Excepting that day the school will occupy the morning hours, leaving the afternoon for recreation and the evenings for illustrated lectures and music. Prof. C. N. The stereopticon views exhibited on the screen will show, by government photographs taken on the spot, how the great Northwest, from the Dakotas to the coast, is being transformed by the new science of irrigation. The pictures will occupy the evening until 9 o'clock, and during the remaining hour before the train leaves for Lebanon, Mrs. Scott, the hostess of the Chautauqua Inn, will tender to the faculty and students an informal reception. The Game on Saturday

Local base ball enthusiasts have witnessed some classy games here this season by teams representing the many towns in this and adjoining counties.

The attraction on Saturday will be the strong P. K. team of Altoona, conceded to be one of the fastest teams in Western Pennsylvania. Altoona is a prominent railroad center and men are employed in the shops and offices controlled by the Pennsylvania Railroad.

The base ball team representing them is composed of the fastest players that are employed in the entire town under the supervision of the railroad company. They have made an enviable record this season, being the first team to defeat the strong Bellefonte Academy aggregation and come here highly recommended as a first class attraction being in the class of teams as Huntingdon, Reedsville, Cresson, Pitcairn, Tyrone and Pittsburg Collegians.

This news should be sufficient to attract a large crowd on Saturday and it is hoped that a large attendance will turn out and root for Mt. Joy.

The visitors are an expensive aggregation to secure and your support is solicited in order to insure at least expenses.

This team was secured so as to give the patrons a chance to see a western team in action and this is the first time such a team has ever been scheduled in Mt. Joy.

The game will be called at 3:30 p. m. and the usual prices of admission will prevail.
