers on all new streets.

Crossings on Poplar street on east and west side of Oak alley ordered relaid.

Bill in the pumping station occupied by Mr. George W. was ordered papered.

Board of Health asked if it again patrol the Chickies during the summer months as was the case last season. They answered in the affirmative.

It will be done during the months of July, August and September. Committee shall also post notices relative to committing nuisances along the stream.

Mr. William Scholing was refused a water rebate on his water rent for the few months he spends at Landisville.

The deed for South Bacona street from Mr. Eli H. Engle and Mr. Clayton Hoffman, was presented, read, accepted and ordered recorded.

A number of small bills were paid and Council adjourned.

Fine Catalog Completed

Office has just completed a handsome 44 page catalog of Mount Joy Nurseries, Mr. W. G. proprietor. The publication of the most complete in ever published by this nurseryman and can be asked for. It will be found ready's prices on stock and persons in need should see his catalog.

Local Pastor Resigns

Rev. Foulkes, pastor of Episcopal church, tendered resignation to the vestry, to accept of which he has declined. He will preach his last service at Brookville on Sunday. Rev. Foulkes has been a year.

On Halley's Comet

H. Egge, pastor of the Evangelical church has been chosen to preach a sermon on Halley's comet and he has chosen to do so on Monday evening for that purpose. The subject is an interesting one and should hear it.

Persons can save you money. Never before was the so well stocked in soft straw hats at from 50c.

OUR OLD SOLDIERS

The Names of Those Who Enlisted From This Vicinity

Mr. Henry Long, one of the Civil War veterans of this place, has handed up a number of very interesting letters written by soldiers while doing duty in the south during the Civil War. These letters were written to friends here. Among them we find a list of the soldiers that were doing Army and Navy duty from this place, being over one-third the number subject for military duty. The list was called the "Roll of Honor", and contains the names of 114 persons. Read them over carefully and see how many of the old heroes you remember. This list appeared in an issue of the Herald of Nov. 30th, 1861, which has since gone out of existence.

BASE BALL

Mount Joy Base Ball Association is Ready for Business.

A meeting of the Board of Directors of the Mount Joy Base Ball Association was held on Monday evening when the following permanent organization was effected:

President—Mr. W. W. Cassell. V. Pres.—Mr. M. A. Rollman. Secretary—Mr. Paul E. Getz. Treasurer—Mr. B. W. Brown. Manager—Mr. Jno. E. Schroll. Asst. Mgr.—Mr. Clarence Walters. Directors—Mr. George Ebersole, Mr. John W. McGinnis, Mr. A. L. Haines, and Dr. F. L. Richards. After discussing various matters at length the Board adjourned to meet again the following evening.

At last evening's meeting the chair appointed the following committee to see about a field and report as early as possible: Messrs. Jno. E. Schroll, B. W. Brown and Dr. F. L. Richards. It is a general understanding between the directors and manager that the team shall be composed of home talent as near as possible, the census of opinion being that our town has some excellent base ball material, especially if given an opportunity to develop.

The Board instructed the manager to advertise and see, if possible, who will try for positions on the team. The positions are open to any person in Mount Joy, Florin, or the community, and players are requested by the association to notify the manager either personally or otherwise, at their earliest convenience.

It must be understood that all will be given an opportunity to "make good" and no partiality will be shown in the least.

As near as can be ascertained, a diamond will be procured and put in shape within the next ten days. If possible, then there will be something doing.

The management at present has requests from such teams as Rockville, Huntingdon, Columbia, Felton A. C., Union Square A. A., Franklin & Marshall College, Elliott-Fisher, Bethany Club, Harrisburg, York Athletic Club, St. Joseph's Institute, Middletown, Y. M. C. A., New Holland, Annville, Cincos, of Lancaster; Corley Club, a semi-professional team of Philadelphia; Hershey, Alert A. A., of Lancaster; Hassler A. A., of Harrisburg; Highspire, and others.

Plans Outlined

DINING ROOM WILL ACCOMMODATE 250 PEOPLE

Series of Cottages Will Give Effect of a Small Town—Apartments for Light House-keeping and Good School Privileges for Orphans.

The committee in charge of the erection of the Masonic home for aged and infirm members, and wives of the fraternity, to be built upon a large tract of land recently purchased for that purpose near Elizabethtown by the Grand Lodge of Pennsylvania, expects to begin the actual work of construction before the close of the summer. The plans are still in the formative state, but the committee has decided in a general way upon an outline to be followed. The home will be erected on the cottage plan; that is, a series of small buildings surrounding a main building. This will give the inmates more privacy, and the effect will be that of a small town rather than one large institution. Every effort will be made to rid the mind of the inmate of the idea that he or she is living on "charity." Each will be as much as possible impressed with the idea of being "at home."

The main building, containing the general dining room and other provisions for the community life of all the residents, will be the social center of the home. The administration will also be located there, with living quarters for the official staff and sleeping quarters for household servants. Unmarried members will be provided with quarters in the cottage dormitories, and married couples in the cottages planned for light housekeeping.

The main building is to contain a library, a lounging room for men, a sitting room for women, a dining room and culinary department. The dining room is to be made large enough to accommodate 250 people. Tables are to seat four and six persons each.

There will be 32 rooms in suites on the upper floor, with bathrooms, toilets, etc., for the official staff, resident physician, trained nurses and others. There are to be 12 other bedrooms, with six baths and committee room. The servants' quarters, to accommodate 80 women and 20 men, will also be located on this floor.

The cottages, of two types, will provide accommodation for 400 persons. The dormitory type will be made to accommodate 130 men and 90 women. The light house-keeping type will provide shelter for 90 couples.

Each resident of the dormitory cottages will have a separate room of 300 square feet, with ample closet space additional. There will be 8 to 12 houses for women and 11 to 16 for men. There will be 45 houses of the light housekeeping type, arranged so as to allow a floor to each couple. Each will have a living room, kitchen, pantry, bed and bathroom, covering a total of 700 square feet.

The hospital will consist of a head house with two ward wings connected by corridors, each wing to have on each story a covered porch for use in winter as a sun parlor. The head house will contain all the adjuncts of a modern, well-ordered hospital. In addition, there will be an insolation house for cases of a contagious nature.

A chapel to seat 500 persons is planned. This building will contain also a large lodge room. The building is to be located near to Elizabethtown and the railroad as may be found convenient for the uses of the home, as it is to be open for worship to all visitors. Modern school-houses will be provided that a common school education equal to that of the public schools may be given the orphans of Masons who become inmates of the home. The school-houses will each provide for the accommodation of about 25 children and the home of a master. The smaller children will reside in these houses, but for the larger children two separate dwellings will be built.

The home will have a fine service plant, consisting of a power plant, laundry, cold storage room, incinerating oven, ventilating and heating systems. There is also to be a hand-somely constructed garage and stable and at the entrance will be a gate-keeper's lodge suitable for the accommodation of a family of six persons. The entire grounds will be enclosed. On the highest point will be situated the water tower, with an adjoining reservoir, having a capacity of 100,000 gallons. The pumping station will be located not far away.

Every effort will be made to increase the already beautiful surroundings, and the landscape decorating will be with a view of developing their natural character. Fountains, gardens, an open-air pavilion,

and numerous paths and roads will add to the beauty of the surroundings.

A Dandelion Story

We have often heard of large dandelion stalks but here's a monster that eclipses them all. Mr. E. F. Baker of this place, drove into a field on the farm of Mr. Hiram Buckwalter, near Millport, on Monday when he noticed several exceptionally large dandelion stalks. They were so enormous in area that he was tempted to measure the largest one he could locate. It measured 35 inches in diameter. He then counted the flowers on this stalk by removing them one at a time and found 90 in full bloom as well as 47 buds, making a total of 137 on one stalk. We doubt whether any one ever heard of such exceptionally large dandelion stalks.

"Boys" Will Forget

A very interesting incident occurred at the Farmers' Creamery the other morning. One of the patrons, as usual, was in line waiting his turn to unload his milk. Finally he was "next" and driving up to the platform was about to hand off the cans when he found that he drove there without a drop of milk on his wagon. The man exclaimed: "Those boys are so forgetful," and immediately went home for the milk. The joke: He has no boys.
