## That Sounds Good

### THE FARMERS' CREAMERY PLANT WILL REMAIN HERE

Over Four Hundred Votes Were Unanimous Last Friday in Retaining the Stock, Good Will and Plant in This Place—Our Farmers Will Continue to Reap Benefit

Much interest was manifested by the farmers of this community in the result of the meeting of the stockholders of the Farmers' Creamery company, of this borough, which was held at their office on Friday afternoon. The meeting was called for the purpose of taking action on a proposition emanating from the Philadelphia milk dealers' association, thru a local agent at Florin, for the purchase of the stock of the creamery company. The acceptance of the proposition involved the closing of the creamery and the shipping of the milk received to Philadelphia. The inducement offered the farmers was a slight advance in the price paid for the milk over that now being paid by the creamery, but the proposition did not appeal to the patrons who were unanimously opposed to the sale. They were naturally, therefore very much interested in the action of the stockholders, and the consummation of the sale would have been very profitable to them personally, but they too, voted unanimously against the sale.

The stock bears 5 per cent. interest, which is guaranteed. The profits, less operating expenses goes to the farmers who furnish the milk. The creamery company operates a number of receiving stations and is one of the most prosperous business operations in this section.

Zeller called the sale.

"I say, old fellow," confided the bachelor to his friend, "I'm going to be married, and for the life of me I don't know what to call my wife's mother. 'Mother-in-law' is too big a mouthful, and 'mother' would be too ridiculous. Tell me, what did you do?"

## AMONG THE POLITICIANS

### Supposition is Things Will Be Real Lively Next June

Present indications point to an old time election in the county next June. It is hard to say just who will succeed Prison Keeper Wenger; there are candidates for County Commissioner that are "too numerous to mention," and in reviewing the situation, one of our exchanges of Saturday contained the following:

"Frank Musser, of Mountville, who was supposed to have inside track for register, must get Christ Garber, of near Mountville, to retire from the fight for sheriff before he may be said to be in a commanding position. Stein, of Ephrata, thinks he has the same promise, while other prospective candidates for sheriff are William Strickler, of Rapho; John Wissler, of Lancaster; Christian Mumma, of Mount Joy, and Aaron Hooper, of New Holland."

As far as county politics is concerned, it is not interesting people as much as local affairs and we understand the "woods is full" of aspirants ready to jump into the fight next June.

### He's Some Gunner

Mr. Eli H. Shreiner, formerly of this place but now living at No. 34 South Water Street, Lancaster, has a record for shooting rabbits who has few equals if any in Lancaster County. From 1856 to 1880 when rabbits were plentiful in Northern Lancaster County, his yearly average was 210. From 1880 to 1900 his yearly average was 150. The last 10 years he averaged only 50, making a total of 54 years hunting and 8540 rabbits killed. The most killed in one day was 29.

### F. & M. Glee Club

Chart opens at Garber's Drug Store at noon on Wednesday, Dec. 7. The proceeds are for the benefit of the Mount Joy High School.

### A Timely Discovery

Yesterday there was another example identically the same as the one thru which the late John C. Groff lost his life only this did not prove disastrous. An electric light wire hung against a guy wire on West Main street opposite Mr. D. H. Engle's store. Both poles were charged but it was given the proper attention before an accident resulted.

### Express Car Schedule Changed

On December 1 a change in the schedule of the express car of the Mount Joy division of the Conestoga Traction Company goes into effect.
