

THESE SIX LETTERS

From New England Women

Prove that Lydia E. Pinkham's Vegetable Compound Does Restore the Health of Ailing Women.

Boston, Mass.—"I was passing through the Change of Life and suffered from hemorrhages (sometimes lasting for weeks), and could get nothing to check them. I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) on Tuesday, and the following Saturday morning the hemorrhages stopped. I have taken them regularly ever since and am steadily gaining."

"I certainly think that every one who is troubled as I was should give your Compound Tablets a faithful trial, and they will find relief."—Mrs. GEORGE JUBY, 802 Fifth Street, South Boston, Mass.

Letter from Mrs. Julia King, Phoenix, R.I.

Phoenix, R.I.—"I worked steady in the mill from the time I was 12 years old until I had been married a year, and I think that caused my bad feelings. I had soreness in my side near my left hip that went around to my back, and sometimes I would have to lie in bed for two or three days. I was not able to do my housework."

"Lydia E. Pinkham's Vegetable Compound has helped me wonderfully in every way. You may use my letter for the good of others. I am only too glad to do anything within my power to recommend your medicine."—Mrs. JULIA KING, Box 282, Phoenix, R.I.

Letter from Mrs. Etta Donovan, Willimantic, Conn.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles causing backache, irregularities, dizziness, and nervous prostration. It was impossible for me to walk up stairs without stopping on the way. I was all run down in every way."

"I tried three doctors and each told me something different. I received no benefit from any of them but seemed to suffer more. The last doctor said it was no use for me to take anything as nothing would restore me to health again. So I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and by taking seven bottles of the Compound and other treatment you advised, I am restored to my natural health."—Mrs. ETTA DONOVAN, 762 Main Street, Willimantic, Conn.

Letter from Mrs. Winfield Dana, Augusta, Me.

Augusta, Me.—"Lydia E. Pinkham's Vegetable Compound has cured the backache, headache, and the bad pain I had in my right side, and I am perfectly well."—Mrs. WINFIELD DANA, R.F.D. No. 2, Augusta, Me.

Letter from Mrs. J. A. Thompson, Newport, Vt.

Newport, Vt.—"I thank you for the great benefit Lydia E. Pinkham's Vegetable Compound has done me. I took eight bottles and it did wonders for me, as I was a nervous wreck when I began taking it. I shall always speak a good word for it to my friends."—Mrs. JOHN A. THOMPSON, Box 2, Newport Center, Vermont.

Letter from Miss Grace Dodds, Bethlehem, N.H.

Bethlehem, N.H.—"By working very hard, sweeping carpets, washing, ironing, lifting heavy baskets of clothes, etc., I got all run down. I was sick in bed every month."

"This last Spring my mother got Lydia E. Pinkham's Vegetable Compound for me, and already I feel like another girl. I am regular and do not have the pains that I did, and do not have to go to bed. I will tell all my friends what the Compound is doing for me."—Miss GRACIE B. DODDS, Box 133, Bethlehem, N.H.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Costs You Nothing When Idle—Almost Nothing When It Runs

WHEN an IHC engine is at work, it is the cheapest dependable power you can use; when not working it costs you nothing. It will work just as hard at the close of the day as at the start—will work overtime or all night just as readily. It is ready to work whenever you need it; always reliable and satisfactory. You can use an

IHC Oil and Gas Engine

to pump water, to run the wood saw, cream separator, churn, grindstone, washing machine, feed grinder, corn husker and shredder, ensilage cutter, or any other farm machine to which power can be applied.

IHC oil and gas engines are constructed of the best materials; built by men who know what a good engine must do; thoroughly tested before leaving the factory.

They are made in all sizes from 1 to 50-horse power; in all styles—vertical and horizontal, air and water cooled, portable, stationary and mounted on skids, to operate on gas, gasoline, naphtha, kerosene, distillate or alcohol. Kerosene-gasoline tractors, 12 to 45-horse power.

Ask the IHC local dealer to show you an IHC engine and explain each part, or write for catalogue and full information.

International Harvester Company of America

Harrisburg Pa.

IHC Service Bureau

The purpose of this Bureau is to furnish, free of charge to all, the best information obtainable on better farming. If you have any worthy questions concerning soils, crops, land drainage, irrigation, fertilizers, etc., make your inquiries specific and send them to IHC Service Bureau, Harvester Building, Chicago, U.S.A.

Our Autumn Exposition of Women's Outer Garments

Begins Saturday, September 21, 1912

At Lancaster's Home of Fashion

The store for the Woman who holds authoritative style and her pocket book in equal esteem

THE styles displayed in this store are the fashions of the hour in New York. The most exclusive and highest priced house in the Metropolis has neither the ability to get the correct styles more quickly, nor to reproduce them more faithfully than we have.

OUR Outergarment section which gives one the impression of a big metropolitan store, is the largest and most complete department of its kind in this State, with the single exception of Philadelphia. Our prices are already famous from one end of the county to another. We have established the fact that under our system of co-operation with our New York office and a leading American manufacturer, a suit or a coat which sells in upper Fifth Avenue at \$50.00 may be reproduced in model, material and lining, and sold here for one-half the original price.

IT is to be a distinctly coat suit season, with models and fabrics different from anything seen in recent years, depending largely upon the French bouclé tendency in woolsens. The Donovan display of coats and suits at from \$10 to \$40, embracing every new style element is an exhibition which no woman in this county can afford to omit.

INCLUDED in this Autumn showing is a special display of garments for children and the young Miss, entirely different styles of course from the grown-ups; separate departments for our young friends, and special salespeople to wait on them.

Here Always Style Without Extravagance

An Ideal Store for Out-of-town Folks

Free Car Fare to Lancaster and return; an exclusive Donovan feature. We return your car or railroad fare, on purchases exceeding \$10.00. Goods delivered Free anywhere in Lancaster County. Telephone orders may be phoned; reversing the charge to us. All merchandise exchangeable within a reasonable time. Cash refunded if desired, promptly and cheerfully. Rest room for women, writing materials, newspapers, telephones; all free of charge. A clean, comfortable cafe, where dainty and appetizing meals may be had during all store hours at a very modest charge. We cater particularly for the needs of out-of-town folks.

The Donovan Company

Successors to Foster & Cochran
32-38 East King Street
Lancaster, Pa.

The Week in Grain

Compiled for the Mount Joy Bulletin, at Mount Joy, Pa., by Wm. L. Bear & Co., Pennsylvania Building, Philadelphia, Pa., by D. B. Lehman, Manager, Woolworth Building, Lancaster, Penna.

The feature of the week has been the September Report of the Department of Agriculture, showing the largest cereal production in the history of the nation. With all crops much in excess of normal corn and oats are both establishing new high records for abundance.

Speculatively, wheat and oats have been very firm with corn showing an easier tendency. A liberal movement of old corn has served to make some reduction in the enormous premium that has prevailed in this cereal for immediate delivery, and the decline in the cash article brought a considerable volume of selling pressure to the deferred deliveries.

Much of the strength elsewhere in the list has been due to conditions abroad. Europe taking heavily of both wheat and oats, and prices there stubbornly advancing in the face of recessions here. Conditions

in Germany are very bad, the official Prussian report late in the week confirming recent private cable claims of wide areas where grain is spoiling in the fields from continued heavy rainfall. Exports of oats are running much in excess of any previous season, and not withstanding a liberal interior movement of all classes of grain, stocks are not accumulating in normal amount. Minneapolis reports an excellent demand for flour, and Minneapolis mills continue to take a heavy movement of high grade wheat at stiff premiums over deferred deliveries.

The tone as a whole leaves little to be desired, and while price movements are modest, there is good activity and fair commission house participation.

For Sale

Several good Building Lots fronting 95 feet on South Barbara Street, Mount Joy and extending in depth of that width 154 feet. There is a good stable on these lots that could very easily be converted into a double dwelling. For further particulars apply to Lewis Seaman, Mount Joy.

Safety on the Highways

Drivers of teams feel a degree of security from being struck at night by automobiles that as a rule is over estimated. Of all objects on the road a team is probably the most difficult to be seen at night by the occupants of an automobile. Poles, depressions in the white road way, fences, buildings, all loom up quickly under the rays of the automobile searchlight, but there are peculiar difficulties against seeing an unlighted team that can only be comprehended fully when one has ventured on the road at night in an automobile. Only when the rays of light fall upon the team at a certain angle will the paint of that vehicle glisten by reflection. Sometimes this may happen when the team is still at a safe distance away and again it may not occur until the team is quite close. Not knowing their danger many drivers will remain in the middle of the road until almost too late to turn out through misjudging the speed of the automobile. One thing is certain, the driver can see the automobile approaching in the distance, the

automobilist cannot definitely see the team until danger threatens. For his own safety the driver should provide his team with lights so it too can be seen while quite a distance off. It is so obviously his duty to take equal measures to protect himself that it should require the enactment of no laws to compel it. However, many cities and some states do compel the carrying of lights by teams. Nor does the danger of collision exist solely between automobile and team; two teams are as likely to collide. Many collisions between unlighted teams being driven along the roads at a rapid pace at night have been avoided more through the sense of the horses striving to prevent a run-in than by any effort of the drivers.

For the greatest degree of safety on the road everybody who uses the highways, automobilists and drivers should adopt the recognized measures for preventing accidents and faithfully and promptly practise them, these being the fundamentals: 1—In meeting a vehicle approaching from the opposite direction turn to the right; 2—In over taking another vehicle pass it on the left side; 3—In allowing another vehicle to pass turn to the right side of the road so it can pass you on your left thereby taking upon itself any danger that may exist; 4—Display lights at night.

Prolific, Sure

In the garden on the premises of Aaron D. Peters, in Rapho township, is growing a vine of the "Paddy pan" variety of squashes which at the present time bears fifty-five squashes, many of which are of good size.

John Hostetter, supervisor of Rapho township, a few days ago plucked from a vine in his yard a bunch of fine grapes of unusual size. When he counted the grapes he found it to contain ninety-six, all good and fully matured.

Stung to Death

A horse on the farm of Christian Umble near Gap, was stung so badly by bees that it died soon thereafter. Mr. Umble, in his effort to rescue the horse, was stung in hundreds of places, but will recover.
