If we sell you one STYLEPLUS suit you will come back for another, and while you are here you may learn to like us and buy a hat, a shirt, a pair of gloves—or merely a necktie.

You can save good money on your clothes if you let us convert you to STYLEPLUS—the clothes made by the largest clothing makers in America by specialized and money-saving methods.

**A MESSAGE**

To Feeble Old People.  
As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectually than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil, is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

A grandniece of Alexander Hamilton, over eighty years of age, once remarked: "Vinol is a godsend to old people. Thanks to Vinol, I have a hearty appetite, sleep soundly, feel active and well. It is the finest tonic and strength-creator I have ever used."

If Vinol fails to build up the feeble old people, and create strength, we will return your money.
