LEBANON VALLEY FARMS FOR SALE & EXCHANGE

Any Size, Location or Description

Lancaster County people who bought farms through me last Fall were offered profits of \$1,000 to \$1,500 before they had their deeds.

The easiest sales are made to the best judges of land, and those who have a good general knowledge of values.

One of my recent sales was a 140-acre farm at a price of \$9000 to a Chicago man, a graduate of an Illinois Agricultural School, who has traveled extensively all over the world.

If you want to buy a farm for farming, speculation, or investment, write to me.

I can give you the best references both in Lebanon and Lancaster counties and can easily show you that you can deal safely and profitably.

Many of the farms will increase 50 per cent. in the next few years. The best bargains will go to early buyers.

Write at once for list and make an appointment to see the farms while the crops are growing.
