### COMFORTING WORDS

Many a Mount Joy Household Will Find Them So

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful.

The following advice of one who has suffered will prove comforting words to hundreds of Bulletin readers.

Charles E. Gochnour, barber, 126 S. Prussian St., Manheim, Pa., says: "The statement I gave some years ago, recommending Doan's Kidney Pills holds good at this time. I still use this remedy whenever I have any symptom of kidney complaint and it does good work. I think I strained myself in some way and it weakened my kidneys. My back ached most of the time and the kidney secretions were profuse. I had nearly all the symptoms of kidney complaint. A friend advised me to take Doan's Kidney Pills and I did so. They acted just as represented and continued use cured my trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### A Day For Study of Road Affairs

That our country earth road affairs, the roads to the creamery, the country store, railway station, the schools and churches cannot be revolutionized in a day has been clearly evidenced many times. It was realized away back in Colonial times when our historic George Washington wrote to Patrick Henry telling Patrick to get busy and give the road work of his state, that of Virginia, expert supervision.

Whether Mr. Henry did so or not is not certain. But at all events the roads in the State of Virginia are not perfect even as yet. And this is after more than one hundred years of regular expenditure of road taxes.

When one reflects upon this subject it seems clear that all we need in the present era of road improvement enthusiasm is to take a little time for the investigating of our road affairs. It is for this very purpose that the Lancaster County Supervisors' Association will hold its fourth convention on Thursday, December 12, at the Lancaster court house with a morning and an afternoon session. Not only is the program arranged for the especial need of supervisors, road foremen, road masters and their assistants, but every student and property owner, farmer and good roads worker is invited to attend and help give a little additional boost to make road conditions better.
