EDITORIALS

The latest styles in Macedonian oases is "Help."

Never count your Bull Moose because they are hatched.

Only one aviator was killed last week. We are improving.

Colonel Roosevelt will continue to be a highly useful citizen.

Another improvement. We have now in the midst of us the noiseless Bull Moose.

President Taft hasn't decided yet whether to begin the practice of law in Utah or Vermont.

Jack Johnson says he is sore on Chicago, and will remove to Russia, or make it Siberia Jack.

It is now apparent that Armageddon is the railroad junction where you change cars for St. Helena.

This is the case of the Democratic party to be reasonably modest and try not to make mistakes.

Any action taken by the powers to end the war will be regarded by Turkey not as an interference but as a rescue.

Woody would have gotten a bigger majority, only a lot of absent minded Democrats voted for Bryan, through force of habit.

President Taft can point with satisfaction to the fact that during the late campaign he greatly improved his golf stroke.

There is a furious debate going on in the rear of the audience as to whether Bryan or Debs began first to run for the presidency.

The Government has just paid for the burial of a soldier killed 50 years ago at Gettysburg. Wonder who paid the undertaker's funeral expenses.

It may be said of the best authority, that Governor Hadley, of Missouri, will not be nominated as Vice Presidential candidate on the Republican ticket.

A Central American republic takes great pride in showing an assemblage of marines from the United States how quiet and orderly an election may be.

Since Col. Roosevelt was fired on by a crank and Gov. Wilson slightly hurt in an auto accident, President Taft would seem to owe it to his party to get his by a golf ball.

The little old lady at Princeton who admonished Wilson to be merciful should be reassured by the information that he has been elected executive, not executioner.

A western Congressman would make the trusts pay for good roads, by reviving 1879 tax on tobacco and devoting the additional revenue to such a fund. Why not put the tax on gasoline, make the relation of benefit and burden more direct and still send the bill to the trusts?

The socialist vote apparently shows a considerable increase in the national total, but as usual, the demonstration is sporadic and due chiefly to causes and contributing circumstances which are local, rather than indicative of a general trend toward the socialistic form of government.

It is "fossilized" United States Supreme Court which now announces revolutionary changes in rules of procedure for equity cases. The new rules go so far as to embody many of the changes demanded by organized labor through legislation. They require notice to the opposite party in all save very exceptional cases before a temporary restraining order or preliminary injunction can issue. They require speedy hearings after the issue. They remove needless steps in modes of pleading and bring the parties more quickly to the test. They provide for more trials by the court and fewer trials by the way of referee.

MAYTOWN

Miss Lizzie Sterner has gone to Lancaster.

Mr. Wineka left for Philadelphia by auto on Wednesday.

Mrs. Elsworth and Harry Mayer have gone to Pittsburg.

Mr. Wm. Mayer has accepted a position with the Keely Stove Co., Columbia.

The long expected auto truck at last arrived, on Thursday about noon. The delay was due to an accident along the way. It is a fine commodious car, and will run regularly between here and Marietta. We can now conveniently reach the trolleys at stated periods, but at this writing no schedule has been definitely decided upon. We shall report it, for the convenience of the readers of the Journal as soon as it has been arranged.

A welcome little visitor arrived in the home of Mr. Jacob Shaffner, who will bide a wee.

Mrs. Sue Epler has a radish grown in her garden this season that measures twenty two inches in circumference. The seed from which it was grown, as well as the old fashioned "butter lettuce" she has, has been carefully selected for fully three quarters of a century, having received the original seed from her mother many, many years ago.

Tell you what! The Farmer's Institute to be held here on the 20 and 21 of Dec. is going to be some thing worth while. We have been told by those in position to know that we never had anything near like it before. This year prizes that are of real value, not merely "tokens" will be awarded exhibitors which is certainly commendable. Notify B. F. Garber, who is chairman of all the exhibition committees, who will direct you to the proper person having charge of the class of exhibits to which your exhibit belongs. Do this as soon as possible for the exhibition will be a big one. Mr. Garber has the Bell phone, and you can speak with him free, if you use the phone at the bank.

Eighth Virginia President Woodrow Wilson is a native of Virginia, and is the eighth son of old Virginia that has occupied the White House. The seven others were: Washington, Jefferson Madison, Monroe, William B. Harrison, Tyler and Zachary Taylor. This is a record that no other state in the Union can boast of.

As Mr. Nicholas Longworth thinks it over, he must feel that he wasted a great deal of fine diplomacy.

Thanksgiving

YOU'LL need a new suit for Thanksgiving, probably a overcoat, too.

Take our advice and choose STYLEPLUS for both--you look around a long time and pay much more money before you be as well pleased.

Come in today and see our new models of STYLEPLUS suits and overcoats. Pick out what you like and if you don't care to take them now, we'll lay them aside for you until Thanksgiving Eve.

Styleplus \$17 Clothes

"The same price the world over"

are a hobby with us, for the simple reason that they have more style, more quality, more real value than any other clothes we ever saw at or near the price.

It is a pleasure to recommend them, for we know you will be just as strong a STYLEPLUS enthusiast as we are, after you have once worn them.

You can pay \$20 to \$25 to some other dealer if you are so inclined, but the suit or overcoat you'll get won't be any better than a STYLEPLUS at \$17, and maybe not as good.

If you want to keep in your own pocket that difference of \$3 to \$8 in cold cash and be dressed in the height of fashion, your choice will be STYLEPLUS--unconditionally guaranteed by the makers.

No other store in town but ours sells them.

5A Horse Blankets Wear The Longest

They can't help it. Wear is bred into them. It took us years to learn how, but we stuck at it; now our 5A Blankets stand supreme--they outwear three ordinary blankets. Every 5A Blanket is closely woven from the strongest, tightest-twisted yarns our expert spinners can make. And it is all done to save you money--to make one blanket do the work of three--to save you trouble and expense.

5A Horse Blankets are sold by the largest horse-blanket factory in the world direct to your dealer. Here, again, we save you money by cutting out all jobbers' commissions. You pay but one profit.

The 5A Storm King is the most popular medium-priced square blanket on the market. Extra large, extra thick, extra strong, extra warm. Weighs 8 lbs., measures 84 x 90 inches. Price only \$2.50--worth twice as much. See them before you buy any other.

Buy a 5A Square Blanket for street use. Buy a 5A Bias Girth Blanket for stable use. Buy a 5A Plush Robe for carriage or auto.

First Lady of Land a Southerner Mrs. Woodrow Wilson was born in South Carolina and she will be the first Southern lady to occupy the position of "First Lady of the Land" since Mrs. Andrew Johnson in 1865-1869. The most famous lady who ever presided over the White House was a southerner, Polly Madison, whose tact and grace has won for her a name that has secured a permanent place in history.
