HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of mervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regu-lating and correcting the local disorders which are generally responsible for the above distressing symptome. above distressing sympton

ptoms. "I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes MRs. E. F. DICK-overs, of Utica, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, teiling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Preserption' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed,' and have never suffered much since. I wish I could tell every suffering woman the worki over what a boon pr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any one else."

THE BULLETIN, MOUNT JOY, PA.

The B. T. Babbitt Store It has been said that B. T. Babbitt was the man who made cleanliness popular.

While, of course, the American nation has always been known as a race that since its first generation has placed Cleanliness next to Godliness yet it is true that too much credit cannot be given to the man who invented a satisfactory laundry soap under the name of Babbitt's Best Soap, and then a handy, con-

venient soap powder the first of its kind known as Babbitt's 1776 Soap Powder, and then countless other household aids, such as a floating soap that was sweet, pure and smooth, an effective Borax Soap, a Naptha Soap that could be used in either hot or cold water, and than a Cleanser that was fine in texture and that greatly reduced the cost of the gun. A stream of the sparkling cleaning.

At all times the Babbitt aim and endeaver has been to offer soaps, soap powders, cleansers at popular prices and by buying the raw materials in immense quantities and their ownership, and this was conusing every known scientific means, tinued for more than half an hour as produce a product that would never fail to satisfy.
