Mount Joy Boro Council met on Monday evening with Pres. Brown in the chair and Messrs. Dillinger, Tyndall, Barto, Ricksecker, Burgess Hoffman and Clerk Fellenbaum present. The minutes of the previous meeting were read and approved.

The report of Burgess Hoffman showed collections amounting to \$13.50 the past councilmatic month. Mr. Hoffman reported that the present light contract expires on Nov. 15 and arrangements should be made for its renewal.

The Light Committee was ordered to see what kind of a renewal contract can be made with the Edison Electric Company and report at the next regular meeting of Council. The last contract covered a period of five years.

Mr. Dillinger of the Street Committee reported that the Bell Telephone Co. had removed the low wire across the Barbara street bridge. The Traction Company asked the Street Committee to repair all pavements disturbed by the replanting of poles and send them bill for same and it would be paid promptly. Part of Detwiler Avenue was graded as ordered. The sewer at Farmers' Inn was clogged and same was repaired. Many sewers were cleaned and all stone hauled on Manheim street but that the wrong size was delivered as they were to be Nos. 1 and 2 and the latter were furnished exclusively.

Mr. Tyndall of the Water Committee reported the purchase of a carload of bituminous coal from Mr. Clarence Schock at \$3.25 per ton delivered. Mr. F. H. Baker's bid was \$3.40. He recommended the replanting of the iron fence around the reservoir. So ordered.

Mr. Barto of the Finance Committee reported the approval of a number of bills.

Mr. Ricksecker of the Property Committee, Mr. Brown of the Light Committee, Mr. Dillinger of the Special Committee, and the Board of Health reported everything O. K.

Rev. C. D. Rishal, pastor of the Church of God, appeared before Council with a numerously signed petition requesting the purchase and placing of street markers. He also presented a sample together with the cost of same. The matter met with Council's approval and the Street Committee was given the matter for consideration to report at the next regular meeting. The petition had 251 signers.

The report of the Union National Bank, treasurer, showed a balance of \$2,967.19 in the Borough account and \$3,758.14 in the Water account.

A number of bills were paid and Council adjourned.

Prevented an Accident

One day last week a certain man from Elizabethtown was being shown thru the Grey Iron here when he was saved from being burned by the good presence of mind of an employer. He was near the cupola while the moulders were pouring off when a spark of iron lodged on his rubber collar and immediately set it on fire. Mr. Samuel Eshleman, who was near him, tore the collar from the shirt, thus preventing any injury whatever.

ROBBED A SECOND TIME

Mr. Harry Laskewitz's Shoe Store Entered Monday Night

For the second time within seven months Mr. Harry Laskewitz's shoe store on East Main street, in this place, was entered by thieves Monday night and a large lot of shoes stolen.

They effected an entrance by breaking off a rear shutter and then raising the window. The thief or thieves must be familiar with his store as they took only the best men's and ladies' shoes in stock. Most of the shoes were removed from the boxes, while a few were taken boxes and all.

Only that day had Mr. Laskewitz replenished his stock by filling all the shelves in the store and yesterday morning when he opened for business, he was surprised to see all the empty boxes strewn about on the floor.

Thirty-nine pairs were taken. They are valued at about \$75. There is no clue to the robbers. This same store was robbed last December.

Mr. Laskewitz is offering a reward of \$25 for any information that will lead to the arrest and conviction of the thieves. Send any information to Harry Laskewitz or High Constable Frank Shatto, Mt. Joy.

SMASHED 19 PANELS OF FENCE

Freight Train Makes Kindling Wood at the P. R. R. Station

Something projecting from an east bound freight train thru here, about midnight Sunday night, supposedly an open car door, sideswiped the fence between the two tracks of the P. R. R. at the depot here. The result was just nineteen panels were knocked off the posts and thrown on the north track.

Shortly after the accident track walker, Mr. Elmer Ebersole came along and immediately began removing the fence. Before he had removed more than a few panels, a train going west came along at a high rate of speed, ran over the fence and reduced it to kindling wood.

The pieces were strewn about for some distance and fortunately the train that ran over the fence was not damaged in the least.

Fortunately none of the trains were derailed or there would certainly have been quite a pile-up.

WILL GIVE SACRED CONCERTS

The Foresters Band Will Favor Us With Music Sundays

Mr. Charles DeLong is making a move that will certainly be appreciated. The question was asked Instructor Wesley Givens of the Foresters Band, "Why doesn't the Band render sacred concerts?" Mr. Givens responded: "Get us the music and we'll play it."

Mr. DeLong immediately got busy and was favorably received by a liberal contribution from almost every individual he met.

When last seen he had money enough to purchase the music, so it is a certainty if the music can be purchased, the first concert will be rendered in the park on Sunday evening, and if not received in time, the initial concert will be given the following Sunday evening.

The concert will not in any way interfere with religious services in any of our churches as it will be held immediately thereafter.

This is certainly a good move and those interested can best see how well their efforts are appreciated by the attendance.

If there is any particular selection desired by any one, please inform Mr. DeLong and he will make an effort to procure same.

THATS QUITE A RECORD

Mr. S. H. Tressler Greatest Wheat Grower in This County

Mr. Samuel H. Tressler, who tenants one of the Cameron farms near Donegal Springs, is undoubtedly the champion wheat grower in Lancaster County as can be proven by the following figures.

This year he farmed 115 acres which netted him 3,460 bushels or an average yield of over thirty bushels to the acre. For quality, as well as an abundant yield we doubt whether there is a farmer in this county can come near that.

He recently threshed his wheat crop which required nine days. In addition to threshing he also baled over 100 tons of straw which he will sell at his big public sale next March. Mr. George Shuman with his new Peerless outfit, was the thresher.

Mr. Tressler also owns a good sized farm in East Donegal township which is tenanted by his son Joseph Tressler. On fifty acres of that land this young man raised 1,400 bushels of wheat, which is almost an average yield of thirty bushels to the acre. This crop was threshed by Mr. Daniel Derr of this place, in five days. In addition 75 tons of straw was baled.

A TIMELY DISCOVERY

Mrs. John Bausman Prevents Destruction of a Big Barn

The timely discovery of a fire and good presence of mind of Mrs. Jno. Bausman undoubtedly prevented the destruction of a large barn on the farm of Mr. Jno. Frey, jr., east of town.

The supposition is that a spark from a train set fire to the wheat stubbles. After burning over an area of several acres the flames found their way to the barn and were burning along a wall at the rear foundation when discovered by Mrs. Bausman, wife of John Bausman, who tenants the Frey farm. She was alone at the time but immediately procured water and began extinguishing the flames with a sprinkling can, about a dozen buckets of water doing the work.

This timely discovery prevented the destruction of one of the finest barns in this section.
