Suit Sale No clothing event in years hascreated such wide spread interest as this sale of Men's Summer Suits at \$7.50. The fact that every garment is a regular \$15.00 to \$20.00 value gave this event a tremendous impetus on the first day; now, with an addition of 150 brand new models, it is steadily eclipsing all previous records in suit selling. Every Suit is in the season's newest style. All sizes are here, and once more let us add, for the benefit of the doubting Thomas: We guarantee every garment
