Elias Eby and family called on his brother, Samuel on Sunday. Mrs. Ella Habecker spent Saturday night and Sunday with Martha Eby.

Mr. John Gets and family spent Sunday with his sister, Mr. and Mrs. Chas. Bacon.

During the recent road blockade physicians had a strenuous time on our country roads.

Miss Marie Habecker gave a sleighing party to six couples on Friday evening to a Spelling Bee at Rheems, which was much enjoyed.

The warehouse will be warmed up on Friday next for the Kendig sale, where all small articles will be disposed of in the warm room.

Sleighing parties are the order of the day and long will live the winter of 1914 in the memory of our gay young lads and their best girls.

Charles Bacon, our enterprising business man is along with the stone business, is now operating his flouring mill formerly the Garber mill and from accounts is turning out excellent flour from our domestic wheat.

Don't go skating on the Sabbath day. Remember the day as God's Holy Day. In my days as a boy we organized into a no fishing, hunting, bathing or skating on the Sabbath day and that club included several young Irishmen and Welshmen.

Our old neighbor Emanuel Moss who died from an attack of pneumonia at the home of Phares Metzler was buried in the Eberly Cemetery on Monday. The intense cold and driving snow rendered the day a severe one for the funeral goers.

On Monday evening Misses Anna and Emma Long, gave a sleighing to sixteen near Lancaster, after their return had a fine set out at their home at Landisville. Fourteen of the same crowd took another ride on Saturday evening stopping at the home of Martha Eby for a few hours on their return.

MASTERSONVILLE

Ground Hog Prophecy is Surely Making Good

All of the typhoid fever patients have gone through the dangerous period and are rapidly recovering from the effects of the disease.

Quite a few of our farmers still are holding their crops of tobacco. The buyers seem slow, but let us all have patience and all will end well. This typhoid fever epidemic which raged here seems to have developed from one of the wells. The authorities wanted to make an inspection but failed to do so. Therefore the origin of the disease is not positive.

Misses Fannie Zug, Edna Hackman, Mary Sharpe, Lizzie Zug and Sadie Zug visited our school on Thursday, Lincoln's birthday. They presented to the school a song entitled "Glory of Sunset."

On the second of February the ground hog saw his shadow and thereby predicted that we would have six more weeks of cold weather. This prediction was followed by a blinding snow storm which appeared as though we would have an old-fashioned blizzard but Old Sol took a hand and quelled the riot. Sunday and Monday—more snow citizens of Mastersonville were awakened by hearing two shots coming in quick succession. The next day nobody seemed to know anything about the mysterious shots. It has been unraveled. Our young merchant and clerk, R. R. Zug, were suddenly disturbed from their slumbers by the burglar alarm. They leaped from their beds, armed themselves to the teeth and crept down stairs in their night gowns. They thought they saw shadows. Bang, bang. The shadows stood still not hurt or scared. They then investigated and lo, they had forgotten to lock the cellar door which the wind opened causing the alarm to respond. They went back to bed as proud as young roosters with their first spurs.

Mrs. Barbara Wittel died at her home in Mastersonville, Pa. aged 73.

SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble, Restored to Health by Vinol.

The medical profession does not believe that lung troubles are inherited, but a person may inherit a weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physicians and started on 'Vinol.' Today I am perfectly healthy, and that is why I recommend 'Vinol.'"

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

P. S.—For any skin trouble try our Sazo Salve. We guarantee it.

THE SPRING SALES

Several Thousand People, 'Tis Said, Attended Saylor's Sale

About the first nearby farm sale this season was that of Mr. John Saylor, who tenants the farm recently purchased by Mrs. David Barnhart, on the road to Donegal Springs.

The weather was ideal and sleighing better, which, they claim, attracted a crowd estimated at 2,000 on Saturday. A large lot of live stock, implements and household goods, in fact enough for two sales, was disposed of by auctioneer Chas. H. Zeller.

That same afternoon auctioneer C. S. Frank was busy disposing of a large lot of personal property for Mr. D. H. Engle on West Main street.

Don't forget Friday is the time set for Mr. Martin B. Hiestand's big sale on his farm tenanted by Mr. John Brubaker, near Erisman's Church. He will sell a lot of horses, a lot of specially fine cows and heifers, and several light wagons and harness. Buyers should not overlook this sale. C. H. Zeller is the auctioneer.

Saturday we have the big annual sale of Mr. G. Moyer, at his warehouses on West Donegal street. He has a large line of implements, wagons, harness, etc., to suit everybody. You all know the kind of implements and wagons Mr. Moyer sells and makes, and should therefore be on hand for whatever you may need. C. H. Zeller will do the talking if you will do the bidding.

Tomorrow, Thursday, the farm sale of Amos N. Musser near Bender's Mill, east of town, will be held. Mr. Musser has a lot of fine live stock consisting of mules, horses, cows, bulls, shoats and a big lot of farming implements. C. H. Zeller will call the sale.

On Friday Dr. B. E. Kendig will hold his farm sale on the premises in Salunga when he will dispose of 2 horses, 1 colt, 4 cows, 2 heifers, 1 bull and a lot of farming implements. Jonas Minnich is his auctioneer.

Saturday, Mr. Stephen Jones, who lives near Sterline's school house, will sell his entire equipment consisting of extra fine horses, cows, heifers and a large lot of good farming implements. Charles S. Frank will call this sale.

Next Monday Emanuel Eby will sell his entire farming outfit consisting of horses, cows and implements on his farm near Eby's Church, 2 miles east of town. C. S. Frank is the auctioneer.

One of the biggest sales in the vicinity of Newtown will be that of Mr. Henry S. Musser next Monday. He will sell a horse, mules, hogs, chickens, farm implements and household goods. He lives at the Iron Bridge on the road to Columbia. C. H. Zeller is the auctioneer.

Next Tuesday there will be three big sales—Henry Smith, on the Mifflin farm at Columbia, to be called by C. S. Frank; Reuben K. Stauffer, a short distance east of Rheems by F. B. Aldinger, and Cyrus G. Frey, a short distance east of town near Bender's Mill, to be called by Chas. H. Zeller. These will all be big sales and they have a large lot of fine stock and implements.

Next Wednesday there will be three more sales. Mr. Frank Walter, near Felker's Mill to be called by C. S. Frank; Mr. Philip A. Staley, 1 mile from Marietta by C. H. Zeller, and Wm. F. Rhea, a short distance west of Florin, called by F. B. Aldinger. These are big sales, especially the latter two. Mr. Staley has a fine lot of stock and a lot of good implements. At Mr. Rhea's sale will be seen some of the finest horses ever sold at a public sale. He also has a lot of fine other stock and good farm implements. He will positively sell everything as he contemplates moving to Montana.

ACCIDENT TO A HORSE

Part of His Hoof Torn Off By Ice on Friday Afternoon

A valuable driving horse belonging to John C. Lichty, supervisor of West Hempfield township, badly injured itself on Friday afternoon while Mr. Lichty was driving on the road leading from Silver Spring to Salunga.

At a point in the road the animal encountered a snow drift about three feet deep. It had frozen after the thaw and the horse's feet became wedged in the drift. The animal plunged to free itself and in doing so struck the back part of the right hind hoof with the sharp toe of the hind foot completely tearing off the heel of the front foot. The injury bled profusely. The foot was wrapped in a blanket after which the horse was walked four miles to the owner's home, an hour and a half being required to cover the distance. Mr. Lichty is now treating the injury, but it will be many weeks before the horse will be fit to use.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reliable physician. Be beware of cheap imitations. It is better to pay for the genuine Catarrh Cure, than to be cured by cheap imitations.
