

Important Price Bulletin From the Great Re-Building Sale

July will be a month of stirring bargains in this Re-Building Sale. Even the great value-giving of the past few weeks will be surpassed. Many departments desire to close out small lots of seasonable merchandise. Unusual conditions in the wholesale markets enabled us to effect very fortunate special purchases. These facts combine to make the sale more important than ever. Great price-economies are offered in every department, for the balance of this month.

Our business is being conducted in our commodious back building while the re-building operations are going on. Part of the front building was temporarily left standing, providing direct entrance from West King Street as usual, with room for several departments.

Stocks are more complete than ever; everything is comfortably arranged; shoppers are highly pleased with the convenience of the department locations; the store is cool; everything is inviting and pleasant. Building is going on actively; the steel work is being put into place, as shown in the picture at the left.

Brief price-quotations are given as instances of the great bargains throughout the shop:

Women's Knit Underwear

UNION SUITS

Muslin Curtains, 40c pair; regularly 60c.
Lace Curtains; \$1.19 pair; regularly \$1.50.

Newspaper Rights

There are some men who have peculiar ideas about a newspaper. They regard it not as a business, but as a convenience. If the paper reaches them late or fails to give every item of news, or its conduct toward them is in a manner they do not like they then very properly make a business matter of it, because they bargained for something they are not getting. They make these issues every day in the year except the first day, when the business idea is forgotten, and the only thing uppermost is a plea to get out of paying what they honestly owe the paper.

These same men will meet the newspaper man with a smile, offer him a drink or cigar and then ask him to say in his paper that he is the most enterprising and progressive citizen in the state. That's their idea of business.

Now, the newspaper is a business. It is not a glory making machine. It can no more live on sentiment than its employees. It may surprise you, but typesetters don't work for nothing, and no amount of persuasion will make them do it. It's true you may owe \$1 for a year's back subscription, yet if 3,000 or 4,000 subscribers reason like you—that we collect the news for the fun of it, printers work all night just to print it for you, the paper mill gives us our paper just because it wants to see us do well, the machinery men give us machinery for the same reason—then it becomes a different matter. Instead of \$1 worth of glory it is \$90 cash each week for help and supplies.—News, Montgomery, W. Va.

Pennsylvania Leads

Tobacco growing is each year becoming a more important branch of agriculture in Pennsylvania, according to the statistics of the State Department of Agriculture. A total of twenty-five thousand acres is planted in tobacco this year and the aggregate yield will probably break all records. Thus far the growing of tobacco has been confined to Lancaster, York, Berks, Chester, Bradford and Dauphin counties, but each year sees a wider area covered.

In a good season the tobacco farmers of this county clean up \$3,000, 000 and more, and the York county yield is nearly as large. Experiments with the famous Burley "wrapper" leaf of Kentucky indicate that the returns can be increased by substituting this for the "filler," tobacco that hitherto has been almost exclusively raised by Pennsylvania growers.

The acreage of tobacco in Pennsylvania this year is twice as much as in any other Northern State.

Blood Moves Nine Miles an Hour

The mileage of the blood circulation reveals some astonishing facts. It has been calculated, for instance, that assuming the heart to beat 69 times a minute at ordinary pressure, the blood goes at the rate of 207 yards in a minute, or nine miles an hour, 220 miles a day, and 80,000 miles a year. If a man 84 years old could have one single blood corpuscle floating in his blood all his life, it would have traveled in that time nearly 7,000,000 miles.

Naturally some pin-headed people are badly stuckup.

It is well enough to lay plans for the future, but don't look ahead for trouble.

HAGER & BRO., 25-31 W. King St., LANCASTER, PA.

POPULAR LUMBER FOR SALE IN LOTS TO SUIT THE PURCHASERS.

Undertaking and Embalming

Don't be Misled
Many a life has been cut short by a cough that was not believed to be serious. Many a backache and headache follows a coughing spell. Many a night is passed in restlessness caused by coughing. Many a cough cure that never cures is tried. Do not be misled. If you cough, take the old reliable Kemp's Balsam, the best cough cure. At druggists and dealers 25 cents.

An Old Deed
Leonard Waller, proprietor of Accomac, the popular resort along the Susquehanna opposite Marietta, had the pleasure of seeing the original deed for the property he now owns. The deed is in the possession of Jas. Anderson, of New York city, and it has been in his family for many generations. Written on September 3, 1738, the deed conveys to James Anderson thirty-five acres of land for a sum of about \$50.

The land was purchased from John Thomas and Richard Penn, sons of William Penn. The original property together with the historic stone house thereon erected which is now occupied by the Wallers, is still intact, but Mr. Waller has purchased five acres adjoining the land on the South. The stone house is said to be over 175 years old.

After an absence of thirty years Mr. Anderson came from New York and visited Accomac. Despite his long absence Mr. Waller recognized him at once and they had several pleasant hours together. It was during their conversation that the presence of the deed became known. Not caring to part with the old document Mr. Anderson had a fac-simile made which he presented to Mr. Waller a few days ago.

A Wonderful Discovery for Pimples

It is surprising how quickly and easily pimples and black-heads can be cured with the following prescription, which was made known to the public a short time ago by a celebrated specialist on skin diseases, E. now retired, who used it in a long and successful practice with wonderful results. To use his own words: "There is nothing yet discovered that can compare with it for promptly removing pimples, eczema, black-heads, blotches, red face and noses, and in fact any disease of the skin; it also destroys the germ that causes the disease and makes the cure permanent." Following is the prescription, which can be prepared at any reliable drug store at a small cost. Clearora, one half ounce, E. now one ounce, Alcohol, seven ounces. Mix, shake well and apply to the parts affected night and morning letting it remain on the face for ten or fifteen minutes then it can be wiped off. Do not use any soap, use a little oat meal tied up in a cheese cloth bag.
