Accidents

MRS. CHRISTIAN S. NISSLEY BREAKS AN ARM

Mr. Frank Good's Arm Severely Cut With a Butcher Knife—Mr. Barnhart's Finger Crushed and Amputated—Miss Henry's Finger Also Amputated

There were numerous accidents occurred recently the following of which were brought to our notice:

Miss Esther, a young daughter of Hector Henry, was feeding a clothes wringer, while her sister was turning. The little finger of her right hand was caught and crushed so badly that Dr. W. M. Thome amputated it at the first joint.

Mr. Clarence Barnhart, a young son of Mr. David Barnhart, living on the J. S. Carmany farm in East Donegal, met with an accident while butchering last Friday. Clarence was feeding a sausage grinder, the motive power for which was furnished by a gasoline engine. His left hand was caught in the machine and the middle finger badly crushed, amputation being necessary. Dr. W. M. Thome was his physician.

Broke Her Arm

While returning home from Church last evening Mrs. Christian S. Nissley, met with an accident at her home on Marietta street. As she walked upon the porch she slipped on the step and fell, fracturing both bones of her left arm near the wrist. Dr. W. M. Thome reduced the fractures.

Hand Maimed by Meat Chopper

Amos, the fifteen-year-old son of George Foltz, of East Petersburg, was maimed for life on Wednesday, while helping to butcher, by having his hand caught in a meat chopping machine. Four fingers of the right hand were cut off and the mangled hand was dressed by Dr. William Garrison, of East Petersburg.

Pitchfork in His Hand

Mr. John Swartz, residing with Joseph Hollenbaugh, on a farm near Maytown, is nursing a very sore hand from having run a pitchfork almost through that member, while engaged in throwing hay down from a mow. The wound bled badly, and causes him considerable pain. Dr. G. A. Harter of Maytown, is the attending physician.

Severed an Artery

Mr. Frank Good, butcher for C. N. Mumma, met with a painful accident yesterday at the slaughter house below town. For some reason or other he reached into some straw where a sharp butcher knife had been placed. The blade cut a bad slash in his right arm, severing an artery at the wrist. It required five stitches by Dr. W. M. Thome to close the wound.

Injured by a Horse

Mr. William Sande's son, who lives in the tenant house on the farm tenanted by Mr. S. H. Trescott, in East Donegal, met with a painful accident on Monday. He was walking into the stall where a colt was loose. The animal turned quickly, struck the swinging rail and it was hurled against Mr. Sanderson with great force, striking him across the cheek, severely cutting and bruising his face.

Diphtheria Spreading

Four new cases of diphtheria developed in the family of Mr. Harry Zink, near Strickler's Church in Rapho township, two miles east of here. On Monday their four-year-old daughter was buried and yesterday it was found that four other members of the family have contracted the disease.

They are Mr. and Mrs. Harvey Frank and two sons Roy and Earl. Dr. J. Richards, of this place, is attending physician.

Just where the first case originated seems a mystery and it is quite likely that the authorities will try to locate and abate the cause as early as possible.

Engle Family Reunion

On Saturday over fifty descendants of Ulrich Engle, who came to this country in 1753, met in happy reunion at John L. Book's mansion, near Lancaster. Among those present from this place were: Mrs. J. H. G. and Mr. Owen Brandt and Mrs. F. Bucher and Mrs. J. H. G.

Organization

COUNCILMAN JONAS RISSER PRESENTS HIS RESIGNATION

Mr. Geo. H. Brown Re-elected President—Salaries of Janitor and Pumping Engineer Are Increased—Vacancy in Council was Not Filled for the Present—Other Business

Our Borough Fathers met on Monday evening for organization with Messrs. Geo. H. Brown, Wm. Tyndall, Charles Ricksecker and Ed. Barto present. Also Burgess Hoffman. Mr. Mumma absent. Mr. Tyndall was elected temporary chairman. Following was the result of the final organization.

President—Geo. H. Brown. Clerk—R. Fellenbaum. Supervisor—A. B. Welsh. Water Supt.—Vacant. Pumping Engineer—Geo. W. Shatz. Collector of Water Rents—R. Fellenbaum. Treasurer—Union National Bank. Janitor—John J. Pennell. Solicitor—Held over one month.

The following salaries were then agreed upon for the ensuing year: Pumping Engineer, \$35 per month and house rent, Janitor, \$6 per month. Laborers, 15 cents an hour, Supervisor, 17½ cents an hour, single team and man 25 cents an hour, double team and man 35 cents an hour and double pay for all night and Sunday work. Clerk, \$50 a year. This is an increase of \$5 per month for the pumping engineer as suggested by Councilman Tyndall and \$1 per month increase for Janitor Pennell, as suggested by Friend-ship Fire Company.

It was also agreed that all bills of necessity such as labor, should be paid semi-monthly if approved by the Finance Committee. The same rules were adopted as governed Council last year.

The Committees

President Brown then appointed these committees:

Street—Risser, Mumma and Barto.

Water—Tyndall, Ricksecker and Brown.

Finance—Barto, Tyndall and Risser.

Ordinance—Risser, Brown and Ricksecker.

Property—Mumma, Brown and Ricksecker.

Light—Mumma, Tyndall and Brown.

The minutes of the adjourned meeting were approved. The resignation of Councilman Jonas Risser was then read and upon motion accepted. Mr. Risser gave his reasons for same. No action was taken on the matter and Clerk Fellenbaum was instructed to find out from the Solicitor how said vacancy is filled.

As we have had many inquiries as to how said successor is named we quote from the most recent issue of law governing boroughs. This law is co-roborated by Cushing's Manual and Purden's Digest on Borough Laws.

"The members of town council shall have power to fill any vacancy which may occur therein by death, resignation, removal or otherwise, until the next annual election for members of town council, when such vacancy shall be filled by electing a qualified citizen to supply the same for the balance of the unexpired term."

Mr. Hoffer of the Board of Health, said he had nothing to report except three mild cases of chicken pox. His report as sent to Council is appended.

To the Burgess, President and Members of Borough Council, Gentlemen:

The year 1911 has been an exceptional one in the Borough so far as the vital statistics are concerned. The death rate was the lowest recorded—25; the birth rate the highest—45 with the month of December not yet fully reported.

The general health also, was very gratifying. Apart from a case of small pox and six of typhoid fever, all imported cases, the diseases having been contracted outside of the Borough. There was one case of scarlet fever and a few cases of chicken pox.

The full report of the Board of Health will be made, as usual, at the March meeting of Council.

Respectfully,
JNO. E. HOFFER,
Sec. B. of H.

As there were no bills to be paid Council adjourned.

He Was at Work When the Coupling Broke and He Fell to the Tracks—Death Was Almost Instantaneous—Remains Interred at Bloomsboro, Md.

Our community was shocked when the news of the death of Allen Pennell, oldest son of John J. Pennell, reached here on Sunday. Mr. Pennell has been employed as a fireman on the Philadelphia and Reading Railroad on the Gettysburg branch.

Pennell was standing on the apron between the tank and engine, and when the coupling broke was thrown to the tracks, the tender and one car passing over his leg and body, before the train stopped, as a result of the air hose breaking.
