The skin is generally dry, dull and muddy in color. The person is usually dull, and stupid, unable to concentrate the mind, and feels generally "all down and out." Canker sores in the mouth are common, at times urinary troubles occur. In their effects upon the nervous system these same poisons cause insomnia and depression, that presage nervous prostration.

The first thing that suggests itself is a thorough cleaning of your entire alimentary canal. So as to rid the whole tract of all fermenting and decaying debris. When this is done the system begins to throw off the poisons that are in the blood, into the intestines, which is the natural channel for their elimination.

CATHARTICS. You might think that taking an active cathartic would be all that is necessary; but no active cathartics exhaust the system and leave the person feeling "all down and out." NEW PARCELS POST STAMPS

Larger Than Ordinary Issues and of Characteristic Designs

When the new parcels post system became operative on January 1, twelve new stamps will be placed on sale in post offices for affixing to packages. These stamps will be larger than the ordinary postage stamps. Arrangements already made by Post master General Hitchcock for their engraving and manufacture provide for a series of an even dozen so distinctive as to color and size as to prevent possible confusion with other stamps.

The twelve stamps will be issued in three series of designs. In the first series of modern methods of transporting mail will be illustrated. The mail car of a railway train will be shown on the stamp; an ocean steamer on another; the third will have a motor wagon of the type used in the postal service, and the fourth will show a mail-carrying aeroplane. Postal employees will be shown at work in the second series. The figures will be those of railway mail clerks, post office clerks, free letter carriers, and rural free delivery carriers. The third series, showing the principal sources of products that will be transported most extensively by parcels post.

By Dec. 1 the stamps will probably be ready for distribution to the 60,000 post offices in the country.

Auto Club Will Meet at New Holland

At the request of motorists living in New Holland and vicinity the next meeting of the Lancaster Automobile Club will be held on Friday evening, October 18, at the New Holland House, in that place. An interesting meeting with the addition of a number of new members is expected. The New Holland members having promised new members for the club when it comes there.
