## The Week in Grain

Compiled for the Mount Joy Bulletin at Mount Joy, Pa., by Wm. L. Bear & Co., Pennsylvania Building, Philadelphia, Pa., by D. B. Lehman, Manager, Woolworth Building, Lancaster, Penna.

Since the first of the week, when grain of all classes advanced to the highest level of the movement, the predominant feature has been liquidation to secure profits. The knowledge that the Department of Agriculture would, late Friday afternoon, issue an estimate of the amount of grain still in farmer's hands, was largely instrumental. The price change has been remarkably small, especially as compared with the striking advances of the week before, losses in the most active months not exceeding 1c per bushel. The advance was extensive, and that such a volume of offerings could be absorbed with so little recession, suggests an underlying basis of great strength.

The report as issued adds little to the trade knowledge, aside from giving more authority to the private estimates that have gone before, as compared with a year ago, the amounts are in million bushels. Wheat, 122 vs. 179 (less census correction reducing 16 million) Corn, 230 vs. 447. These amounts are well in line with trade expectations, showing rather more bullish in wheat than coarse grains at going levels. In line with the lowest farm reserves 1905, and the outlook for both milling and export demand in excess of normal, it will not be surprising if substantial advances follow, even with the large visible supply.

## THURSDAY'S BOXING

### A Great Show With Local Boys The Big Feature

There is no discount on the boxing show of next Thursday night at Lancaster when Mr. Hensel will put on the best bill of the season which includes these boys: Young Laube, of the Cardinal A. C., vs. Young Ochs, of the "Hill," Young Russell vs. Danny Ferguson, of Manayunk; Frankie Honck, vs. Tim Droney, who are not satisfied over the last meeting; Young Morris, of Columbia, his first appearance for some months; vs. Leo Marten, of Philadelphia; Johnny Greiner, the popular Lancaster lad, vs. Bobby Hayes, one good Philadelphia kid, Charles Collins of Columbia, the lad who has shown great improvement and has fought some good men lately, vs. Henry Hanber, a Philadelphia welterweight of great prominence, who has met all the best Philadelphia lads. Here are matches with four local boys matched against strangers and two have to meet each other. For the first time the kidney punch will be barred.

## CONEWAGO VALLEY

Auctioneer F. B. Aldinger called a sale at Lancaster on Monday. Harvey Espenshade of London-derry township was in this vicinity trying to sell cattle. Miss Bessie Beck is spending several weeks at Falmouth visiting acquaintances.

Roadmaster Garman has teams hauling crushed stone on the Aberdeen road which makes a big improvement.

Clayton Longenecker will be the new teamster at the Aberdeen mill. Mr. Heisey can congratulate himself on being so fortunate as to get such an efficient man.

John Gephart of Aberdeen celebrated his 70 birthday on Saturday. His children and quite a number of his grandchildren called on him wishing him many returns of the day.

## 34—Watt & Shand—34

The thirty-fourth anniversary of the Lancaster store of Watt & Shand was celebrated with a special sale. The sale is unique as the prices are all 34—34 cents, \$1.34; \$2.34 etc.

## THE ESSAY CONTEST

Second Annual Event by the Lancaster Automobile Club

To each high school principal in Lancaster County has been sent the following letter explaining the good roads essay contest of the Lancaster Automobile Club:

"The Lancaster Automobile Club desires to announce its second annual essay contest for members of this year's graduating classes in the high schools of Lancaster county. Prizes of \$15, \$10 and \$5 in cash are offered for the three best essays on any good roads subject. Principals are asked to call the attention of their senior classes to this contest, and where the principal assigns the subject for the commencement essay, to give to one of the pupils a good roads subject, thus making that pupil eligible to enter the contest, the prizes for which are well worth striving for.

"In the contest of last year a young lady entrant captured first prize. Her essay was published throughout the country after the re-sult of the contest was known thus bringing honor to her and to her school. In addition several magazines of wide circulation gave space to the winning essay in its novel contest. Like last year an able and impartial committee of prominent residents of the county will judge the contest. The judges last year were State Railway Commissioner M. J. Brecht, Dr. A. E. Leaman, president of the Lancaster county Supervisor's Association, and Hon. Chester W. Cummings, Street Commissioner of Lancaster.

"The length of the essays shall be that required of the contestant's classmates in writing their essays. The subject has an educational value and is one upon which much is being written today as it is one of the leading present day topics and pupils should have no difficulty in composing their essays for the contest. It is hoped the prizes offered will inspire a lively contest between the high schools of the county in a cause that will be productive of an improvement in rural conditions."

The letter concludes with a request to make known the contest to the members of their graduating classes, urging at least one to participate, and that any additional information on the contest can be obtained from Walter R. Markley, Lancaster, who has charge of the contest for the Club.

## ELIZABETHTOWN

The Progressive Literary society will hold a meeting in the Fire Company's building on Thursday, March 14. A very interesting program is being arranged. The debate will be a good one, viz: Resolved, That the President of the United States should be elected by popular vote, and that his term shall be three years. Since the recent fire at the school building very commodious rooms were engaged. Ed. Rutt and son Glenn, of this place, were visiting at Harrisburg. Mrs. D. G. Kreider has returned from a visit to Annapolis. George Landvater was visiting at Philadelphia for several days. H. H. Good is erecting a new large slaughter house and will also build a residence on Poplar street.

Prof. E. D. Wolf will entertain at the college an evening during the latter part of this month.

The smoker held by the Ancient Order Knights of the Mystic Chain was a grand success and many were present from surrounding councils. Speeches were made by Sir Knights F. H. Keller, William Morning, A. B. Ream, D. C. Coble and Solomon Becker. The castle will be a quarter of a century old next September and a big time is in view.

The Brethren in Christ of this district will hold their spring love feast in the church here on Wednesday and Thursday, May 1 and 2. A number of ministers from abroad will be present.

Miss Mary Hertzler has returned to Harrisburg to resume her studies at school, after being ill a week.

## Changing the Presidential Term

Suggestions are also afloat to the effect that both of the great political parties are seriously considering the advisability of inserting a plank in their platforms, for changing the length of the Presidential terms from four to six years. The business men of the country are clamoring for such a change, as they say that there is no use in plunging the country into uncertainty and unrest of a presidential campaign every four years, which greatly depresses business for that year and discourages new enterprises.

Either party would be apt to win the hearty support of the large and small business men of the country in making such a move.

## For Rent

From September 15, a large stone mill property recently occupied by the New Standard Hardware Works three floors and attic good water power with two turbine wheels would make a suitable tobacco warehouse, storage house or machine shop. Apply to S. R. Snyder, Mt.

Politicians may say this or that is the issue, but the advance of 25 per cent in retail food prices during the past twelve months is going to determine more votes than the new Nationalism.

# ROYAL Baking Powder

## Drank Overdose of Laudanum

On Tuesday evening Elizabeth Forno, aged two years, daughter of Mr. and Mrs. George Forno, of Ironville, drank laudanum which she found in a cupboard. Dr. S. B. Kosser, of Mountville, was sent for and when he arrived the child was very sick. He worked with her for two hours, before she was relieved of her suffering. That the dose did not prove fatal is probably due to the large quantity she swallowed, and the prompt response of the physician.

## Four Score Years

Bishop S. R. Zug, who has the unique distinction of only one birthday anniversary in every four years, on Thursday of last week attained the ripe old age of 80 years.

Rev. Zug is a well preserved man, and is a walking encyclopedia on the early history of the church he so faithfully served for nearly half a century.

One surprising thing about the Colonel's announcement is that "Fire Alarm Joe" Foraker hasn't gone off yet.
