Base Ball Assured

Grounds Were Leased For The Season This Morning

WEATHER PERMITTING, WORK ON PUTTING THE FIELD IN SHAPE WILL BEGIN AT ONCE

An Athletic Field Where Base Ball, Foot Ball, Tennis, Croquet, Etc., Can be Indulged in During the Coming Summer—Mount Joy Will Have Some Team

The best bit of news doled out for the base ball loving public in this town in a long time is now ready to be served and hot from the oven at that, so prepare for a jolt.

While Mack is down in Texas burning things up, Down's regulars snatching it into Baltimore, and Johnny Castle with nine clerks opening mail at Atlantic City, ardent supporters with base ball streaks were busy here dishing things out and visiting team. The balloon is loaded so prepare for an explosion.

Messrs. Charles M. Cassel and Jno. E. Schroll have taken it upon themselves to give the town a creditable representation on the diamond this season and it is quite gratifying to say that thus far they have been very successful. The field being the bone of contention here for years, has already been secured. This morning arrangements were completed whereby they leased for the coming season for athletic purposes, the entire field along the Columbia road, at the southern borough limits. The ground is the property of the New Standard Hardware Works and is certainly an ideal location for a diamond. It is very conveniently located, easy of access, ample large as there will be no short outfields, and the Frank Baker's of Mount Joy or any visiting team can hammer the ball to their heart's content without sending it out of the lot.

Every director of the base ball organization of three years ago has consented to allow the promoters the use of the base ball uniforms, all of which are to be returned at the end of the season. The balance of the outfit will be purchased by the promoters.

As soon as the field is in shape, every player from and including the High School down to all of the local veterans are most earnestly requested to come out for practice. From these applicants the best team possible will be chosen and if possible, an all home team will be used.

There is ample material in this place for an excellent team and already a number of applications from outsiders have been received. For several Saturdays previous to the opening of the season, practice games will be played, and each and every player will be given a thorough tryout so as to get a line on his ability.

The season will open here much earlier than usual this year. If possible, arrangements will be made with the High School team to play all its home games on this diamond.

We earnestly hope the action of the management meets with the approval of the public and all can rest assured that the best team possible will represent Mount Joy this season.

AN IMMENSE SALE

Largest in Receipts and Attendance Ever Held in this Section

Mr. B. Frank Emswiler held the biggest sale last Friday ever held in this community. We would not care to estimate accurately on the attendance, as there are so many different opinions, but a guess of two thousand is low.
Mr. Emswiler sold the finest lot of mules ever sold around here. One pair brought \$695, one pair \$685, and another pair \$679, the six mules brought \$540. A pair of mules brought \$340. One horse was sold for \$155. Twenty-two head of cows averaged \$80, the highest selling for \$110. The farm implements also sold as well as can be learned from the fact that his sale amounted to almost \$7,000.

Mr. Charles H. Zeller, our local auctioneer, was right on the job and was a big factor in the disposition of so large a list of live stock and implements at such big prices. Very good time was made as the sale was over at five o'clock. Mr. Zeller has been busy all winter and almost daily, calling sales unassisted and although he is advanced in years, this was a good demonstration that he still has it on any of them.

Hikers Passed Thru

Three young men from Newark, N. J., passed thru here yesterday afternoon on their way to San Francisco. If they carry a letter from the Mayor of Newark to the Mayor in the Golden Gate City in 150 days each will get a free scholarship in the Newark School for Boys. They are home penniless and sell their photographs. They are Patrick Dobbs, Erick Nelson and John Leonardis.

A Close Call

A large touring car in which there were a number of ladies from Lancaster, almost ran into a team at the corner of Main and Market streets Thursday evening. The party spent the evening at the Farmers' Inn and upon returning home they were unable to get farther than a short distance east of the toll gate, where the auto spent the balance of the night and nearly all of Friday. The machine was disabled.

They're Worth Keeping

Mrs. John Cramer of this place, bought a copy of the Mexican Herald printed in the City of Mexico, Feb. 25, and a copy of La Opinion under the same date, printed at Veracruz, Mexico. They were sent here by her son Mr. Ralph Cramer, a U. S. Marine, who is now stationed near the scene of the conflict. Both papers are crowded with war news and are very interesting.

Pigs Were High

Hogs have been selling exceedingly well at farm sales this Spring but the high water mark for "suckers" was reached at the public sale of Mr. John Inners, of the Marietta pike, southwest of town last Thursday. Sucking pigs were sold for \$14.20 a pair. Of course they were fine ones but that is a big price. Mr. C. H. Zeller was the auctioneer.

These Will Beautify

The Masonic home, at Elizabethtown, has four car loads of fruit and trees ordered for spring planting on the grounds. They have also placed an order for three hundred bushels of lawn grass seed to be sown early in the spring.

LIQUOR LICENSE MONEY

The Borough Gets a Snug Sum Annually From This Source

After April 1 there will be five hotels less in this county, leaving 310 licensed stands. Of this number 271 are hotel or tavern licenses, distributed as follows: Seventy-three in the city; 74 in the boroughs and 124 in the townships. The remainder consist of 22 liquor stores, eight bottlers, six brewers and three distillers. The total revenue that will be derived from these licenses will amount to \$84,300. For hotel licenses city proprietors pay \$550 annually, boroughs, \$200 and townships, \$100. The liquor store men pay \$500 in the city, \$250 in the boroughs and \$125 in the townships and the bottlers \$550 in the city and \$250 in boroughs. The hotel owners pay \$1,000 and distillers are based on the annual output of their plants by barrel. The Ricker brewery usually pays \$1,500; Sprenger, \$1,250 and Haefner and Wacker, \$1,000.

The State gets a large portion of the liquor money, but this amount being deducted, the following will remain: For the city, \$29,209; for boroughs, \$8,850; for townships, \$7,440, and for the county \$11,380. All of these sums come from the hotel licenses, as the State gets all that is paid by wholesalers, bottlers, brewers and distillers.

A VALUABLE SERVICE

Mr. Clyde Eshleman of This Place Re-appointed Corresponding Secretary

Were you ever lonesome? Lonesome in the crowded city streets looking for work where you know no one? Lonesome in some isolated country town to which you had perhaps just come for employment on the old home? Lonesome in your room during the first few days at college, away from parents and friends?

If so, you begin to realize how hundreds of young men of the Keystone State first time into the great world's activities. No wonder some of them make shipwreck in the effort to forget. Companionship at such a time means much. Friendship is what most men crave in such a crisis.

The State Committee of the Young Men's Christian Association through its County Work Department by means of the Corresponding Membership System is meeting this need. Over 500 young men have been told of this "Breaking Home Ties" experience and in their new surroundings.

Mr. Clyde Eshleman has been re-appointed Corresponding member for Mount Joy for the ensuing year. Be sure and send him word should your boy or your neighbor's boy be planning to leave home. The State Young Men's Christian Association, Calder Building, Harrisburg Pa., covets the opportunity of serving him.

Prospects are Good

There was never a better prospect for an abundant yield of peaches in Lancaster county than there is now and the only danger to which they are yet subject is a cold snap after the blossoms have opened. Plums, some varieties of which were not forward than peaches, also seem not to have suffered. Cherries, apples and the other harder fruits, of course show no injury. Even the snow flurry on Monday morning was of such brief duration that we do not think it affected any of the earlier crops.
