Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimetre of blood.

A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anaemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherrybark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood

lating the food eaten the system is nourished and the block takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood the person looses those irritable feelings, sleeps well at night and is refreshed in the morning.

ings, steeps well at night and is retreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. Jas. D. LIVELY, of Washburn, Tenn., Route 2, Box 33. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much bonefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine had done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advise alling people to take Dr. Pierce's medicines before their diseases have run so long that there is no chance to be cured.

DR. KLINE ARRESTED

Miss Eva Ibaugh, Formerly of Florin, in a Dying Condition

Miss M. Eva Ibaugh, 21 years, daughter of Spencer Ibaugh, Downingtown, is in the Coatesville Hospital in a dying condition as a result of an operation performed. It is alleged, by a Lancaster physician. An antimortem statement given to the distrct attorney, Harris L. Sproat, and several physicians, revealed the name of a doctor, who, the young woman declared, per-

formed the illegal operation. A telephone message was sent to Lancaster, and Dr. Frank Kline was breeding. Another year I let my turtaken into custody and brought to keys wander at their own will and Coatesville. Doctor Kline admitted roost where they pleased. Again I that the girl had visited his office allowed some to go up in the treesrecently. Miss Ibaugh identified drowned 24 beauties. Since these lessence she had taken treatment. she had taken treatment. Lancaster in custody.

In her antimortem statement Miss Ibaugh affirmed that she had healthy. One early turkey is more gone to Lancaster with a letter of profitable than three late ones, so I introduction to Doctor Kline from use the first eggs and sell the later Dr. Duer Mancil, a Downingtown veterinarian, whose arrest has been ordered by the district attorney.

The Ibaugh family formerly resided at Florin and they have a host of friends in this vicinity.
