A New Industry

The Pennsylvania Foundry Co. Will Locate Here

NEW CONCERN IS CAPITALIZED AT $75,000.00

A New Industry That Will Employ From Fifty to Sixty Hands—Building Will Be 300x70 to Start—Will Give Employment to Many Moulders

Just as the new year 1914 is about to dawn upon us we are more than pleased to hand out a bit of good news to all those who are interested in the welfare of our town, its people and its industries.

This movement has been hanging fire the past nine weeks but nothing definite was done until a day or so ago when capitalists from Detroit, Mich., Philadelphia, Lancaster and Mount Joy, decided to launch a manufacturing concern capitalized at $75,000.00 from the start, in or near Mount Joy.

The new industry will be known as the Pennsylvania Foundry Company, of which Mr. M. A. Rollman, of the New Standard Hardware Works, will be president and general manager. While it has not as yet been definitely decided, it now looks as though the plant will be located on land now owned by Mr. Andrew Sumpman, west of town. The New Standard Hardware Works has an option on Mr. Sumpman's twenty-three acre farm and the tract on the south side of the pike along the old P. R. R. siding, will quite likely be the site chosen.

A building will be erected 300x70 feet, will be one story with a modern foundry. The plant will eventually include polishing, rattling and galvanizing department. A tinning plant will not be necessary on account of the complete tinning department now conducted by the New Standard Company and which was only recently enlarged.

From the start from fifty to sixty men will be employed, forty of which will be moulders and the number of employes increased as the plant is developed.

The machinery will be the most modern that can be installed and the interior will be equipped in up-to-date methods such as are now in vogue at the New Standard's plant.

A permanent organization will be effected shortly after January first and building operations will begin early in the Spring.

SUED FOR POLLUTING RIVER

State Brings Suits Against Numerous Violators

Suits against a number of the owners and managers of factories, mills and tanneries, refuse waters of which empty directly and indirectly into the Conestoga river, were brought yesterday before Alderman Spurrier by State Fish Warden Chas. F. Gehman, who is the special pollution agent of the State Department of Fisheries. The charge is pollution of the Conestoga water shed.

The warrants of arrest were served by Constable Keesey on the following:

John Hollinger, tannery; Jno. Eckman, saw mill; Park Run Tanning Co., Grove Locher and W. T. Wills; George C. Lamparter & Sons, glue factory, George C. Lamparter and Harry Lamparter; Robert Groetzinger, tannery; John Farnum Co., cotton mills and dye works, W. F. Humble, superintendent; P. Schum Sons & Co., dye works, Mary A. Schum and W. R. Snader.

For some time the State investigators have been at work regarding the pollution of the waters of the Conestoga river and the present suits are the outcome. The defendants have been summoned to appear before Alderman Spurrier for hearings this morning at 10 o'clock.

This is the first place in the county that an example has been made but we understand the authorities will continue the investigations.

Asks Vacation of Sale

Walter G. Brown presented a petition to the Court asking for relief in the purchase of real estate from the assignee of Winfield L. Heisey. He asked for an order of Court to vacate the confirmation of sale, and to return to him the ten per cent. he paid when the sale was held. The assigners opposed the granting of the rule and the Court refused it.

ONE HUNDRED AND TWENTY-FIVE ENJOY A GRAND BANQUET

One of the Most Successful Anniversaries in the History of the Order—Banquet Was Held in Mount Joy Hall on Friday Evening—Roth's Orchestra

There were Masons galore in our old burg last Friday evening and we feel certain every member of the fraternity will long remember the occasion.

Casiphia Lodge No. 551, F. & A. M., was constituted September 21, 1877 and it was high time for the brothers to celebrate their thirty-sixth anniversary. The committee of arrangements left nothing undone to make the event the greatest, grandest and most successful ever held and by all appearances they made good.

Roth's orchestra of Lancaster, furnished music for the occasion. There were covers laid for one hundred and twenty-five. A special car from Elizabethtown, brought many of those now living at the Home there. The Hall was tastily decorated for the occasion.

The following program was rendered in Mt. Joy Hall:

Music, march, Orchestra; Prayer, Brother Isaac Howard Kern; Words of Welcome, Brother Victor Stoll Haldeman, Worshipful Master; Music, Orchestra; Address, Brother J. Henry Williams, R. W. Deputy Grand Master; Music, Orchestra; Address, Brother, Henry J. M. Klein, Zeredathah Lodge No. 451, York, Pa.; Address, Brother Andrew H. Hershey, District Deputy Grand Master; Music, Orchestra; Address, Brother Henry H. Myers, Cassiphia Lodge No. 551; Address, "Our Masonic Home," Brother Shaffer, a guest of the Home; Music, Orchestra; Address, Brother William J Steward, Worshipful Master Elect, Lodge No. 43; Music, Orchestra.

WOMAN BADLY BURNED

Saved From Being Burned to Death by a Neighbor

That Mrs. Reuben Miller was not burned to death at her home two miles east of here one day last week is due to the good presence of mind of a neighbor that happened to call, finding her clothing ablaze and quickly extinguishing the flames.

Mrs. Miller was sitting aside a stove, became ill and unconscious. She was alone at the time. The stove set fire to her clothing which were burned and her side was badly blistered. A neighbor just happened to call about that time and quickly extinguished the flames. Mrs. Miller was still unconscious. A physician was sent for and at this writing she is doing as well as can be expected. The unfortunate woman is the mother of Mr S. H. Miller of this place.
