

HOW CHRONIC COUGHS

Are Being Cured by Vinol... New Haven, Conn.—I was troubled with a most persistent chronic cough for a long time and had tried so many remedies and prescriptions without benefit that I was discouraged. I was persuaded by my friends to try Vinol. After taking the second bottle, my cough left me, and I must say I never felt better in my life I can also recommend Vinol to any one in a run-down condition as the best possible remedy.

It is the combined action of the medicinal elements of the cod's livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

Strawberries Every Month. A strawberry plant, imported from Siberia last spring by Edward Dixon of Forest Grove, Ore., bears fruit every month in the year, the berries being white in color when fully ripe. The berries are not so large as the Oregon berry. The flavor resembles that of a pineapple.

Blossoms and fruit are found on the plant every week in the year; however the best season for bearing is from August 1 until about the end of the year.

The berries hang in clusters on a long, slender stem. Each plant has several stems on which the fruit grow. The stems with leaves bear no fruit.

Instead of propagating new plants from runners, as is the case of native strawberries, in this species the parent plant is broken up, the several fruit-bearing stems are separated and planted individually.—New York World.

Zulia. It is stated that no matter what class of animal is brought to Jerez de la Frontera, Spain, in two generations it acquires remarkable toughness and endurance. This is attributed partly to the climate, but principally to their feeding on a rich, wild clover called "salvia" found only in the province of Cadiz, which people there say is the finest food in the world for horses.

The zulia is very rich in sustenance and grows to three or four feet in height, and with more luxuriance in chalky, clayey soil, such as is found here in the vineyards which produce the famous Jerez wine or sherry. It is never sown or cultivated, as it seems to grow best wild.

Difference of Degree. "What is the difference," asked a dear and trusting sister of Deacon Philander of Oshkosh the other day, "between the probate judge and the district judge?"

"Well," replied old Philander, with one of his rare smiles, "you tell the probate judge you can't live without her and you tell the district judge you can't live with her."—New Orleans Plainway.

M. REED & SON'S Sixth Annual Public Sale of Implements, Wagons, Harness, Hardware

Old Wedgwood. Modern Wedgwood is of greatly inferior quality, and it seems improbable that the success attained by Josiah Wedgwood will ever be reached again. Of all his creations in Jasper his reproduction of the famous Portland, or Barbinel, vase the original of which is in the British museum is the most important. About 1700 Wedgwood at great expense attempted to make fifty replicas of his vase, but it is believed that not more than thirty-five were actually finished. Of these original pieces only about fifteen have been identified.—Argonaut.

EXECUTOR'S NOTICE Estate of Rebecca N. Nissley, late of East Donegal Township, Lancaster County, Pa., deceased. 100 Beautiful Presents FREE to the first 100 ladies entering Engle's Closing Out Sale Thursday morning at 9 a. m.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his office of FREE consultation by letter. 25¢ correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition.
