Inspecting Schools
County Superintendent Daniel Fleischer, accompanied by Prof. C. W. Stine, superintendent of the York county schools, and Joseph H. Naylor, a director of Dover township, completed a three day tour of visiting the schools of the township. After the inspection the visitors were royally entertained. There are 21 teachers in the district and they found the schools to be in first class condition. The directors of the East Donegal board, who accompanied the county officials were M. R. Hoffman, president; Amos F. Eby, secretary; George Enslow, treasurer; Abram Grove and George F. Stibgen.

Look Out for These
A number of \$5 bills have out in an appearance that are counterfeit. Many have turned up in Lancaster, and a few have been exchanged in this place. A number of our local business places have been notified to be on the lookout for them. They are numbered 96,959,121. Here's where the editor smiles as he so very seldom sees a fiver, and not being acquainted with them, some fellow is liable to slip one our way. We doubt whether we would look at the number.

Shot His Dog
Mr. C. S. Longenecker shot his valuable shepherd dog last Wednesday night. The dog did not show his usual pleasant disposition and presuming that he might have been going mad, Mr. Longenecker administered two doses from his revolver.

RAID ON TRAMP'S ROOST

Three Men and a Woman Caught Near East Petersburg

Constables Lollar and Steigerwalt Thursday morning made a raid on a tramp's roost near East Petersburg and took into custody three men and a woman, two of the men not being caught however, until they had been chased as far as Salunga by Constable Steigerwalt. Word was received Wednesday that a gang of tramps were roosting in the abandoned lead mill, between East Petersburg and Landisville. As many as fifteen tramps would congregate in the mill and build fires to keep themselves warm. With the mill as a headquarters they would make excursions into the surrounding country and annoy the residents by begging. When this became unbearable, the tramps getting more bold, the officers were invited to make a raid on the mill.

They went this morning, but there were only four persons there at the time. Two of these managed to make their escape, but the other two, a man and a woman, were caught. Leaving these in the possession of Constable Lollar, chase was given to the fleeing men by Constable Steigerwalt. Near Salunga he caught them.

The four were taken before Alderman Doebler and gave their names as Joseph Morgan, Jennie Morgan, Henry Gaughan and John Allen. Each was committed to jail for ten days on a charge of vagrancy.

Are You Represented

Mr. Business Man, do you have all the trade you want or could you do more with the same help? Your answer will be: I want more business. Then follow the footsteps of other successful business men or take our advice. Advertise. But don't spend your money in a way that you get no returns. Try newspaper advertising. Put your ad in the Bulletin. We'll set it in an artistic manner, and you know several thousand people will read it weekly. A trial will convince you.

Your Chance to Buy

On Saturday, March 30, Mr. Ed. Ream of this place, will sell a lot of extra good horses and mules at public sale at his sale and exchange stables in this place. The lot consists of drivers, workers, extra leaders and a few with speed. The horses are all acclimated and persons in need should not miss this opportunity.

Viewed the Situation

Last evening the Street Committee and Mr. Roy Nissley, one of East Donegal's supervisors, met at the "pond" in the west end and discussed the matter pro and con. After a caucus with the other supervisors, Mr. Nissley will report to the local authorities and there will be an effort made to abate the nuisance.

Sale at Ironville

On Saturday, March 28, Mr. S. P. G. Bard will have a big sale at his residence, 1/2 mile from Ironville. He will sell 250 cords of cherry and locust wood, 1,500 locust posts, round and others ready for mortising and 50 head of hogs weighing from 30 to 100 pounds. John Wasser will call the sale.

Studying for the Ministry

Mr. Lloyd Martin, who is very well known here, having formerly resided along the pike, between here and Florin, occupied the pulpit in the Church of God on Sunday morning and preached a good sermon. The young man is now a student at Nyack Institute.

H. H. Bear's Sale

On Monday, March 18, Mr. H. H. Bear, a short distance west of town, will sell horses, cows, chickens and also two extra fine heifers, as well as a large lot of household goods at public sale. Charles H. Zeller will call the sale.

Execution Issued

W. U. Hensel, attorney for Mary Kalbach, has issued an execution for \$337.50 against Joseph K. Landis of Elizabethtown.

Marriage Licenses

Noah W. Gible of Mount Joy township and Mabel W. Heagy of Elizabethtown.

Boro Council

INSPECTOR RECOMMENDS NEW BOILER AT PUMPING STATION A YEAR HENCE

Want Bids on Stone—Crossings Ordered Relaid and Widened—W. U. Hensel Re-elected Solicitor—Apple Tree Alley to Have a Sewer—East Donegal Street Ordered Macadamized—Other Business

Mount Joy Borough Council met in special session Monday evening for the transaction of routine business of the March meeting. Burgess Hoffman, Clerk Feltenbaum present and every councilmanic chair was occupied.

A communication was read from Mr. G. F. Connor, who inspected the boiler at the pumping station on Feb. 28. In substance he said: "Inside of boiler is in fair condition but is showing deterioration on account of long usage. Will safely carry 85 lbs. pressure but suggests it be replaced by a new one within a year." Action on the recommendation was deferred.

Mr. Tyndall reported on repairing the plungers to the large pumps. There are several ways whereby they could be repaired and the matter was left in the hands of the Water Committee to set prices on same and report.

The report of Burgess Hoffman showed collections during the month of February to the amount of \$1,458.65. This is one of the biggest months the burgess has ever had. Mr. Hoffman also reported that the insurance on the council chamber expires March 24 and he was instructed to renew same for three more years.

The stone contract expires May 1 and the Street Committee was ordered to get bids on No. 1, 2, 3 and 4 stone. The Property Committee was instructed to have the electric wiring in the Council Chamber made to conform with the requirements of the Underwriter's Association.

Mr. Dillinger recommended laying 408 feet of sewer pipe on Apple Tree Alley from High to Jacob street. The motion carried by a vote of 4 to 2. Messrs. C. N. Mumma and Charles Ricksacker opposing it.

The Street Committee was instructed to meet Mr. Reist of the Pike Company, and arrange to have Main street repaired.

East Donegal street from Barbara east was ordered repaired as follows: First a coat of ashes or cinder, then No. 1 and 2 stone. High street from Main to Mount Joy, and also South High street were ordered repaired.

The pavements of the Pennsylvania Railroad Company, Mr. John Miller and the Conestoga Traction Company on West Donegal street, were condemned and the clerk was ordered to notify these parties to relay same.

The crossing at Brady alley, north side of West Donegal, was ordered relaid with Boien block and widened.

Mr. Dillinger recommended the election of a solicitor and Hon. W. U. Hensel was re-elected for a three year term.

The Trolley Company asked to change the curve in its tracks on South Barbara street and presented a blue print of its plan. The change, as asked for, was objected to by every member of Council.

Mr. Tyndall of the Water Committee, reported a new tap placed at the residence of Mr. John Rahm, crossing at Post Office on Main street, needs repairs and is too narrow and need a load of coal water works. The committee was ordered to buy the coal.

Mr. Barto of the Finance Committee, reported the approval of a few bills.

Mr. Dillinger recommended that the Property Committee top and trim all the trees in the Park. So ordered.

Pumping Engineer George W. Shatz reported the worst water at the pumping station this spring that he has had since he has served in that capacity.

Mr. Hoffer of the Board of Health, reported no sickness, some chicken pox, and the general sanitary condition of the borough just what can be expected at this time of the year.

Also presented a communication from Dr. Samuel G. Dixon, relative to the stagnant water just outside the borough in the west end. The Street Committee will meet the township supervisor on the scene and make an effort to abate the nuisance.

The annual report of the Board of Health is appended.

To the Burgess and Members of Borough Council, Gentlemen:—The following is the report of the local Board of Health for the year 1912:

During 1911 there were seven cases of typhoid fever brought into the borough from Florin, where an epidemic of the disease existed, none of which proved fatal.

There was also, one case of small

pox, contracted at Albany, Georgia, which developed here. The patient recovered, and there was no further spread of the disease.

Two deaths resulted from tuberculosis. There were no other serious diseases, and the general health and sanitation were good. The death rate was the lowest and the number of births the highest since a record is being kept.

There were a number of complaints of nuisances, all of which were promptly abated, except that of the Penna. R. R. Co. delivering city manure on its sidings in the borough. Heretofore the local board had been able to prevent this, but last winter the State Department of Health gave the railroad company authority to bring the manure here and a number of cars were unloaded at the west end of the borough, to the great discomfort of the residents of that section.

There were 21 deaths and 2 still births. Excepting two deaths from tuberculosis, none other were due to contagious diseases.

The number of births was 52, being more than double that of the deaths.

The expenditures for the year were on account of small pox case \$162.79. This includes Dr. Richards' bill of \$12.25 for services and of Mrs. Ira Metzger's \$6.25 for goods destroyed, not included in previous report.

For Disinfectants..... \$13.52
Other Expenses..... 1.45
177.77

Leaving a balance on hand, \$22.51 Respectfully submitted,
Jno. E. Hoffer,
Sec. B. of H.

The report of the Union National Bank, treasurer, showed a balance of \$354.97 in the Borough account and \$3,813.89 on the same side of the ledger in the water account.

The Street Committee was ordered to repair all the crossings in town that require attention. A new crossing was ordered laid on High street, south side of East Donegal. Also repair cave-in on old Market street, near the Farmers' Inn.

The Auditors' report of the Water account was presented, read, accepted and ordered advertised and printed in poster form. The complete report may be found in our advertising columns.

A few bills were paid and Council adjourned.

REPORTED FAVORABLY

We May Get Carrier Service in Mt. Joy Ere Long

Authority for the establishment of free delivery mail carrier service in towns and villages having second and third class post offices, as advocated by Congressman W. W. Grist of Pennsylvania, is an important feature of the post office appropriation bill favorably reported to the House today. There are now 6400 residential post offices without such mail delivery facilities, and the new system will benefit fully ten millions of people.

The decisive action of the committee in recommending this legislation, as urged by Postmaster General Hitchcock and Congressman Grist, insures large support for it when the bill comes up in the House. As not more than \$1800 a year is to be expended for carrier service at any one post office, postal experts estimate that an appropriation of one hundred thousand dollars, which the bill carries, will permit the establishment of the new service at two or three hundred offices in the first year.

When the rural delivery service was authorized in 1887 the experimental appropriation was \$40,000, and 82 routes were established in the first year. There are now about 42,000 rural routes, and City Delivery service has been established in 1541 cities.

The new system of mail delivery will benefit fully thirty thousand citizens of Lancaster county. The towns which will eventually be provided with carriers are Christiansburg, Denver, Elizabethtown, Ephrata, Lititz, Manheim, Marietta, Millersville, Mount Joy, New Holland, Strasburg, Gap and Quarryville.

A Long Lived Family
Abram Gramm, residing at Lancaster, is seriously ill with rheumatism; John Gramm of Marietta, is suffering from infirmities of age and Joseph Gramm of Salunga, is dangerously ill. The trio are brothers. Abram is 77 years old; John is 86; and Joseph is 71. They are sons of the late John and Barbara Gramm of Ironville. Ten children were born to this union, and four survive, the three sons named, and Mrs. Christian Bucher of Kinderhook, the latter enjoying excellent health. The parents reached the age of seventy before they died, and the six deceased children were over the age of seventy when they passed away. The four survivors have also reached and passed the age of seventy years. This is a remarkable family for longevity, and it is a record seldom equalled.
