EDITORIALS

Of two evils choose neither, vote for Wilson.

It is never too late to mend political fences.

The mouth of Oyster Bay is foaming a little more than usual.

That worried look on the children is caused by listening for the school bell.

They seem to be having a sweet time over that Sugar bill in the Senate.

The plural of Bull Moose is no longer the question. What will the plurality be?

It is pretty safe to wager that Hearst hasn't any of Woody Wilson's letters.

We have never been able to figure out satisfactorily how T. R. finds time to eat.

Isn't there anything in our national life that can be run without the use of Standard Oil?

Mr. Taft feels that he may as well get the full use of his office, including its veto power.

If Woody Wilson gained seven pounds since he was nominated, how much will he weigh on the morning of March 5?

On what ground does Senator Penrose propose to sue those anti-Taft electors in Pennsylvania—non-support?

One must concede, however, that the New York police were subjected to great temptations, living, as they did, in New York.

Though the Canadian boat beat us, it is some consolation to reflect that she had to use our own lake breeze in so doing.

Canada may beat us sailing yachts but we have Canada outclassed when it comes to navigating the fore and aft trolley car.

That Chicago woman who insists that big men make better husbands than small men, failed to say whether she means big up and down or big around.

Now that a man has invaded the White House grounds and milked the President's cow Pauline, the guard about the presidential goat ought to be doubled.

On the other hand, we see no reason why the National Capital should not cool off now, with the fervid oratory at an end.

Trade follows the explorers flag also. An American company mined 25,000 tons of coal near Spitzbergen last year. There is something else besides ice in the arctic.

A large increase of salaries is requested for the police department of New York. Most likely the desire of the members to open a bank account has something to do with it.

An aviator at Newport to test torpedo firing from an airship dropped two bags of flour from a height of 1,000 feet, but it is not stated what lucky housekeeper was bearded by the costly projectiles.

Find Relief in Lydia E. Pinkham's Vegetable Compound—Their Own Statements So Testify.

Platea, Pa.—“When I wrote to you first I was troubled with female weakness and backache, and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my nervousness is better. I will recommend your medicines to all suffering women.”
—Mrs. MARY HALSTEAD, Platea, Pa., Box 98.

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound may be relied upon.

Walcott, N. Dakota.—“I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if any one even spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued its use and now I am a well woman.”
—Mrs. AMELIA DAHL, Walcott, N. Dakota.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The hot sun in many sections of the county is rapidly ripening the tobacco crop and in a short time all that the hail has not ruined will be under foot.

The Saturday afternoon storm did little damage by hail hereabouts, though things looked very suspicious. Lightning in a few instances did considerable damage.

The drill enforced by many of our local teachers, which is noticeable at certain hours in our schools is already bearing fruit in the erect and manly walk and the look of assurance so evident.

Mr. and Mrs. Harry Stauffer and daughters Arline and Elizabeth and son Claude of Leola, were guests of Dr. B. E. Kendig and wife on Sunday. The trip was made in Mr. Stauffer's touring car.

Mr. James E. Kendig, though entered in the Electric Engineering Course of Delaware State College, will still wield the pen and your readers will be from time to time advised of his experience in that school.

The Salunga school is struggling along under difficulties. The cause of the difficulty seems to be the willingness of the directors of East Hempfield township to allow all children and parents to select any school and the name of High School appeals to most of our neighbors and so a good teacher in a nearby school is left to contend with this annoying situation. What is the remedy?
