UNION WEATHER FORECAST
Mt. Joy Ahead of Many Towns in That Respect

Since last Saturday we can boast of something that very few towns the size of ours enjoy. A public weather station has been established here which is certainly a great convenience to all.

The instrument used at this station is, same as the one used by the government throughout the United States. The height of a town above sea level is taken and the machines are then set to correctly register the weather forecast from ten to twelve hours in advance at all hours of the day and night.

Such an instrument was placed at the corner of the Exchange Hotel Saturday and is illuminated every night until eleven o'clock. The installation of this service does not cost our town a cent as there are a limited number of advertisements placed in the case which defrays the entire expense.

The people's appreciation can be best verified when one sees the large number of persons who stop to glance at the instrument's predictions.

WOMAN A SUICIDE

Mrs. Grace Miller Ended Life by Taking Poison

Mrs. Grace Miller, wife of Levi Miller, residing in Conoy township, near Bainbridge, committed suicide on Friday afternoon by taking a dose of poison. Despondency is supposed to have been the cause of the rash act.

Mrs. Miller had been despondent for some time and in the afternoon she was taken suddenly ill with spasms. Dr. S. F. Ulrich, of Elizabethtown, was summoned and he soon discovered that Mrs. Miller had taken poison, a preparation that was used for killing rats. The physician did all he could to relieve the woman, but she died within a short time after he was summoned.

Mrs. Miller was twenty-six years of age and was a member of the Mennonite church. Her maiden name was Ebersole. Her parents, Mr. and Mrs. Samuel Ebersole, her husband, two small children and two brothers and one sister survive. The funeral was held from her late home Monday morning.

Two Runaways This Week
Pupils of the First Primary School Make a Narrow Escape From Being Run Over.

Two bad runaways occurred here this week and fortunately neither horses or drivers were injured. This however, can not be said of the vehicles.

On Monday Mr. Clarence Schock's two horse team was standing on Market street near the new bank when the horses frightened and ran away. They went down town and in trying to make the turn at Barbara street, ran on the pavement at the Union National Bank. One horse fell and slid about fifteen feet on the concrete pavement, escaping with a few bruises.

Yesterday afternoon Mr. Edward Mutzer, a farmer south of town, had his horse tied at the Exchange Hotel on Barbara street, when Merchant D. F. Gable's auto came along. It frightened the horse who tore loose by slipping the bridle. The frightened animal ran up Main to

Marietta and at the corner of Delta and Marietta a number of men attempted to stop him. The horse turned, ran over the concrete wall at the school house and up thru the school grounds, within a few feet of the main entrance to the school house. At the west end of the school grounds the wagon lodged against a tree and the horse went over the concrete wall, across the pavement and up Marietta street. The wagon was wrecked, but that no one was run over is almost a miracle, especially at the school grounds.

Mrs. M. G. Miller, teacher of the First Primary School, had just dismissed her pupils and all were standing, awaiting orders to march out. Within a minute after the horse passed the door the pupils marched out and had they been dismissed a few moments sooner, many of them would undoubtedly have been frightened animal ran up Main to

A Good Suggestion

Citizen Urges Union Religious Services in Connection With Sunday Evening Band Concerts.

The Sunday evening concerts held by the Foresters Band has struck a popular cord as indicated by the attendance from Sunday to Sunday. If the idea had its birth in the band organization, to the band greater part of it. To us we would accord all credit due them, if we are wrong in our deductions we wish the credit to fall on those entitled to same.

A platform should be provided for the use of the band and seats for the spectators. This suggestion to make to the Band and to the ministers of our town. Even if it should meet the approval of those referred to we presume it is too late in the season to carry out the idea and if so the plans could be taken up next year at the proper time. The suggestion is this: During the summer months let the churches abandon their Sunday evening services and hold religious services in the park.

At least two ministers are present in fifteen minutes of the band to furnish the greater part of it. To us we would accord all credit due them, if we are wrong in our deductions we wish the credit to fall on those entitled to same.
