MISSOURI'S CHAMPION SPELLER

A Fourteen Year Old Boy Won First Prize in State Contest

Hugh Sappington, fourteen year old eighth grade pupil of Clarksburg, has won the first prize of \$100 in the State spelling contest. He misspelled fourteen words. Seventy-seven pupils of rural schools attempted to spell 290 words for three cash prizes.

The Sappington lad misspelled abacus, ukase, jardiniere, apenceance, araneous, deliaesence, defecate, synovial, apostolicty and dalliance in the oral test, and in the written contest misspelled knout, roungins, capital city and characteristias.

WONDERFUL SALE OF "APT'S" \$13,000 MILLINERY STOCK

Started With a Rousing Send Off

The most extraordinary Millinery Sale ever inaugurated in the city of Lancaster. Crowds and crowds of the most delighted shoppers are carrying away the great "Apt & Co." stock, and no wonder—any one person in the great throng will say—this sale offers the most wonderful values they've ever had opportunity to buy. Even though the saving advantages are so very remarkable, the great response was far beyond our expectation, and great lots are melting away like so much snow in May. Counters were piled high at the time of the Opening of the sale and it kept quite a force of stock keepers to replace lots as they were sold. The stock is so enormous that our selling space is not sufficient to display everything and each day will find an almost entire change of sale items.

Odd lots and small lots will change prices quickly, and the new prices will be so small that they'll "go" on very short notice; these lots will cause some lively picking as they'll be some of the most sensational bargains during the sale. Come every day—if what you want isn't on sale today perhaps it will be tomorrow.

Just a Word About This \$13,000 "Apt & Co." Stock

"Apt & Co." are, with but one exception, the leading Millinery manufacturers this side of the ocean. This name is a guarantee of quality and style; therefore, our patrons can choose from this stock with utmost confidence. The unfavorable weather this season naturally was a detriment to the Millinery business, and orders did not come in so rapidly to Apt & Co. as former seasons; so instead of unpacking this great stock of Untrimmed Hats, Flowers, Plumes and other trimmings that they had received for filling reorders, they agreed to leave us have the entire stock at a fraction less than 50c on the dollar.

We Are Now Disposing of The Great "Apt & Co." \$13,000 Millinery Stock Savings Averaging a Full Half

Continuation of the Manufacturer's Sale of Women's and Misses' Sample Suits

An occasion such as this only comes to the wide-awake store; the store that is ever watchful, on the alert and knows how to serve its patrons as they have a right to be served—that's why we were successful in obtaining this great sample line of Women's Suits. We make it a point to gather in every line of merchandise that we consider good, if the price is such that will save money for our patrons and help us to retain our reputation for "The Store of Good Values" in Lancaster. See these suits, that's all that is necessary—your decision will be quick and wise—for such rare values come so seldom that it's profitable to buy while you have the opportunity. Samples that they are, you can expect them to be much finer in finish and in every respect, than the regular stock usually is, as thousands of suits have been sold to the foremost stores in the country—from these very samples.

EXECUTION OF ROMEOZZO

Sheriff Eby Informs Italian That He Must Die and is Preparing for Hanging

Antonio RomeoZZo was informed in his cell in the county prison by Sheriff Eby that the Board of Pardons had refused to interfere in the death sentence and that he must hang. RomeoZZo's reply was in line with his recent actions. He refused to believe the sheriff and declared that he would not die, a statement he had often repeated. Asked whether he wanted a spiritual adviser, he replied with an oath that he did not. Although he has been a model prisoner, his disposition appears to be growing more sullen and he may attempt to resort to violence at the time of the execution.

Sheriff Eby has made arrangements for the execution, which will be conducted in privacy and in strict accordance with the law. The Berks county scaffold, on which all the Lancaster murderers have been executed, will be employed. It reached here recently from Franklin county, and it will be erected in the local jail yard on Monday. The straps used for confining the limbs of the Austons on the gallows were gotten in readiness and will be used on RomeoZZo.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 16 drops to a teaspoonful. It acts directly on the blood and cures catarrh of the system. They sell in all drug stores for any case it fails to cure. Send for circulars and testimonials.

HIGHEST SINCE CIVIL WAR

Livestock of Other Kinds has Increased Proportionately in Price

Notwithstanding the growing popularity of horseless vehicles, both for pleasure and business uses, the market price of horses in this vicinity is higher now than it has been at any time since the close of the Civil War. The best draft horses are bringing \$250 each and drivers about the same. Horses have been in great demand for two years past, at steadily increasing prices. Twenty years ago it took a number one horse to sell for \$150.

Live stock of other kinds has increased proportionately in price. Beef cattle or feeders have brought this year the best figures within the recollection of the oldest farmers, selling as high as \$9.80 per hundred pounds. In 1881 beef cattle sold for from \$7 to \$7.37 per hundred pounds. The best Jersey, Guernsey or Holstein dairy cows now bring, when fresh, from \$60 to \$70. Common stock cows are worth from \$35 to \$50. Beef cattle were last year quoted at \$5.50 per hundred pounds. The lowest price was reached in 1910, when it dropped to \$4.25.

More cows are being raised by the farmers in this part of the State now than ever before, especially well bred stock. The farmers also are finding that the better grades of horses are the more profitable to raise.

Sheep this year are away down. Good ones can be bought for \$3.50 and \$4, and lambs for 40 cents. A year or two ago a ewe with lamb sold for \$10 to \$12.
