

Women of Middle Age

From 40 to 50 Woman's Critical Period.

Such warning symptoms as sense of suffocation, hot flashes, severe headaches, melancholia, dread of impending evil, palpitation of the heart, irregularity, constipation and dizziness are promptly treated by intelligent women who are approaching the period of life.

This is the most critical period of woman's life and she who neglects the care of her health at this time invites incurable disease and pain. Why not be guided by the experience of others and take Lydia E. Pinkham's Vegetable Compound? It is an indisputable fact that this grand old remedy has helped thousands of women to pass through this trying period with comfort and safety. Thousands of genuine and honest testimonials support this fact.

From Mrs. HENRY HEAVLIN, Cadiz, Ohio.

Fort Worth, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound and derived great benefit from its use. It carried me safely through the Change of Life when I was in bad health. I had that all gone feeling most of the time, and headache constantly. I was very nervous and the hot flashes were very bad. I had tried other remedies and doctors, but did not improve until I began taking Lydia E. Pinkham's Vegetable Compound. It has now been some time since I took the Compound and I have had no return of my old complaints. I always praise your remedies to weak women."—Mrs. HENRY HEAVLIN, R. F. D. No. 5, Cadiz, Ohio.

From Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

Fleetwood, Pa.—"During the Change of Life I was hardly able to be around at all. I always had a headache and I was so dizzy and nervous that I had no rest at night. The flashes of heat were so bad sometimes that I did not know what to do.

"One day a friend advised me to take Lydia E. Pinkham's Vegetable Compound and it made me a strong, well woman. I am very thankful that I followed my friend's advice, and I shall recommend it as long as I live. Before I took the Compound I was always sickly and now I have not had medicine from a doctor for years. You may publish my letter."—Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

From Mrs. F. P. MULLENDORE, Munford, Ala.

Munford, Ala.—"I was so weak and nervous while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand to have a gate slam. I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend it to all women afflicted as I was."—Mrs. F. P. MULLENDORE, Munford, Ala.

St. Luke's Calendar

Friday, April 25, St. Mark's Day. St. Mark is one of the four Evangelists to whom we owe accounts of the words and deeds of our blessed Lord. In the book of Acts he is called "John, whose surname was Mark." During our Lord's ministry, St. Mark was a very young man. It is conjectured that it was at his home that the Last Supper took place. He accompanied Paul and Barnabas on their earliest journey together, and his indecision was the occasion of a serious break between the two Apostles. Later St. Paul, who had judged Mark sternly, seems to have become much attached to him for he writes in one of his later Epistles "Bring with you Mark, for he is profitable to me." St. Mark after being given Apostolic authority, labored in Egypt and is revered today by the Coptic Church, the ancient Church of Egypt and Abyssinia, as the first Bishop of Alexandria.

St. Mark's Gospel has all the vividness of a writer who has seen what he describes. As St. Mark was a relative of the Apostle Peter, it is believed that much of the account was taken from the personal testimony of St. Peter.

The remains of St. Mark are believed to rest under the high altar of St. Mark's Church, Venice. Sunday, April 27—Rogation Sunday. At 7:30, Holy Eucharist; at 9:00, Sunday School; 10:30 Matins, Litany and Sermon; at 7:30 Evening prayer and Sermon on the 6th Commandment.

Rogation Sunday, or the Sunday before Ascension Day, dates from the time of a great earthquake in Gaul, which occurred while Christians were worshipping in church. In terror they fled from the building, leaving the good Bishop Marcellus, who was officiating, kneeling before the altar. As he knelt there, he vowed to institute in his diocese special days for supplication against such sudden calamities. This was the origin of the Litany processions, which became very general in the Church. The Rogation days are used as days of prayer for good crops and harvests, in many places processions are formed, which march about the boundaries of a parish singing the Litany.

On Wednesday night last, a chapter of the Girls' Friendly was organized in connection with St. Luke's Parish. The Girls' Friendly is the largest society of girls and women in existence. Its motto is "Bear ye one another's burdens." Its object is "to band together in one society churchwomen as associates, and the girls and young women as members for mutual help (religious and secular) for sympathy and prayer." Its third rule is "No one who has not borne a virtuous character shall be admitted either as member or as associate."

In this society girls in various stations will find help and friendship. The lonely girl will find friends, young friends and companions, and older women who can advise and help them over the hard places in life. The girl whose life is dull and whose work is hard will find brightness and amusement in the weekly meetings. The girl who wants to help those who are less fortunate, will find plenty of opportunity.

Membership is open to all girls, no matter what may be their religious connection. One advantage of membership is that girls moving to a strange place, especially in large cities will find Girls' Friendly Societies ready to welcome them, and introduce her to new and desirable acquaintances. Every girl whose heart is pure, who is willing to obey the few simple rules of the society, is welcome no matter what her work, her home or her religion. Each will find in the Society the occupation, the amusements, and the friends she most desires. The meetings will be Wednesday nights, in the gull rooms of St. Luke's Church.

A GOLDEN OPPORTUNITY

Who Can Write the Best Composition on the Maintenance of Earth Roads

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Logan Walter Page, Director, Office of Public Roads, United States Department of Agriculture, Washington, D. C. All compositions must be submitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as the compositions can be graded. The composition may be based on knowledge gained from books or other sources but no quotations should be made.

After many years' experience in dealing with the public road situation of the country, it is Mr. Page's belief that ignorance on the subject of repair and maintenance of roads is as much the cause of their bad condition as any other one factor. It is expected that the competition will bring about a better understanding of the subject of repair and maintenance in the rural districts. Many children living in the rural districts have experienced the disadvantages of roads made impassable through a lack of proper maintenance and it is expected that their interest in the competition will stimulate greater interest among the parents. Bad roads have prevented many children from obtaining a proper education and have even prevented doctors from reaching the side of rural patients in time to save their lives.

Any child between the ages mentioned, attending a country school may compete. Only one side of the paper must be written on; each page should be numbered; the age, name and address of the writer, and the name and location of the school which he or she is attending must be plainly written at the top of the first page. Announcement of the competition has been sent to the superintendent of schools in the rural districts. No further information can be obtained from the office of Public Roads. This announcement should be plain to everyone, and all children will thus start on a basis of equality.

State Pension Bill Has Passed

The Matt pension bill was passed finally by a vote of one hundred and sixty-six to seven in the House, at Harrisburg, last week. There was only one speech against the bill—by Representative Gray of Cambria—and Mr. Matt of Bradford, replied that the bill was so simple it needed no explanation. The measure carries an appropriation of \$1,500,000 and provides pensions for soldiers, sailors and marines who served in the Civil War from Pennsylvania.

Pensions are graduated according to service, \$5 a month being payable to veterans who saw one year's service, \$6 for those who served two years and \$7 to those who served three years or more.

HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stevia, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

Doctor Pierce's Golden Medical Discovery,

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. Address: World's Dispensary Medical Association, Buffalo, N. Y.

MR. CHAS. FAEBER, JR., of 882 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several doctors and most everything anybody recommended to me, but kept getting worse and honestly did not care to live as I was never well even though, at times, I had no pain. My symptoms were as follows: Always tired, my whole body in a throbbing of pain, pain and soreness in the stomach, vomiting, constipation, could not eat what I wanted to eat or what would agree with me, and was melancholy. But after taking Dr. Pierce's Golden Medical Discovery with the 'Pleasant Pellets' it has made me a well man which is something to live for!"
