#### A MEAN TRICK

### Jacob Frey's Cattle, near Milton Grove Eat Poison

One of the meanest tricks that could be done on any one happened on the farm of Mr. Jacob Frey, near Milton Grove this week. Some one evidently wanted to "get even" but they adopted a brutal method. Parsley green was scattered in a field, some of which was eaten by Mr. Frey's cattle. Yesterday two fine steers and a valuable cow died and a second is expected to die. The cattle were immediately examined and it was found they had eaten paris green. It is just likely that others of Mr. Frey's fine herd will meet the same fate.

#### Kraybill Case Settled

The case of Anna Kraybill against the Southern Pipe Line Company was amicably adjusted in court this morning before any witnesses were heard but we were unable to learn the consideration up to the time of going to press.

Diphtheria has broken out at Lancaster and Lebanon.

#### A Slight Blaze

On Thursday afternoon there was a rumor about town that the house occupied by Mr. Michael Wagenbach, 2 1/2 miles south of town, owned by Mr. Clinton Eby of this place, was consumed by fire. This was incorrect. Sparks fell to the bottom of a chimney where the wood enclosure ignited, but the flames were extinguished before much damage was done.

#### Look Out Autos

At Landisville a new slate roof is being put on a building and the old slate were thrown on the Lancaster pike which is a bad move on the part of some one as was demonstrated on Monday. Mr. S. H. Miller came along on his motor-cycle and went over the slate, cutting an inner and outer casing to such an extent that it will require new tires.
