

Subscription to Trolley Stock

The Cumberland Railway Company

Trolley; Chambersburg, Shippensburg, Newville, Carlisle, Mount Holly Springs

Propose connecting Newville by Shippensburg into Chambersburg, building up the only gap in a system of trolley lines from Harrisburg, Pa. to Frederick, Md.

Financial Statement of The Cumberland Railway Company

Bonds: outstanding.....\$472,000. Authorized.....\$750,000.
 Stock: outstanding.....\$104,000. Authorized.....\$750,000.

Of the Stock outstanding \$64,000, allotted "Bond Purchasers," etc.; and the other \$50,000 paid for in Cash into Treasury of the Company at the rate of \$5,000. Cash for \$10,000 Stock; at this same basis now propose to allot the balance of Stock in Treasury of Company.

Over \$200,000 Stock Subscription, at this same basis, has been assured.

Now only about \$400,000 Stock to allot; so prompt action is necessary to secure any Stock.

(\$6,000 Cash has been paid in the market for one of the outstanding blocks of \$10,000 Stock that cost \$5,000; and portions of another block were sold at \$30 per \$50 Share of Stock.)

The Cumberland Railway Company now operates, mostly on its own private right of way, about 20 miles of well maintained and substantially built railway, even though heavy cuts and fills were necessary, to secure a well graded road-bed that could afford economical operation of fast service.

Beginning at Mount Holly Springs Park, where connection can be made on direct line with Reading Railroad to Gettysburg, Pa., through Mount Holly Springs to County Town of Cumberland county, Carlisle, terminating opposite C. V. R. Co.'s station; from Carlisle through Ellitson, Plainfield, West Hill to Newville, Pa., terminating near C. V. R. Co.'s station.

When extension is completed from Newville by Shippensburg connecting into Chambersburg there would be a system of over 40 miles of railway, thus affording more economical operation attended with correspondingly greater profit, passing through the Cumberland Valley, noted for its vast and diversified natural resources and active towns and would have special advantages of at least two beautiful parks,—"Mount Holly Springs Park," noted for its beautiful mountain scenery and attractions; and "Red Bridge Park" already proven a popular park.

Interurban Trolley Lines are not an experiment but built up the section" served that in time, reflects in earnings for the Company furnishing the service. The earnings for the past year, when property was not fully completed, indicates that the property will become a good earner, continuing to grow surely and steadily, especially when the proposed extension is completed.

The growth in population and wealth in the Cumberland Valley has been well founded, natural and rapid and is certain to continue, and trolley lines operate here under ideal physical conditions that make for economy, efficiency and profit to the investors in the "Stocks" of the "Trolley Companies."

The Chambersburg, Greencastle & Waynesboro Street Railway Company was started in 1904, extended to Chambersburg in 1907; and recently the "Stockholders" refused an overture of "\$7,200 for blocks of Stocks" that cost the holders originally \$3,000; nor would they quote a selling price for the entire Stock of the Company to a party desiring to buy. January 1, 1912, a dividend of 14 per cent. on the original \$3,000 cost of blocks of Stock, was paid the Stockholders.

Officers of The Valley Traction Company (operating Carlisle to Harrisburg) will not quote any price at which their entire Stock can be secured.

Subscribers to this Cumberland Railway Company's Stock will be eligible to Directorship in the Company. At the annual meeting of the Company there was authorized twenty Directors and only seven elected, holding the other places to be filled later by new Stockholders.

S. M. KITZMILLER & BRO.

SHIPPENSBURG, PENNA.

The undersigned hereby subscribes for

.....Shares
 or any less amount you may allot, of the Cumberland Railway Company's Stock (Par Value \$50), as if and when issued, at \$10,000 Cash for \$20,000 Stock or 400 Shares; or \$5,000 Cash for \$10,000 Stock or 200 Shares; or \$2,500 Cash for \$5,000 Stock of 100 Shares; or \$1,000 Cash for \$2,000 Stock or 40 Shares; and agrees to accept the said Shares of Stock or Receipts showing the amount paid upon subscription.

Enclosed herewith is \$....., being the first payment of 25 per cent. of amount subscribed for. The undersigned agrees to pay 25 per cent. March 1, 1912; 25 per cent. May 1, 1912, and the remaining 25 per cent. July 1, 1912.

The payments are made subject to the following conditions:
 If no allotment is made the first payment will be repaid in full, and if only a portion of the amount applied for be allotted, the balance of the first payment will be applied toward amount due.

No interest will be allowed on the payments.
 Failure to pay the balance of the subscription price when due renders the previous payments liable to forfeiture.

Saturday, March 30—At his sale and exchange stables in Mt. Joy, entire livery outfit consisting of horses, wagons, harness, etc., by Ed. Ream. Zeller, auct.

FLOOD DAMAGES FEARED

People Along Lower Susquehanna Apprehensive of Danger When the Break-Up Appears

It is generally conceded now that the condition of the Susquehanna River is similar to that of last year. The river is ice-bound from McCall's Ferry to its source, and the ice ranges in thickness from ten to sixteen inches. Residents of Safe Harbor, Pequea and other points fear a bad freshet and much damage in case of a sudden thaw and break-up of the ice.

On Sunday an ice boat, propelled by a gasoline engine, attracted considerable attention on the river in the vicinity of Columbia. It was constructed by a number of Columbia machinists, employes of the Pennsylvania Railroad roundhouse. The highest speed was about twenty miles an hour, but a greater speed is expected later.
