

Laundry Queen!

An important feature is our patented revolving wringer which rotates to any position and locks there. It can be used to wring in or out of any of four tubs if desired. It is equipped with the Grinnell patented wringer reversing attachment by which the wringer may be instantly stopped or reversed by a slight movement of a lever conveniently located. It is equipped with a reversing water

board which throws the water in either direction and has double extension draining boards. The wringer rolls are of the very best grade manufactured—in fact, a better grade than is used by any other machine manufacturer. The compression springs are twice as long as those used on machines of other makes, thus increasing the capacity and efficiency of the wringer.

SYSTEMATIC SAVING

Few people save much unless they have a definite plan. Spasmodic saving seldom results in large accumulations.

Some people save all their coins of a certain date; others save by cutting off certain luxuries; others by a system of fines for breaking certain rules; but there is still a better plan. Set aside a definite sum as a debt to your future and deposit it each week in the

Sincerity is Built Right into the

HAYNES

America's First Car

LOOKING at it from your view point, in choosing your car you will consider several things which are more important to you than the size of a manufacturer's factory, or how many thousands of cars he builds, or how many talking points he may have in equipment.

The Haynes factory (new plant built and completely equipped in 1911) has been called by authorities "one of the most efficient plants in the world." The Haynes output is large enough to earn minimum costs on parts and materials—not so large as to make Haynes cars common. Haynes equipment leaves nothing to be asked for.

But Haynes Sincerity means more to you than these things mean.

Haynes sincerity is possible only in such an organization as this, where the original builder of the original Haynes of 1893 still is, and through all these years has been, at the head of the same organization; where the skilled machinists have grown up in the plant, inspired always by the Haynes spirit; where the same designing engineer has, for many years, worked out the logical development of the motor car; where every workman's wage is paid by the week and not by the piece; where for nearly a generation the business policy has been dictated by honesty of purpose and earnestness of effort.

No other car at a medium price can offer you such Sincerity. Those who own Haynes cars know the tangible money value of this sincerity. You, too, can find in it an assurance of dependable service, comfort, safety and economy.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." Take Notice

Are you open for bargains? If so, I will sell Edison 2-minute wax records for 15c. each. Have about 250 to select from. We will not play them or exchange them. All records are in perfect condition and are sold for less than cost. The reason of the sale is the Edison people have discontinued the manufacture of the 2-minute record.
