

I Repair All Kinds

GUNS AND REVOLVERS, LOCKS AND KEYS, SEWING MACHINES, CARPET SWEEPERS, TALKING MACHINES, MUSIC BOXES

If you have anything in the electrical or mechanical line that needs repairing give me a trial. I have a genuine

DIAMOND CARBORUNDUM GRINDING MACHINE

to sharpen all kinds of edge tools such as

KNIVES, SHEARS, DRILLS, HATCHETS, CHISELS, ETC.

This grinder will not heat or burn the edge of tools.

I am the only one in town that keeps a supply of machine screws in stock.

Models made in wood or metal and I will assist inventors to perfect the electrical and mechanical part of their inventions. I have over eight years of practical experience and I solicit your trade.

All kinds of electrical supplies for sale.

Watch my window for my big monthly bargains.

Special For This Month: Regular \$1.50 Battery Ammeter For Testing Dry Cell, Special \$1.00

HARRY PEOPLES

EAST MAIN STREET, MOUNT JOY, PA.

An Ordinance

TO PERMIT THE RAISING OF THE OVERHEAD BRIDGES OF THE HARRISBURG, PORTSMOUTH, MOUNT JOY AND LANCASTER RAILROAD COMPANY ON THE STREETS OF MOUNT JOY BOROUGH

Be It Ordained and Enacted, and it is hereby enacted by the council of Mount Joy Borough, as follows:

Whereas, the present clearances under the hereinafter named overhead bridges of the Harrisburg, Portsmouth, Mount Joy & Lancaster Railroad carrying the respective streets of the Borough of Mount Joy, between the superstructure and the tracks of said railroad, are insufficient to operate said Railroad with entire safety to its employees. Therefore, be it enacted as follows:

Section 1. That the Harrisburg, Portsmouth, Mount Joy & Lancaster Railroad Company be and hereby is given permission to raise its overhead bridges through Mount Joy Borough, as follows: The Jacob street bridge, eight inches; the Barbara street bridge, eight inches; the Market street bridge, ten inches; the Comfort alley bridge, four inches; the New Haven street bridge, ten inches; the Lumber street bridge, twelve inches.

Section 2. Provided that in the raising of said bridges all changes in the water and gas pipe lines made necessary thereby, the repairing of the approaches and the adjacent pavements, and the maintenance of the approaches and any breaks or obstructions of the water pipes caused by their exposure, are to be done at the expense of the said company and under the direction of the Street Committee and Street Commissioner of the Borough, and they are to be left in good condition and no damage is to be occasioned to adjoining property, or, if any damage is done, the said Railroad Company shall pay the same and protect and indemnify the Borough from the same.

Section 3. That the said Railroad Company shall pay the costs of advertising this ordinance.

Ordained and enacted into an ordinance this twenty-sixth day of December, A. D. 1911. George H. Brown, Pres. of Council.

Attest: R. Fellenbaum, Clerk.

Approved this twenty-seventh day of December, A. D. 1911. CLAYTON HOFFMAN, Burgess.

Tobacco

DEALERS ARE BUSY BUYING LAST SEASON'S CROP

In This Immediate Vicinity the Buyers Have Been Real Active Within the Past Week. The Price is From Ten to Eleven Cents for Wrappers

Competent judges estimate that one-third of the tobacco crop has been sold, others are of opinion that half has been contracted for. While it is difficult to estimate closely, the former fraction is probably close to the mark.

In some sections the crop has been pretty closely picked up; in others scarcely a start has been made. Around Goodville, Churchtown and on to Morgantown, more has been bought than in any other part of the county. There, it is reported nearly all has changed hands. Around Landisville it is pretty well picked up, while in this vicinity little has been taken. The Manor crop has been dipped into somewhat, but the bulk of it has not changed hands. Around Gap, at least half has been taken. In other sections buying has been moderately active but there is still plenty to be had.

Prices may be described as a little stronger and in spots have been shoved up from a half to a full cent. Some good sized growings have fetched 11 cents, sales at that price being reported from Penn. Manor, Martic, West Lampeter and other townships. Some buyers have varied things by not going above the 10 cent mark for wrappers and 2 to 3 for fillers. While probably the bulk of it has gone at 10 and 3, quite a good proportion has been above those figures.

Practically all the buyers of the county have been in the field, and this year their name seems to be legion, a number of men gathering up packings who have not been in the business before. George Hoffman, Nolt, Haller, John DeHaven and Brimmer have all been operating in the eastern section and over the county line around Honey Brook. Levy had been buying heavily in Caernarvon, Brecknock and other places. William DeHaven, L. H. Nolt, Amos Hess, Froelich and several others have been doing business in Salisbury and surrounding townships. Taylor and Long have been buying in Penn and C. H. Young and others around Manheim. The Eis enlohns and American Tobacco Company also have been at it and every section of the county has had a full share of buyers, both local and from Lancaster. At one railroad station eight teams, each carrying a buyer, are said to have started to make the rounds on Thursday morning. There are enough buyers on the roads to clean the entire crop in a week's time, were it not for the differences of a cent or more in the views of the buyers and many of the sellers; and both are rather stiff-backed in their views as to price.

Deliveries are becoming quite liberal and will be on the increase from now on. Few extensive growers are anything like near done stripping, but many who are within hauling distance of the warehouses have adopted the method of turning each load into cash as soon as that much has been stripped, which seems to please the packers by keeping their warehouse force at work steadily instead of having it all come in with a rush.

John Gaul of East Donegal township sold 9 acres of tobacco to Clarence Reist, at 10 1-4 and 4. Christian Nissley of Rapho, sold 12 acres to Long and Taylor of Landisville at 10 1-4 and 4 and Charles Greider, sold 10 acres at the same price to the same party. Daniel Porry sold 12 acres and Norman Newcomer 14 acres to Long and Taylor at 11 and 4. Mr. Jacob Young sold his crop at 10 cents.

Your Lungs and Throat. The preparation mentioned by the Rev. Chas. Sager has been for over sixty years of incalculable worth to sufferers from consumption, asthma, bronchitis, catarrh, grippe, coughs, colds and all lung and throat diseases, and is a household remedy in many, many homes to which it has brought health and happiness.

Mr. C. A. ABBOTT, August 21, 1905. 60 Ann St., New York City. Dear Sir: I have known for over 40 years of the effects of Wilson's Remedy (Wilson's Preparation of Hypophosphites and Blood-Tonic) in cases of pulmonary troubles. At this point I will say to you what you have not before known of, that 4 years since, while I was a resident of N. Y. City, I was severely ill with lung trouble. Physicians said I was a consumptive and my family physician told my wife that she thought I could not recover. My attention was directed to the Wilson Remedy, which I used with splendid effect. I have been on my feet and at work ever since my cure. Yours truly, PASTOR M. E. CHURCH, Hunter, (Greene Co.) N. Y.

The above letter shows what a great boon the Wilson Remedy was to Mr. Sager, but it is but one of thousands received testifying to the curative powers of this wonderful remedy. Write at once to Mr. Abbott at the above address and he will furnish you convincing proof of the great worth to humanity of this preparation.

Revival at Reich's The Brethren in Christ commenced a series of revival meetings at Reich's church near Maytown, on Sunday evening, which are in charge of Rev. David Graybill of Kansas, who is a very forcible speaker and his sermons are very attractive as well as instructive. The meetings will continue for several weeks.

Manheim Company Increase Stock The United States Asbestos Company, of Manheim, has filed notice with the State department of an increase of stock to \$1,000,000.

The Week in Grain

Compiled for the Mount Joy Bulletin, at Mount Joy, Pa., by Wm. L. Bear & Co., Pennsylvania Building, Philadelphia, Pa., by D. B. Lehman, Manager, Woodworth Building, Lancaster, Penna.

Phila., Pa., Jan. 9, 1912. The first week of the year finds the grain list at a higher trading level than has prevailed at any previous time since harvest, with tone and sentiment much improved. The large stocks and enormous visible supply created during the summer and autumn months still present a serious obstacle to bullish activity, but the situation otherwise is so pregnant with bullish factors that even the more professional element in the trade is disposed to look beyond immediate requirements. Since the Government announcement of the final yield revealed the smallest crop, in seven years, it has been evident that the accumulation at primary points must have been made at the expense of normal interior reserves, and that the normal movement from now until another harvest must fall strikingly below that of previous years. And while American stocks are uncomfortably large, the same cannot be said of Europe or of the amount on passage to Europe, both of which fall substantially below last year. The early promise of a bumper yield in the Argentine tended to make European buyers wait for that harvest, the small crop in Russia making it necessary in order to avoid taking the higher priced American wheat. Serious crop losses there, have for that reason been quite the most important factor in the present advance, and give to the Argentine yield a prominence it did not usually receive. As late as Friday crop expert show furnishes the trade with an estimate of only 93 million for the amount to be available for export from Argentine, almost 90 million less than his estimate when first reaching South America. This commands the more attention because so conservative an authority as Broomhall has steadily reduced his estimate until it is only 104 million, and it is now quite evident that America's small yield will still be drawn upon to meet European requirements.

Meanwhile the wet crop in the American Northwest and Canada makes it difficult to secure good milling grades, and those varieties are already commanding sharp premiums at Minneapolis. May wheat in that market touched 1.09 on Friday with the best cash wheat at a premium. Stocks show a tendency to reduce, the visible supply declining over a million last week, with the prospects of a greater decrease the present week.

Trading has been upon a large scale with commission house activity upon the increase and individual operations attracting less comment.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

RAILS RURAL CARRIERS Taft Issues Orders Keeping Them Out of Politics

An order issued on Sunday by the president will take rural free delivery carriers out of politics. They cannot be delegates to conventions of political parties. By this executive order the president puts the rural carrier in the same class with the city carrier and under the civil service. All appointments will be made by examinations. This is the beginning of the president's programme to put federal officeholders under the civil service. He will issue an order soon putting the fourth-class postmasters under the civil service. It is estimated that 10,000 men will be affected by the orders of Sunday.

The New Officers At the annual meeting of the Donegal and Conoy Insurance Company held on Thursday morning, the following officers were elected for the ensuing year:

President—Abram Grove. Vice Pres.—J. Frank Johnstn. Secretary—Henry S. Rich. Treasurer—First National Bank.

For Rent From September 15, a large stone mill property recently occupied by the New Standard Hardware Works, three floors and attic, good water power with two turbine wheels, would make a suitable tobacco warehouse, storage house or machine shop. Apply to S. R. Snyder, Mt. Joy, Pa.

THE NEW SPIRAL RADIATOR HAS COME TO STAY BECAUSE IT SPEAKS FOR ITSELF It Draws the Cold Air From the Floor THE RADIATOR illustrated is one that radiates. It has 3000 square inches of radiating surface. It does the work of a double heater. The outside drum, is heated and at the same time takes the cold air from your room, passes it through to the air tubes, heats it and discharges it into the room again. It is a well-known fact, and agreed to by men who know about heating houses, that fully from 50 to 75 per cent. of the heat from the coal burned in your stove passes with the draft and smoke out of the chimney. This heat you should want to save to use in heating your house and reducing your coal bill. The only heat you get from your best stove is the heat that is forced through the casting. The object of this circular is to explain to you how to save heat and money. The RADIATOR is made without any corners inside therefore having no place for soot, etc., to collect. It is as easy to clean as a joint of pipe, and will not injure the draft but regulate it. No waste space. Every One Sold Sells More It Reduces Your Fuel Bill For full particulars, prices, etc., call on or address JONAS SMITH, FLORIN, PENNA.
