Before Allowing an Operation

Please Read These Two Letters.

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound.

She was four weeks in the hospital and came home suffering worse than before. Then after all that suffering Lydia E. Pinkham's Vegetable Compound restored her health.

HERE IS HER OWN STATEMENT.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief, and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise every woman who is afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Mich.

"THERE NEVER WAS A WORSE CASE."

Rockport, Ind.—"There never was a worse case of woman's ills than mine, and I cannot begin to tell you what I suffered. For over two years I was not able to do anything. I was in bed for a month and the doctor said nothing but an operation would cure me. My father suggested Lydia E. Pinkham's Vegetable Compound; so to please him I took it, and I improved wonderfully, so I am able to travel, ride horseback, take long rides and never feel any ill effects from it. I can only ask other suffering women to give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation."—Mrs. MARGARET MEREDITH, R. F. D. No. 3, Rockport, Ind.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the original letter from each did not come to us entirely unsolicited.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

We Thank You!

The Bulletin has just closed another successful year in business, and it is fitting that at this time a word of appreciation should be extended to the readers and advertisers who have helped to make its achievements possible, by their substantial support in its efforts to serve the public of Mount Joy and vicinity in all the legitimate functions of a newspaper looking toward sound home and business building.

Advertising

During the year 1911 the Bulletin carried more local, more foreign and more classified advertising than any of its contemporaries, enabling to distance them by a very substantial margin.

Circulation

The circulation is steadily increasing because we give such big value for the money. From eight to fourteen pages of good reading matter is worth several times the subscription price. Our circulation has grown to such an extent that we feel free in saying it surpasses that of any weekly in this county.

During 1912

It shall be the aim of the management to make the Bulletin a still more welcome guest at every fireside in this section, and thus augment its value to the reader as a dependable news medium and to the advertiser as a business builder.
