USEFUL INFORMATION FOR THE FARMERS

How to Get Rid of Chinch Bugs—
Dairying as Means of Building up
Farm The Poultry—Distemper in
Horses—Other Notes

A pig gives the best returns from dairy products while young.
As the lambs grow and require more milk, increase the grain with judgment.

The poultry industry of the United States is today the most thriving industry we have.

The following is an excellent remedy for a cough that follows distemper in horses: Granulated sugar, one pound, in which mix powderer chlorate of potash, eight ounces, and powderer lobelia, two ounces.

The sudden purchase on Friday of a large tract of land by the Pennsylvania Railroad Company has given rise to the report that the company is preparing to carry out its plan of building a \$500,000 passenger station there.

Farmers Can Make Apple Vinegar
Farmers need have no fear of violating the law in making vinegar if they use pure apple juice and dealers need not hesitate to sell it.

The Week in Grain

Compiled for the Mount Joy Bulletin at Mount Joy, Pa., by Wm. L. Bear & Co., Pennsylvania Building, Philadelphia, Pa., by D. B. Lehman, manager, Woolworth Building, Lancaster, Penna.

The July Government Crop Report, published early in the week, showed the most extensive crop losses in June during recent years.

A careful analysis of the report does not seem to justify a bearish attitude as to prices. For only the second time in thirteen years the condition of Oats at July 1st is below 80.

Wheat has failed signally to maintain its early promise? From a condition at 91.8 at May 1st, winter wheat goes to harvest sixty days later with a condition of 81.6.

A new law gives to the counties the state's share of the state tax on personal property—the counties will now get all of that tax instead of three fourths of it.

County Treasurer Will Get That Amount According to Law

It does not look as if there would be a decrease in the county tax rate for 1914. The county commissioners will probably be governed by the recommendation of the controller.
