HOW MONT ALTO IS SAVING LIVES

This Case of Young Man From Huntingdon is Typical of Hundreds of Others.

IS WELL AND WORKING

Eighteen Months at the State's Free Tuberculosis Sanatorium, With Proper Care and Observation of Rules, Gave Him Back Health and Strength.

The following news story, which was published in the Huntingdon Globe of Aug. 10, 1911, gives an excellent idea of the kind of work that is being done by the State Department of Health for Pennsylvania's tuberculous poor under the supervision of State Health Commissioner Samuel G. Dixon:

Lemuel Adams, who was employed as a coatmaker in the tailoring establishment of F. W. Baldwin in Huntingdon, left here in April, 1909, presumably in the last stages of tuberculosis. He had fallen off in weight as thin as a rail, and was pale as death, and when he left here two years and four months ago none of his friends ever expected to see him in the flesh again.

But Lem was in town on Monday, and he wasn't in a box, either. He was here in citizens' clothes, looking as frisky as a colt. From Huntingdon Mr. Adams went to Mont Alto, Franklin county, where he entered the state institution for tuberculous cases and became an obedient patient under Dr. Johnston, the man in charge.

For three months Mr. Adams occupied a bed in the hospital, where it took mighty close watching to keep his body and soul together, but Mr. Adams went out, and in midsummer he was sent to the camp, where he did nothing but eat and sleep and breathe the fresh air of the South mountains. He remained there eighteen months, and was in the open all the time. Many a day he rose from his bed with the snow on his pillows and blankets, but he improved right along, and in March he was discharged.

Mr. Adams is now selling lightning rods, which gives him constant outdoor employment. He will never resume the tailoring business for fear of a recurrence of his trouble. He now eats like a wood chopper, sleeps like a baby and is as strong and robust as a youngster in his teens. For years Mr. Adams' normal weight was 132 pounds. Now it is 137. When he left Huntingdon in April, 1909, he weighed 110.

The splendid condition of our friend is remarkable. Indeed, he is a living monument to the patience and skill of the men who have charge of the state institution at Mont Alto. Dr. H. C. Frontz, of Huntingdon, sent Adams to Mont Alto, and on Monday when he gazed upon the shadow of two years ago he could scarcely believe his own eyes.

Tantum Pens.

Pens for writing purposes are being manufactured today in Germany by a process which is exciting some curiosity. The trouble found with steel pens is that they oxidize easily and the ink sticks to them. This fault is not to be found with gold pens; but, on the other hand, these are too flexible to be entirely satisfactory. Moreover, in order to form a point suitable for writing purposes, the material of that part of the pen has to be mixed with some hard metal like iridium and this operation is both complicated and expensive. This new pen is of tantalum and comes to the manufacturer in the form of a black powder. The pen that is made from this has the tenacity of steel and the flexibility of gold.—Harper's Weekly.

DANGER PERIOD OF WOMAN'S LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute anything towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N.C.

The Case of Mrs. Kirlin. Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound.

"Before I had taken one half a bottle of it I began to feel better, and I was continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 353 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

AT THE FAIR School Children's Day Will Be a Gala Time

While the first day of the Lancaster Fair will again be known as School Children's Day, nevertheless far greater efforts are being put forth by the Fair Association to interest the young people of the county. The main feature of the first day of the Fair will be a County Athletic meet for the boys of Lancaster County. This will be a new feature for the Lancaster Fair, no meet of this kind having been run off at the fairs in the state of Pennsylvania. The idea of the County Athletic Meet comes from New England where one of the features of their fairs are the Athletic Contests for their boys. The Fair Association accepted the services of the Lancaster County Young Men's Christian Association who proposed the contests, to take charge of the sports for the boys on the first day of the fair. Entry blanks have already been printed giving a full account of the whole meet and which will be distributed over the county. Every High School and Grammar School will be visited by men familiar with this work who will encourage every boy who can run and jump to enter the contest.

The Athletic Meet will include nine events which will be open to any resident of Lancaster County. These events will include the one hundred yard dash, 440 yard dash, 880 yard dash, running board jump, running high jump, one mile run and twelve pound shot put.

The limited events will include three classes. The first class will be open to any boy weighing less than 125 pounds and under 18 years of age.

Second class will be open to any boy weighing less than 110 pounds and under 16 years of age.

The third class will be open to any boy weighing less than 95 pounds and under 14 years of age.

The contest has been so arranged as to allow a small boy to take part in the running and jumping in his class as well as the young man of twenty in his class. More than \$200.00 in medals will be given the boys at this meet, gold medals for the winners in each event, silver medals for those winning 3rd place.

One of the most interesting features of the meet will be relay races. The first relay race of one mile will be composed of teams representing the Lancaster County Township High Schools will be eligible to enter this race. The second relay race will be composed of teams representing the Lancaster County Borough High Schools. Eighteen teams from the Borough High Schools will be eligible to run in the race. The third relay race will be to decide the championship of the Lancaster City Schools open to Franklin and Marshall Academies, Lancaster High School, Yeates School and Stevens Industrial School.

One-half mile relay races will be run by the Grammar School boys of the county and city. Medals will be awarded to each member of a winning relay team.

The one mile invitation relay will be open to societies and clubs in Lancaster County.

C. William Reiser of Lancaster will present a Silver Loving Cup to the organization winning first place. Medals will also be given to the members of the winning teams.

It is estimated that between five and six hundred boys, all residents of Lancaster County will take part in this Athletic Meet, representing all the High Schools and Grammar Schools in the county. Many working boys will also be found in this contest.

For any further information or Entry Blanks consult the principal of your nearest High School or address James A. Boehm, Lancaster County Secretary of the Young Men's Christian Association, 346 Woolworth Building, Lancaster, Pennsylvania.

NORTHWEST RAPHO

Children's Day services were held at Green Tree on Sunday afternoon. Many people from this section attended campmeeting at Rheems on Sunday.

Teacher's Meeting was held at the home of Benjamin Zug, jr., on Saturday evening.

Thieves gained entrance to the home of John Geib on Friday evening and took with them a lot of provisions and other articles.

The merry chimes of the school bells are about at hand. Miss Irene Sheetz of Elizabethtown, will take charge of Chiques Hill School.

Messrs. John and David Shenk, David and Amos Gibble and Howard Rubl, spent several days last week at Philadelphia and Atlantic City.

Chiques Hill school house has undergone some very essential repairs, and still others would be necessary, but time does not permit of them being made now.

All Because of a Hog Frank Prescott, bicycling from Elizabethtown to Stevens Hill a few days ago, collided with a porker, was thrown off his machine and broke one of his arms.

MAKES RAPID HEADWAY

Add This Fact To Your Store of Knowledge

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended with pain, procure a good kidney remedy at once.

Thousands recommend Doan's Kidney Pills. Read the statement below.

A. E. Cox, cigar maker, Orchard St., Manheim, Pa., says:

"Some years ago I had occasion to take Doan's Kidney Pills and two boxes gave me entire relief. Today I still hold this remedy in high esteem. Anyone suffering from kidney complaint can depend upon Doan's Kidney Pills to remove the trouble. A public endorsement for this remedy is no more than it deserves."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

ALL GRIST FOR THE BRIDE

Other Women in the House Have Small Chance of Receiving Brides that Are Sent Home.

An uptown woman who nearly got stalled in a Ninth street car with a bundle of merchandise gave this reason for carrying home her own parcels, according to the Philadelphia Public Ledger.

"There is a prospective bride in our boarding-house," she said. "Every evening in the dry-goods line is grist to the mill of the woman about to be married. Other women who have the misfortune to live in the same house shop under difficulties. The only way they can insure the enjoyment of their own purchases is to carry them home."

"If the things are delivered the bride snaps them up. Possibly she has no real shopping propensities, but circumstances combine to make her a thief. Servants bring to her room all parcels of whatever size and shape that come to that front door. So many of the things do belong to her that to read the label or listen to what the delivery boy says is considered superfluous exertion. And the bride is equally disdainful of preliminary examination. Egotistically she slips off wrappers and digs into contents."

"Yesterday I heard her raising the roof because a certain shop had sent her six pairs of black silk stockings, instead of the pink, blue and tan she had ordered. After she had sent the stockings back and had the money refunded I discovered the stockings were mine. I cannot afford to contribute these parcels to the bride's wardrobe, so I am carrying them home."
