An Apprentice Wanted

the local news in the Bulletin.

We wish to state that we will publish any letter from any one that would be of interest in this column at any time and on any subject, but we want it understood that the views expressed under this head are not necessarily ours. Here's an opportunity for all of you to get in on the editorial end.

Let's get together and boost for a greater Mt. Joy in 1914.

The question has been asked "Do we have a Board of Trade?" Some say we have, others they do not. If we have please publish their names that the citizens of Mt. Joy may know just who they are. Mt. Joy possesses great advantages and should have a population of at least 3500. There is no good reason why we should stand still and our sister town grow in population. Things that fail to change are dead. Let us resolve that in the future we will use all of our spare time and energy in telling the world about the good things we offer to new capital and labor together for the development of our town. We have splendid railroad facilities and trolley service. We possess many thriving industries and there is room for more. There is nothing to prevent us from extending our bounds if necessary. If the people of this town work together, shoulder to shoulder for the upbuilding of Mt. Joy they can make it not only the very best place in which to live but also the most prosperous community within a radius of many miles. The location of Mt. Joy is most favorable for a greater Mt. Joy. A word from others along this line is suggested.

Yes we have a local Board of Trade. After a series of meetings in the Mount Joy Hall, a Board of Trade consisting of 58 members, was organized. Later a charter was applied for and received. The officers are: President, Mr. H. C. Selby; Secretary, Dr. John J. Newberry; Treasurer, Mr. I. S. Longenecker; Solicitors, Coyle & Keller. It may also be of interest to say that there is a balance of over \$100 in the treasury.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

HENSON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO., (OFFICE) 253 N. BROAD ST., NEW YORK, N. Y., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
