AT BUCHANAN & YOUNG'S Big Department House in Splendid Spring Attire, With Immense Stocks of New Goods

The extensive alterations inaugurated several months ago at the big department store of Buchanan & Young have at last been completed, and the establishment to-day is one of the handsomest of its kind to be found anywhere, no matter how large the city. As previously noted, a number of the departments have been changed in location, and every move has been made with the convenience of the shoppers in mind. Interior decorating has been done with a lavish hand, and the store itself makes a truly handsome picture.

In the front of the store, first floor, the departments for the sale of women's dress accessories of the smaller sorts remain unchanged. Towards the rear are the dress goods, silks and linens, and these departments are keeping the reputations they established years ago. In the extreme rear is the big department devoted to cloaks, suits, separate skirts, waists, dresses, evening gowns, raincoats, etc. This department now carries thousands of patterns from which to select, and is several times its size of past years. The force of salespeople has been increased, and no delays are made in effecting purchases, which is quite an item with the average woman, no matter how much delight she may take in "shopping."

CHOKED BIG DOG TO DEATH

New York Truck Driver Fought Vicious Newfoundland and Saved Several School Children.

With his bare hands, Harry Edise, 17 years old, fought and choked to death a Newfoundland dog, which had attacked several school children. Only the heroic work of Edise saved the children from being mangled by the savage animal, but he himself was badly bitten. Edise is a truck driver. He was driving in Hindsdale street when he saw a group of children on their way from school at the noon hour, running and screaming. Following them was a great black dog, snapping at the little ones, but fortunately failing to fasten his teeth in any of them.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will simply destroy the sense of smell and completely derange the whole system which depends on it through the mucous surfaces, such articles should never be used except on prescriptions from reliable physicians. It is safer to use Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio.

Almost A Miracle

Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results. It's quick, safe, reliable and guaranteed.
