## New Farm and Business Directory of Lancaster County

Our Representatives Wear This Badge

The publishers of the old reliable FARM JOURNAL, of Philadelphia, are preparing to publish the illustrated FARM AND BUSINESS DIRECTORY OF LANCASTER COUNTY, giving the name, post-office, rural route, and telephone connection of every farmer in the county, all arranged under post-offices, and a classified BUSINESS DIRECTORY, including all business houses in the county, arranged under the proper headings.

With the Directory is given a complete ROAD MAP of the county, with each road NUMBERED to show the exact location of each farm, as given in the Directory.

This Directory will contain many interesting PICTURES of fine farms, thoroughbred stock, churches and public institutions, schools and pupils, portraits of prominent people, etc.

The names and necessary information about farmers are being secured by PERSONAL CANVASS of the 10,825 farms in the county. This Directory and Road Map are so useful to farmers that from our experience in other counties, we can guarantee that the Directory will go into at least SIX THOUSAND HOMES of Lancaster County, where it will be constantly used by farmers and business men for the next five years.

The Farm Journal Directories give information which makes them indispensable to every farmer and business man in the county. They are an immense improvement over other directories, containing what most publications do not give.

First, they give the names, addresses, telephone connection, and other important information about farmers. This canvass of country districts is so costly that most directory publishers cannot afford to make it, and therefore lists of farmers published are in nearly all cases copied from the assessor's lists.

The classified BUSINESS DIRECTORY includes every business house in the county, whether in city or country. In other directories the names of houses in the cities and large towns only are usually given.

These features, with the Road Map, make the Farm Journal Directory an indispensable hand-book for every live farmer and business man in the county.

If you are not sure that correct information has been given to one of our canvassers, please send it direct to our main office.
