A Bi-Plane Coming Cumbler's Machine Will Land Here Thursday

That Expert Aviator Mr. Tickell Will Light on Hoffman's Field Be- tween 2 and 4 p. m.

The Bulletin's Aviation Event Will be the First Ever Held in This County—The Public Schools and All the Industries Will Close. Watch Our Window For Time of The Arrival Tomorrow.

Everything is in readiness for the big aviation event in Mount Joy tomorrow Thursday afternoon under the auspices of the Bulletin. All we want is a fine day and barring accidents, we will show you a real Glenn Curtis bi-plane descend, stop for at least half an hour, ascend and go on its journey to Harrisburg.

Mr. J. E. Schroll of the Bulletin has made most perfect arrangements throughout the town for the reception of the air-bird and every body is most cordially invited to come out and see a real flying machine. He has succeeded in having every industry in the town close for a short time so as to permit the employees to see the flight. These gentlemen have consented to allow the employees a recess; Mr. J. W. Eshleman of the Grey Iron Casting Company; Mr. T. J. Brown of Geo. Browns' Sons; Mr. William Tyndall, of the Industrial Works; Mr. M. A. Rollman of the New Standard Hardware Works; Prof. F. R. Kraybill of the Mount Joy schools and Mr. H. M. Stauffer of the Rollman Manufacturing Company.

Immediately upon the aviator making his ascent at Rossmere, near Lancaster, this office will display a bulletin in its window and will also notify all the above industries. The big whistle at the cotton mill will then be blown. This will be notification that the bi-plane left Lancaster. It can be expected here in from 16 to 18 minutes.

Through the kindness of Burgess Clayton Hoffman we have secured the spacious grass field, formerly the base ball diamond, just beyond the trolley tracks, south of Mount Joy. The aviator will land somewhere in the field, will alight from his machine and be taken to the Exchange Hotel. During his absence all the spectators can make as close an observation of his bi-plane as they choose. It will not be roped off and people can get as close as they like and may "look but do not touch."

After a stop of at least thirty minutes so that all have an opportunity to thoroughly inspect this wonderful machine, the aviator will take his position, the crowd will be kindly asked to step back a bit and he will continue his journey to Harrisburg.

This will undoubtedly be the rarest treat ever offered the people of this town and many towns a dozen times larger than this can not boast of such an event.

This machine has been tried out at Lancaster for the past week and the New Era of last evening contained the following:

"Two more successful flights were made between five and six o'clock Monday evening in the Curtis bi-plane owned by M. B. Cumbler, of Harrisburg, by his aviator, S. A. Tickell of New York, whose manager is H. S. Bomberger. A large crowd was present. It is the first flight the machine circled from the Grand View Farms a distance of four or five miles at a height of four or five hundred feet above the ground. The second flight covered a distance of nearly ten miles, and included a run to Eden and back. The flights were eminently satisfactory to all concerned, and they feel that the experimental stage for the machine has practically passed. Though another flight, over Lancaster, will take place between five and six o'clock this afternoon, no flight will be made to Harrisburg on Thursday Aviator Tickell will undertake a trip to Lancaster, stopping en route at Glassport, where the first airplane will be shown."

A. F. Under-

able expense in procuring this expert aviator, Mr. Tickell, to give the exhibition here and we hope the people will appreciate our efforts for their presence. At fairs or elsewhere an admission of from 25 to 50 cents is charged to see a machine and then you are not permitted to get very close. Here the very small admission of 10 cents will be charged and you can get as close as you like. Of course if you don't care to pay the admission you can readily see the bi-plane from nearby, but the Bulletin will certainly appreciate everybody's presence.

The aviator Mr. Tickell and the owner of the machine, Mr. Cumbler, were guests of Mr. Schroll last evening when final arrangements were made. The route mapped out will be from Rossmere to Mt. Joy following the P. R. R. tracks on the south. The aviator will be followed by Mr. Cumbler and his machine in the former's large, and speedy King Kar. After leaving Mt. Joy he will stay south of town passing over Mr. Ezra Zercher's farm close to the borough and leaving Florin to the right, going on to Harrisburg.

All those who do not care to be detained at the gates to-morrow can procure tickets at this office any time until noon on the day of the event.

Don't forget that the flight will be made in spite of any rumors to the contrary and any desired information can be obtained by calling at this office.

Dr. Richards Acquitted

Is Not Responsible for Typhoid Epidemic at Florin, Says Alderman Doebler

Several weeks ago Dr. F. L. Richards, one of our local physicians, was arrested, charged by the East Donegal Township Health Officer, in conjunction with the State Board of Health, for failing to report a case of typhoid fever that he had under his care and supervision in the village of Florin several months ago. The Board of Health claimed that had this particular case been reported the typhoid epidemic in that town could have been prevented from spreading.

Quite a Relief.
We had a set of splitting tools on exhibition in our window last week that were carried in parade by the Mount Joy Marching Club during Abe Lincoln's first campaign. They were loaned us thru the courtesy of Mr. Charles H. Zeller, who owns them.

Real Hard Tack.
Mr. John Loraw of this place, who saw service during the Civil War, presented us with two specimens of "Hard Tack," the kind given the soldiers then. They look like cakes one being round and the other square. They are 18 years old and are certainly rare relics.

Store Open Evenings
Mr. L. D. Beneman's department store will be open every evening hereafter, the early closing having terminated.

COLLECTED ALMOST \$1,000

There Will Be a Balance of About \$300 Left Over

The General Committee met in the Council Chamber Monday evening, for the purpose of cleaning up its business of the G. A. R. reunion. There was a good attendance.

The Soliciting Committee reported collections amounting to \$946.99. At this meeting bills to the amount of \$622.62 were paid, and there is still a few to be paid, but it now looks as though there will be a balance of about \$300, which will certainly be pleasant news to our people.

The ladies who so faithfully labored for the benefit of the Grand Army here, turned over to that deserving organization \$108.00 for the replenishment of their treasury. This money was made from the refreshment stands thruout the town and will keep the old soldiers going for a while at least.

With such a neat sum left over, many flags, bunting and other decorative paraphernalia, a motion was made to effect a permanent Citizens' Organization to take care of Memorial Day celebrations and events such as last Thursday. Final action will be taken on this subject at the meeting next Monday evening.

FOR BETTER SERVICE.

September 19, 1911.

To Our Patrons in Mount Joy:

Owing to the fact that our present lines in Mount Joy are not of sufficient size to take care of motor installations, we would ask our friends who contemplate installing motors to bear with us for several months until we can construct new lines.

We have appropriated about \$25,000 for this work, and when completed we will have a distribution system in Mount Joy second to none. We will then be in a position to furnish power to all users at very low rates, guaranteeing satisfaction, but until this work is completed we will not be able to connect any motors on our present lines. We believe only in good service.

Adjutant J. L. Binkley of the Central Pennsylvania G. A. R. Association, had on his records on Thursday the names of at least seventeen posts from Lancaster, Chester, Berks, Lebanon, Dauphin and York counties that were represented at the fifteenth annual reunion. The towns represented and the Posts were as follows: No. 84, Lancaster; No. 405, Lancaster; No. 118, Columbia; No. 228, Marietta; No. 300, Manheim; No. 409, Strasburg; No. 478, Mount Joy; No. 502, Elizabethtown; No. 517, Lititz; No. 54, Coatesville; No. 16, Reading; No. 76, Reading; No. 42, Lebanon; No. 467, Annville; No. 494, Lebanon; No. 58, Harrisburg; No. 37, York.

The parade, of course, was the principal feature of the day from the standpoint of the public, and in anticipation of "it the streets were lined not only with the citizens of the borough, but hundreds of visitors from Lancaster and adjoining counties, making one of the greatest days in the history of the borough. Many yards facing on the principal streets seemed to have been converted into refreshment booths, and prettily decorated tables on the lawns, presented an inviting appearance to the tired and hungry visitor to the town.

Marietta Street, Mount Joy in the estimation of all this was the finest street in town Thursday. Every tree was wrapped with the Stars and Stripes.

The morning session had adjourned at shortly before twelve o'clock, and the Veterans at once repaired to the lunch rooms and hotels, many of which had been heavily stocked for the occasion.
By one o'clock the visiting organizations began to put in their appearance and were immediately given their position in the line of parade. The pageant was the largest that ever passed over the streets of this town, greatly surpassing the big parade here on Columbus Day, some years ago, and in point of variety, as well as general interest, one hard to excel.

Following was the formation of the parade:

Mounted Constabulary.
Chief Marshal.—H. C. Schock
3 Asst. Marshals.—Geo. Cunningham, B. W. Brown, David Wagner.
Bugler.—Arthur P. Schock.

District Commander Patrick appointed the Resolutions Committee as follows: Bentley Hyman, Post 76, Reading; S. J. Wiler, Post 16, Reading; Peter Samuel, Post 42, Lebanon; also the Auditing Committee, as follows: Dr. J. C. Brobst, George W. Rhoads and D. H. Heitshu.
District Commander Patrick, in his address to the veterans, dwelt at some length on the pension legislation before the country. It was his opinion, he said, that a general pension bill will be passed at the next session of Congress. The Commander said he had made a study of the various bills presented to Congress at the last session, such as the McCumber bill, the Sherwood bill, and the Sulloway bill, and he had come to the conclusion that the best and most meritorious bill yet presented was the Sulloway bill. Upon arriving at the age of 62, the veteran is accorded \$15 per month; at sixty-four, \$20; at seventy, \$25; at seventy-five, \$36.

The Sulloway bill, declared Mr. Patrick, had received the endorsement of twenty-seven States, with a population of 60,000, and there fore seemed to be the most popular
