HOW YOU CAN HELP

It Costs \$135 a Day to Conduct the Lancaster General Hospital

As few people are acquainted with the work done by such an institution as the Lancaster General Hospital, it may not be amiss to call the attention of our readers to it at this time. Its nineteenth annual report shows an expenditure for maintenance alone, of \$49,318, which means an average daily expense of \$125, or about \$5 every hour. This explains why it is that this hospital is always in need of money and must, therefore, constantly come before the people with an appeal for help.

It should also be known that, while the State pays \$15,000 of this amount toward defraying the expense of caring for charity patients, the report shows that these cases involve an expenditure of almost \$25,000, leaving \$10,000 to be made up by local contributions. No doubt, many of the good people of Lancaster county, laboring under the impression that the State supports this institution, will see that this is not the case and that, therefore, their contributions are needed to care for these unfortunate.

It may be of interest to some of the charitably inclined people of this richest agricultural county in the whole country, to learn how they can help in this benevolent work, and thus still further increase the institution's efficiency.

Any man can become a life member of the corporation by contributing \$100, once for all. This entitles him to receive all reports of the institution, to receive notice of, attend and vote at its annual meetings, hold office, and participate generally in its business affairs.

By paying \$125, he can have the privilege of nominating to a free bed, child patients, one at a time, for one year. (This does not mean that the same patient must remain for the whole year; others may be appointed in turn.)

For \$250, the same privilege can be had for five years.

The payment of \$1,000 entitles the contributor to the privilege of nominating an adult patient to a free bed for five years.

\$3,000 secures the privilege of nominating a patient to a free bed during the lifetime of the contributor.

This privilege will also be granted to a corporation or society for ten years, and affords an excellent opportunity for a congregation or society or Women's Auxiliary to provide for the care of its sick members.

The contributions made during the past year, by the pupils of the public schools of the county, toward furnishing two rooms, suggests the idea that others might like to do a similar work, and it may therefore be stated that \$500 will furnish a room and provide for its perpetual re-furnishing as occasion may demand.

Here is an opportunity for societies, congregations, and especially auxiliaries, to help; for furniture wears out and must be constantly replaced in order to keep the institution in proper condition.

Dr. R. K. Buehrle, for over thirty years City Superintendent of the public schools of Lancaster, and since 1896, one of the Board of Directors of the Hospital, will be glad to furnish information to all inquirers.

Checks should be made payable to the Treasurer, Mr. A. P. Schnader, Lancaster, Pa.

Here's a Funny One

While going thru Rheems in his Ford runabout on Saturday afternoon, Mr. Ray Keller of this place, unintentionally ran thru a small flock of chickens but did not know at the time that he had struck any of the fowls. He came home and while on his way up Main street his attention was called to the fact that a chicken was hanging on his machine. The crank handle had pierced the hen's body and it was carried a distance of about three miles in that position. When rescued it was still alive.

Severe Thunder Storm

While D. W. Nissley, a farmer of Rapho township, was plowing, a severe thunder storm passed over that section with such fury that both man and horses were knocked down. He then took refuge in a large tobacco shed until the storm was over. Both man and horses were considerably shocked.

Even Worse Than Here

There was a time when newspapers accepted any old thing for subscription. Even in this town we can remember when a publisher accepted potatoes, cabbage, apples, ducks etc., but the News-Sun, a daily in Indiana, has accepted a bull-dog for a year's subscription.

On The Diamond

FIRST PRACTICE GAME WAS PLAYED HERE SATURDAY

Maytown High School Disappoints the Local High School Team—Some Very Good Material for Mount Joy This Season—Good Schedule Arranged

The New Holland High School defeated Elizabethtown High School on Saturday 15 to 10. Highspire defeated the strong Enola team Saturday 2 to 1. The victors play here later in the season. There will be another practice game Saturday afternoon between picked nines in order to give everybody a chance.

The recent rains and several men are certainly putting the diamond in great shape. It will be in excellent playing condition until Saturday.

The Crescents, of York, who play here June 28, easily defeated the Franklin A. C. of that city on Saturday. They had 14 hits off of Bush, an ex-league twirler.

Columbia plays here May 17. On Saturday they defeated Marietta 8 to 6. Welsh, who pitched for Columbia had 18 strikeouts. Whitey Fisher, who is well known here, captains the team and plays third.

The Juniors played a game of ball Saturday morning on their new diamond near the old Mennonite Church when Walter Mumma's team defeated Elwood Garber's team by a score of 23 to 7.

The Foresters Lodge is out with a challenge to the Red Men for a game or series of twilight games this summer, the proceeds to be donated to the local base ball club. This should prove interesting as there is an abundance of good natural rivalry between these two organizations.

The following schedule has thus far been arranged:

May 10—Open.

May 17—Columbia.

May 24—Franklin A. C. of Lancaster.

May 30—Keystones of York. (Two Games)

June 7—Cordella.

June 14—Actives of Lancaster.

June 21—Black Front, of Lancaster.

June 28—Crescents, of York.

July 19—At Mountville.

Dates are now pending for games during July and August with Marietta, Manheim, Litz, New Holland, Hershey, Elizabethtown, Ephrata, Middletown and Highspire.

CLAIMS \$10,000 DAMAGES

Mr. Abram M. Kulp Also Wants \$1000 Damages for Slander

Abram M. Kulp has entered suit in the court of common pleas against Sarah Spangler of Salunga. The plaintiff claims \$1000 damages from the defendant for circulating reports affecting his reputation for honesty.

In the Court of Common Pleas W. E. Shaak and J. R. Kinzer, attorneys for H. S. Bomberger, have brought suit against H. C. Reinhold to recover \$10,000 damages. The plaintiff is a resident of Palmyra, and the defendant lives at East Petersburg. Bomberger, who is the State representative and collector of the Pennsylvania State Cattle-men's Association, alleges that Reinhold caused reports to be circulated to the effect that he had been dismissed from his position, which are alleged to be untrue.

DIRT WILL BE HAULED

Pike Company and Street Committee Make Compromise

The Harrisburg and Lancaster Turnpike Company own just twenty-six feet of the centre of Main street. Last Fall this company and Borough Council, expended over \$2000 for stone, giving the street a top dressing thru town.

The usual custom of scraping the loose dirt, which was so annoying during dry spells, was begun this week. The dirt was to be hauled away by Council as heretofore. The removal of this dirt was objected to by a representative of the Pike Company and Supervisor Welsh was yesterday ordered not to remove any more of it until further orders. In several instances citizens were ordered to discontinue scraping.

Just what was to be done with the ground placed on heaps at very many places thru town was then the bone of contention and the matter was finally settled this afternoon.

Mr. Eli G. Reist of the Pike Company and Mr. B. S. Dillinger, chairman of the Street Committee, got together this afternoon and at 2:30 these orders were issued:

Mr. A. B. Welsh, Supervisor: You are hereby instructed at the orders of Eli G. Reist, to remove at once all dust and dirt scraped on heaps on Main street.

B. S. Dillinger, Chairman. The Pike Company requested that no more scraping be done on Main street.

Beats Anti-Fat Medicine

An exchange says: A man down in Arkansas crawled into a hollow log to get out of the rain. The thunder rolled and the rain poured down in torrents and the log swelled up until the poor fellow was unable to move. Face to face with a cruel death he began to think of his sins. Finally he recalled that he had not paid his weekly newspaper, which made him feel so small that he crawled out through a knot hole.
