EDITORIAL

You cannot reform a bad egg by putting it in cold storage.

It must be admitted that W. J. Bryan has shown great composure concerning his cabinet prospects.

This country is too large to feel crowded even when it gets two ex-presidents at once.

When President Taft takes his trip around the world he will probably refrain from dictating England's policy in Egypt and telling Kaiser Bill how to run his army, and so another of "my" policies will be neglected.

Manheim, New Holland and other towns are busy these days getting things in readiness to form athletic associations, base ball teams, etc. We hope Mount Joy will be represented in athletic events next summer. We've had a vacation of several years, so lets get busy.

That old story, hard luck comes in bunches, is again proving true. There were no fires in town for several years, and then there were a number in a brief period. Recently there was the New Standard fire, yesterday at C. S. Musser's. Where next?

Yale is lucky in securing an able addition to its law faculty. Mr. Taft fortunate in finding a congenial position where his legal talents will have a field for their exercise. His acceptance of the Kent professorship of law disposes very happily of the problem of what we shall do with one ex-president.

Our article in regards to a car skop at Mt. Joy in last week's issue, caused endless comment pro and con. Some of our citizens have been up and doing and this general consensus of opinions prevail. We could get the ground, possibly assist on a building, but where on earth would we raise \$150,000, which is the amount required, as we understand? This latter is especially true. When people are not willing to assist in financing local industries that are "tried and true," how could you expect them to invest in an entire, new project?

The time for our special election is rapidly approaching. Have you given it a thought as yet? We hope you have and your answer will be in the affirmative. How many of you want good, clear and pure water? Our water works has been a paying proposition since its installment and with a continuance of good management will soon pay for itself. Now why not improve?

Our Solicitor says we must install a filter whether sanctioned by the tax payers or not and if the vote at the special election is against the loan, the filter plant will be installed and paid for by direct taxation. A vote for the loan and the present tax rate continues. A vote against the loan and your taxes are increased. It should not be difficult to choose between the two.

Who will be our next postmaster is a question that has been asked not only a few times since Wilson's election. The present incumbent, J. Fred Penstermacher, whose appointment was recommended some months ago, will not likely get the plum under existing circumstances and especially not when there is so much activity among the Democrats. There are quite a number of applicants, we understand, but in whose hat the \$1,700 plum will fall remains to be seen. Thus far we have heard these names mentioned: Mr. O. M. Donaven, Mr. S. M. Donaven, Mr. J. Willis Freed, Ex-Burgesses J. W. Shrite and M. S. Bowman, Mr. Harry Hinkle Mr. Joseph Weber and Mr. Charles De Long. Burgess Clayton Hoffman's name has also been mentioned but he informed us that under no consideration would he accept it. Mr. Freed has been quite active, as he has been soliciting support, but unless we miss our guess, his efforts for naught.

Opportunities such as these are infrequent occurrences and it is likely that the postmaster will fall to the lot of a working and lifelong

INDIGESTION FIVE YEARS

Relieved by Vinol.

Strength and even life itself depends upon the nourishment and proper assimilation of food, and unless digestion is good, the whole body suffers.

Mrs. L. D. Cook, Vineland, N. J., says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it, and at other times it seemed to be tied in knots. Nobody knows how I suffered."

"I tried a great many doctors and a great many kinds of medicine, but nothing did any good until I took Vinol. It has helped me wonderfully. I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in curing chronic stomach trouble and building up all weakened, run-down persons, and that is why we guarantee to return your money if it does not help you.

LEO HOUCK AT LANCASTER

He Opens a Big Campaign by Fighting Freddy Hicks

Leo Houck opens a big campaign by fighting Freddy Hicks of Detroit, at Lancaster, to night (Wednesday). The match looks good from every angle, and it is believed that it will please the big audience that is sure to be on hand. Houck has been training faithfully at the Y. M. C. A. gymnasium, and Hicks only came from Detroit on Monday Morning. He went at once to Columbia to go into training with Charley Collins, who is getting himself ready for his fight.

Houck is anxious to win the fight, as he meets Dillon the week after. Hicks has already stayed 15 rounds with Dillon and 12 with McGoorty so he needs watching.

This bout is actually the most expensive the Lancaster A. C. has ever presented, and for that reason the prices will be slightly raised from those of the New Year show. The other bouts are: Johnny Greiner, of Lancaster, vs. Preston Smith, of Philadelphia, a good, fast boy; Young Russell vs. Johnny Gill, of York, and Jimmy Seybold, of Ephrata, vs. Young Morris, of Columbia. This should be an exceptionally good match.
