

A WOMAN'S WISDOM.

The worried mother wakes up to hear her baby's heavy breathing—a little cough—perhaps the croup or whooping cough. She does not want to send for the doctor when perhaps the trouble does not amount to much. Finally she thinks of that medical book her father gave her, The Common Sense Medical Adviser, by R. V. Pierce, M. D. She says "just the thing to find out what is the matter with the little dear." Two million households in this country own one—and it's to be had for only 31c, in stamps—1,000 pages in splendid cloth binding. A good family adviser in any emergency. It is for either sex. This is what many women write Dr. Pierce—in respect to his "Favorite Prescription," a remedy which has made thousands of melancholy and miserable women cheerful and happy, by curing the painful womanly diseases which undermine a woman's health and strength.

"My desire is to write a few lines to let you know what your valuable medicine has done for me," writes Mrs. MARGARET ZIEBERT, of 323 S. Beaton Street, Baltimore, Md. "Before the store came to our house I was a very sick woman. I wrote you for advice which was kindly given and which made me a different woman in a short time. After taking the first bottle of 'Favorite Prescription' I began improving so that I hardly knew I was in such a condition. I did my own housework—washing and ironing, cooking, sewing, and the worst of all nursed three children who had whooping cough. I hardly knew of the advent ten minutes before—so easy was it. The baby is as fat as a butter-ball. Dr. Pierce's Favorite Prescription is the best medicine for any woman to take when in this condition. I recommend it to all my friends."

HOLDEN LEAVES IOWA COLLEGE

The "Corn Man" Joins I H C Service Bureau.

TO HELP PUSH WORK FORWARD

Co-Operation Movement for Larger Crops, Better Roads, More Prosperous People and a Better Nation.

This marks the beginning of a new and greater business service. It is a co-operative movement for larger crops, better roads, happier homes, more prosperous people, and a richer and better nation. That is to say, the I H C Service Bureau proposes to help do for all the states and for Canada what Holden has done for Iowa.

After considering many offers, and after an investigation of the company and its works, Professor Perry G. Holden has entered the service of the I H C Service Bureau at Chicago.

Professor Holden is known wherever real agriculture is known. His whole life is one of service. He originated the idea of carrying information direct to farmers. He is the father of the demonstration train, short school courses, the corn show, county

PROF. PERRY G. HOLDEN.

demonstration farms, and the National Corn Exposition. As head of the extension department of Iowa State College of Agriculture he did a work which, Senator Cummins says, up to the present time has increased the wealth of Iowa \$30,000,000.

The object of the I H C Service Bureau is the promotion of agricultural education, and a co-operation which will tend to raise the whole tone of commercial, industrial and farm life. Since agriculture is the basis of prosperity and progress, naturally farm problems claim first attention. The aim is higher efficiency, both on and off the farm.

To do a big work a big organization is necessary. Not only the business, but the perfection of the International organization as well appealed to Professor Holden. The big general agencies, scattered all over the United States and Canada; the salesmen, travelers and expert machine men; the 40,000 dealers—every one, so far as possible, is to be made an apostle of better farming.

For years the International Harvester Company has realized the importance of service. It has spent millions of dollars in the perfection of labor-saving machines, and now the company is going in for direct service—direct to the farmers, and direct to the farmers' children, that the men and women of tomorrow may be more capable and so more prosperous than the men and women of today.

It is no longer a theory that if we are to get the most out of life we must raise more per acre. "Intensive farming" is in the air. It is the battle cry of peace and plenty. But raising more is the result of mind, not muscle. We must know. And not only that, we must know we know, and know why we know. We must know good seed from bad, right cultivation from wrong, and the why and wherefore of climates, soils, fruits, cattle, horses, poultry, and so forth.

For these things the bureau was established. But the bureau and Professor Holden see more than an average increase of a few bushels. They see a time coming when farmers will raise twice as many bushels of corn, wheat and oats to the acre, and like yields of all other kinds of farm products. They see a time when farmers and farmers' wives and their children will think more and work less. Every bushel raised means just that much profit, and the profits of the farm promote commerce and industry.

After a period of good work in Michigan agricultural college, better work at Illinois, and a great work at Iowa, Professor Holden now enters upon a world's work. While in future Professor Holden will designate Chicago as home, he says he is not leaving Iowa—he is merely carrying Iowa to the rest of the world.

JESUS IS GOD'S GIFT TO ALL HUMANITY

Salvation Is of God's Love, Not of Justice or Necessity.

Misunderstanding of What Constitutes the Divine Penalty For Sin Has Led Us in Respect to Every Feature of God's Program For Our Recovery From the Penalty.

PASTOR RUSSELL

Rochester, N. Y., Nov. 24.—Pastor Russell of Brooklyn is here. We report one of his addresses from the text. "Thanks be unto God for His unspeakable Gift."—II Corinthians ix, 15.

The Pastor said that in order to appreciate the Scriptures on all subjects, we must handle the Word of God honestly. We must recognize that our Lord Jesus is one person and the Father another person. The oneness between the Father and the Son is that declared by our Master Himself, saying that He and the Father are one in the same sense that He desires all of His disciples to be one—in mind, in purpose, in will, in effort. (John xvii, 21, 23.) Our Lord Jesus is God's unspeakable Gift.

The Scriptures declare that the Redeemer took the nature of men in order to redeem sinners; but that in Him there was no sin. Only a sinless one could give to God a Ransom for Adam, and thus redeem from destruction, not only Adam, but all his posterity, involved in sin and death through him. The speaker then showed that God set before our Lord a great joy, the influence of which led Jesus to endure cheerfully the bitter experiences of His earthly life. This joy is intimated to have been: (1) His pleasure in doing the Father's will; (2) His privilege of "bringing many sons to glory"—the Church; (3) His pleasure and joy in being by and by the world's Restorer, delivering them from the power of Satan, sin and death. "Wherefore," St. Paul says, "God hath highly exalted Him," far above "angels, principalities and powers, and every name that is named."

An Opposite Course From Satan's.
 Pastor Russell then contrasted the course pursued by Satan with that followed by our Lord. Meditating ambitious designs, Satan found an opportunity in Eden. He beheld in our first parents a new order of beings, designed to bring into existence a race that would fill the earth. Satan essayed to be ruler or prince over this human creation; and by so doing, he not only became a rebel against God, but brought sin and death into the world.

Our Lord Jesus pursued an opposite course, and demonstrated His loyalty and obedience. St. Paul intimates that although the Logos was much higher than was Lucifer, yet He was humble, and "mediated not a usurpation," as the Greek text declares. (Phil. ii, 6.) He thought not by robbery to be equal with God. On the contrary, our Lord willingly accepted the Divine proposal that He should be humbled to the human plane for a time, in order to carry out the Father's Plan.

To the Church, Jesus is God's unspeakable Gift. He is indeed a Gift to the whole world, unspeakable in value, but He is more to the Church than to the world. To His footstep followers, He is the "Captain of their Salvation," their Bridegroom, their "Elder Brother," their great High Priest. Through Him they are privileged to be the Royal Priesthood. Through the merit of the sacrifice of Christ, they are privileged to "present their bodies living sacrifices, holy, acceptable unto God."

The Pastor then said that Justice is the foundation of God's Throne. In the past, endeavors to harmonize Justice with our great Creator's dealings with humanity have involved us in difficulty. We were assured by the prominent creeds that God had knowingly brought mankind into existence under such conditions that the great majority would spend eternity in torments. We reserved no Justice in any such arrangement. But while desisting from criticizing the Creator, we could not indorse such a course, nor see it to be in harmony with the Divine regulations governing ourselves. If we are to love our enemies, should more be expected of fallen human beings than of our perfect Creator?

The Scriptures declare only the consecrated Church see the "lengths, breadths, heights and depths of the Love of God," which passeth understanding. This class alone is in any sense prepared to give thanks to God now for His unspeakable Gift. Their thanks go up, not only in words, but also in actions, which "speak louder than words." These thanks ascend as sweet incense to God.

By and by, "All the blind eyes will be opened and all the deaf ears will be unstopped." Then the whole world of mankind, including those awakened from the sleep of death during Messiah's reign, will be in condition to recognize God's unspeakable Gift and render thanks. When wilful evil doers shall have been destroyed, then every creature in Heaven, on earth and in the sea shall be heard saying, "Praise, glory, honor, dominion and might be unto Him that sitteth on the Throne, and to the Lamb, forever," through the unspeakable Gift.

HOW CHRONIC COUGHS Are Being Cured by Vinol.

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months. Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cod's livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you. E. W. GARBER, DRUGGIST, Mount Joy, Penna.

The Hager Store Is Completely Ready For Christmas Shopping

Business institutions everywhere, are recognizing more and more, the rights and privileges of their employees. The tendency of the past few years has been gradually but surely towards working hours, greater efficiency and consequently, a higher standard of service.

The early holiday shopping movement probably began with appeals for the overworked. Now its object is to avoid the unnecessary holiday rush and to save overworking the millions of beings the women and the men, the girls and the boys, that serve the American people coast to coast and from the lakes to the gulf.

A noble work! A crusade that every good American can be proud to join—it is a fight for humanity.

But even from a selfish if not a charitable standpoint no one can afford, for their own convenience, to delay their Christmas shopping.

To meet the general demand and to further the yearly shopping movement, the Hager store is in complete readiness with abundant holiday stocks. On the main floor will be found the Christmas handkerchiefs of snowy linen. Then there are the gloves—found on most every Christmas list. The neckwear and hosiery department, the linens and the bedwear stocks, the dress goods and the silk departments, all suggest many practical gifts.

The books and stationery, the Christmas cards and calendars present themselves in great variety, and these will be found inexpensive yet inappropriate gifts in many instances.

The Basement Holiday Store is of particular interest with its large showing of fancy china and cut glass and silver. The Toy Store—or as Santa calls it—Wondertown—is full of interest for the little folks—and for most of the bigger ones, too.

Santa Claus Is Coming Friday
