Grand Fashion Exhibit For the Spring 1914

Wednesday, Thursday, Friday
March 18th, 19th, 20th

We welcome you to the most brilliant Style Exhibit ever witnessed in this Great Agricultural and Industrial Center.

No formal invitations have been issued, and this general invitation includes the entire population of Lancaster County and neighboring counties to come and be our guests.

The Store has been very artistically decorated for the occasion. Great quantities of Natural Vines literally covered with dainty Spring Flowers are in evidence from the Fourth Floor to the Basement, the whole being brilliantly illuminated by several hundred Electric Bubs which form a pleasing effect.

On Thursday and Friday afternoons, Roth's full Orchestra will fill the air with Music on the lower Floors; and two noted musicians, Miss Amy E. Cochran, the Harpist of Lancaster, and Lee Wittell, one of Columbia's most talented sons, Violinist, will please highly the many visitors who come to the Living Model Exhibit on the Fourth Floor. The delightful atmosphere of a cordial welcome will await all of our visitors in every part of the Store.

Every Department throughout our spacious building will look its best and our guests will be greeted by many objects of rare beauty everywhere. Of course, the chief center of attraction will be the elaborate exhibit of Fashion's Foremost Creations of Women's and Misses' Apparel, which will be displayed on a number of Living Models. This mode of presenting Fashion's newest creations is growing more popular each season with the Better Stores everywhere.

PUBLIC RECEPTION

Wednesday evening, from 7 to 9 o'clock, our entire force of clerks and assistants will be on the Reception Committee to receive their friends and ours, and no goods will be sold. But the Soda Grill will be open for the Public Refreshment, where delicious Ice Cream, Sundaes, and Sodas may be had. This is the only department where sales will be made.

Owing to the over-crowded condition on similar evening occasions, we have decided to omit the Musical Program and Living Model Display but will present the following program on

THURSDAY NIGHTS SHOW

Johnny Greiner and Ty Cobb in the Wind-Up

The show on Thursday evening by the Lancaster Athletic Club presents a good bill and that wind-up, between Ty Cobb and Johnny Greiner, should be some bout. Cobb is training as he has not done in years and he fully realizes that Greiner is dangerous. Greiner always works hard and is anxious to win, so something sensational should be the result. Kid Alberts, of Reading, will meet Tim Dronney and, although he has just recovered from a spell of sickness, he is thoroughly well again and confidently expects to win here. His reputation, which was largely made this year, shows him to be a good one. One match in the preliminaries that is expected to make a lot of excitement will be between George McCann and Billy Brown, colored men, both of whom came from the same town in the south. They have always "had it in" for each other, and for months they have been trying to "get on" at one of the shows. Al Mason is training Brown, who he says will make McCann go back south. Tommy Edwards has McCann, who is just as confident of winning. This show is going to draw a big house and the difference for reserved seats is very small so that they are worth the little extra money. Quite a crowd is coming over from Reading to root for Alberts.

Horse Runs Away

While Aaron Shank was driving on Bainbridge street, Elizabethtown, on Saturday afternoon, his horse took fright at some boys who were roller-skating on the pavement and ran away, throwing Mr. Shank out on the road, breaking his nose and badly scratching his face. He was picked up and removed to the office of Dr. Ulrich, where his injuries were attended to. It required a number of stitches to get the cuts together, after which he was removed to his home. The wagon was badly damaged and the harness torn. The horse was caught.

Many Saw the Eclipse

Hundreds of Mount Joy people watched the eclipse of the moon last Wednesday evening and they were well repaid for the watching, for it has been some years since the phenomena has been so plainly visible and interesting as it was on this occasion.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers.
Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a stage of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee. P. S. Our Saxo Salve is truly wonderful for Eczema. We guarantee it.

TOOTH TALK

Little Talks on Health and Hygiene by Samuel G. Dixon, Commissioner of Health

The African savages who polish their teeth to ivory whiteness with the chewed end of a stick may be woefully deficient in many ways but in their extremely careful observations of this hygienic rite, they can serve as an example to many civilized people.

The proper care of the teeth is as essential to the well-being of the body as is the unceasing vigilance of its sentries to a beleaguered army. The mouth gives access to infection. Unless the teeth are kept clean they will become infected and decay.

Tiny particles of decomposed food remaining between the teeth makes an ideal breeding ground for germs. When this condition exists, these unwholesome little enemies find their way into the blood thru which they are circulated into all parts of the body.

This likewise promotes the decay of the teeth, which means the breaking down of an essential part of our physical machinery. The proper mastication of food is an essential to good digestion and broken, illkept incisors, bicuspids and molars do not make satisfactory grinding machines. As a result unfair demands are made upon the digestive system and trouble is apt to ensue.

With dentistry in its present high state of development there can be but one plea advanced for rotting, illkept teeth carelessness. Begin with the children at an early age and teach them to clean the teeth thoroughly at least twice a day morning and evening. Do not allow the fact that the first teeth will be replaced by others to excuse neglect in the care of the children's teeth. Their present health, the prevention of decay and its accompanying pain and the formation

in these early years of the essential habit of cleanliness, makes the care of children's teeth of the utmost importance.

This is equally essential to the health of adults; numerous ailments of a serious nature can be traced directly to bad teeth. Then too there are distinct advantages to be derived from proper care. Think what a cheerful introduction a smile becomes which displays a row of sound teeth. It seems to bespeak cleanliness, healthfulness and self-respect.

Mrs. Lizzie Ernest McDonald died at her home near Washington Boro on Friday afternoon, aged 65 years.
