BUYING TOBACCO

Quite a Lot of the 1912 Growing Tobacco Has Already Been Contracted For

It is estimated that between 2,500 and 3,000 acres of the 1912 crop of tobacco has been contracted for. This is perhaps 15 per cent of the total crop. The buying has been in the northern, northeastern and eastern sections of the county, nothing having been done in the western or southern parts, or Manor township, so far as can be learned, except a few special crops of Havana around Washington borough.

The concerns that have been in the field have been Levy and his several buyers, George Hoffman, the Eisenlohrs and Rossins & Sons, a New York house.

The prices paid have generally been 9 and 3 cents. There are rumors that as much as 10 cents has been paid in some instances, but this cannot be fully confirmed.

A few growers have been learned of who have already begun stripping but, while tobacco is generally pretty well cured up, most farmers have yet plenty of outside work to do and will not take to the tobacco cellars until rough weather sets in. So far as can be learned, there has been no shed damage whatever and the leaf seems heavy and of good substance.

The trade in old tobaccos is reported to be quiet.

5A The Quality Mark On Horse Blankets

5A on a horse blanket is the sign of quality—the guarantee of satisfaction. It means the entire blanket—yarns, straps, buckles, everything—was made in one factory—the largest in the world. That factory gives you blankets of the best quality at the lowest prices. 5A Blankets go direct from factory to your dealer's shelves. You pay no jobbers' commissions, yet you see and handle the blankets before you buy.

5A Blankets wear the longest. The hard twisted yarns, the multiple warps and the experienced workmanship combine to make 5A Blankets the strongest, warmest, thickest and closest woven blankets made.

The 5A Storm King is our most popular medium-priced square blanket. It is exceedingly warm, heavy, thick and strong. Outwears several ordinary blankets. Weighs 8 lbs. Measures 84 x 90 inches. Costs but \$2.50. Easily worth three times as much.

Buy a 5A Square Blanket for street use. Buy a 5A Bias Girth Blanket for stable use. Buy a 5A Plush Robe for carriage or auto.

Next Automobile Licenses

Applications for 1913 automobile license registration and for motorcycle licenses are pouring into the State Highway Department by hundreds. The applications will be filled the month and a half and the tags shipped in December. This plan has been adopted to meet the rush which generally occurs in the last fortnight of the year. The 1913 tags are olive green, and failure to display them on January 1 will make the automobile owner liable to arrest. No days of grace are allowed.

The department has issued more than 59,000 licenses for cars for 1912 and may reach 60,000 before the year ends.

Over One Hundred Years Old

Samuel Barnes, of Rapho township, has in his possession a dress which was worn by his father when he was a babe. That was way back in 1806, making the age of the dress one hundred and six years. While the dress was quite in fashion at the time, it would hardly "shine" with those seen nowadays. It is well preserved and is certainly a bit of antiquity.

Our Salunga Choir is surely classy and is getting some of its well deserved recognition. Last Sunday they sang in the Lutheran Church of Lebanon and calls are becoming frequent under the leadership of Miss Mary Shenck.

Mr. Frank Newcomer met with rather shooting accident Friday with rather serious results. He and his brother Melvin on that day were gunning in the P. R. R. Locust grove near Salunga, when latter's gun was accidentally discharged and portion of the charge lodged in the knee and foot. As the shot were small and but a few entered the limb it is probable the young man will be little inconvenienced after a rest.

MARIETTA

Mr. George Wolf of Silver Spring, is home on a visit.

Rev. W. J. Fairfax has returned from a visit to Harrisburg.
