### We Thank You!

The Bulletin has just closed another successful year in business, and it is fitting that at this time a word of appreciation should be extended to the readers and advertisers who have helped to make its achievements possible, by their substantial support in its efforts to serve the public of Mount Joy and vicinity in all the legitimate functions of a newspaper looking toward sound home and business building.

### Advertising

During the year 1911 the Bulletin carried more local, more foreign and more classified advertising than any of its contemporaries, enabling it to distance them by a very substantial margin.

### Circulation

The circulation is steadily increasing because we give such big value for the money. From eight to fourteen pages of good reading matter is worth several times the subscription price. Our circulation has grown to such an extent that we feel free in saying it surpasses that of any weekly in this county.

### During 1912

It shall be the aim of the management to make the Bulletin a still more welcome guest at every residence in this section, and thus augment its value to the reader as a dependable news medium and to the advertiser as a business builder.
