Selling Victor Safes and fire-proof boxes to merchants, doctors, lawyers, dentists and well-to-do farmers, all of whom realize the need of a safe, but do not know how easy it is to own one. Salesmen declare our proposition one of the best, clean-cut money-making opportunities ever received. Without previous experience YOU can duplicate the success of others. Our handsomely illustrated 200-page catalog will enable you to present the subject to customers in an interesting manner as though you were piloting them through our factory. Men appointed as salesmen receive advice and instructions for selling safes, giving convincing talking points which it is impossible for a prospective customer to deny. Why don't YOU be the first to apply from your vicinity before someone else gets the territory. We can favor only one salesman out of each locality.  
The 25th anniversary of our company was celebrated by erecting the most modern safe factory in the world. Wide awake men who received our special selling instructions rendered it necessary to double our output. We are spending many thousands of dollars enlarging our sales organization, but to learn all particulars, it will cost you only the price of a postal card.

**Did They Skip Us?**

We are in receipt of a map of all the proposed highways in the United States. It was compiled and published by the National Highways Association with headquarters at Washington, D. C. In looking over the map we find there is to be a direct highway from Pittsburg to Philadelphia but according to said map the highway between Lancaster and Middletown has not as yet been taken over. We sincerely hope this will be done and that the towns between these two points will remain on the map.

**Time's Here To Make Your Spring Suit Comparisons**  
One thing this store has always courted, in every line of its merchandise—and that is COMPARISON  
And, believe us, speaking in a general way, there's no man in business today who sincerely welcomes free and open COMPARISON unless he "has the goods" and feels confident he will profit by it.  
You may not be contemplating a Spring Suit just now but you will be shortly. That is why we throw out this suggestion —MAKE YOUR COMPARISONS NOW and be in shape when the time comes to make your Spring Suit purchase in confidence that you are getting the best value possible.  
Has it ever occurred to you what has made ours the LARGEST CLOTHING BUSINESS in Lancaster? Possibly not—but surely you will concede this: That great volume of business produces lower prices than restricted volume; that it produces advantageous buying facilities that in turn accrue to your (the consumer's) interest, in short, that it produces many advantages the limited concern cannot possibly reap.  
Yours for an early and thorough comparison of Groff & Wolf Spring Suits with whatever stores you please.
