The Cold Weather
The coldest weather experienced in these parts for many years was last Friday, Saturday and Sunday. The cold weather man has been very liberal the past ten days, but these three days above mentioned were an exception. At various points thru-out the town the mercury registered from 8 to 12 below zero. At the farm of Milton Miller, north of town, 22 below and at Peter Risser's Mill, 32 below. Sunday morning reports from all these places showed that it was from 2 to 5 degrees colder. At Risser's Mill the thermometer registered 34 below, the coldest we have heard of this far. The weather forecasts predict warmer weather due here about Friday and possibly tomorrow.

Last Night's Musical

The recital more than pleased.

It Certainly Brought Business

Any size shot may be used, and the distance will also be 35 yards. The steer will be contested for in quarters and will be dressed at the hotel. This should make fine sport for all, so don't fail to attend.

A Worthy Undertaking

Realizing the wonderful influence of good pictures upon the minds and ideals of childhood, and the keen enjoyment to be derived from an appreciative knowledge of the same, the Mount Joy Schools have planned an Art Exhibit. Two hundred of the best pictures of ancient and modern masters representing history poetry, nature, religion and all that is enjoyable in life, will be displayed. The pictures are excellent copies of the originals, carbon and platinum prints and some gravures valued at several thousand dollars.

It is the first time such an exhibition has been undertaken here, and is a rare opportunity for hundreds of people to see the best in art for a pittance. No one can afford to miss it.

A small admission fee, 15 cents for adults and 10 cents for children will be charged. Children below the Fifth Grade in the schools, will be admitted free, if accompanied by their parents.
