

ROOSEVELT

FOR

PRESIDENT

THE ROOSEVELT PLATFORM was built by Lincoln, when he said "a government of the people, for the people and by the people." Roosevelt Progressive Republicanism is a return to the people of the rights of Government stolen from them by the Trusts and Special Interests for the enrichment of Wall Street, which is the principal cause of the high cost of living.

TO THE REPUBLICAN VOTERS OF LANCASTER COUNTY:

Theodore Roosevelt is a candidate for the Republican nomination for President, and his friends and supporters in Lancaster County are requested to vote for the candidates for delegates to the National and State Convention named below, who are pledged to vote for Roosevelt and who have been endorsed by the Roosevelt National and State Committees. A vote for any other candidate for delegate except those here given
