DOINGS OF THE WEEK WRITTEN EXPRESSLY FOR THE BULLETIN

Eminent Artists of Minstrelsy from Manheim Lodge, in a Repertoire of Amusements, Entertain in a Very Pleasing Manner—Excellent Services Sunday

The pictures that are photographed upon the sensitive plate of the brain, through the operation of the senses, are reproduced in memory and dreams. The music, words and scenes of long ago come vividly to mind when some familiar incident recurs. This was the experience of the guests of the Homes on Thursday evening, March 26th, when they had recalled to them the days of the popularity of the burnt cork artist, and in memory listened to and laughed with the Great Sam Sanford, the flute-like tones of John Carcross, and the side splitting antics of the inimitable Ed Dixie and Frank Moran.

The incident which recalled these eminent artists of minstrelsy, was a visit of the "587" Club of Manheim, composed of members of Manheim Lodge No. 587, who, in their repertoire of amusements, number a minstrel troop whose excellence of performance would do credit to professionals, and who kindly reproduced the classic blackened face circle with the indispensable bones and tambo endmen, for the pleasure and entertainment of the guests. The fun of the evening was assured when the gorgeously arrayed troop marched in Indian file to the platform with tambo carrying in his arms a large caricature of the "Origin of Man." The singing was beautiful and artistic, the antics and jokes very funny, the topical hits were good, and the whole entertainment was most enjoyable. It was an unusual entertainment for the Homes, and it served well its object in diverting the minds from past sorrows to present smiles. With the pleasure of its recollection, is registered in every heart a feeling of thankfulness to every one of the kind entertainers. The following was the feast of fun presented:

Introduction, "We've Got a Smile That's Worth A Million Dollars"; Introduction of Endmen; "I'm All Dressed Up and No Place to Go," O. W. McElroy; "International Rag," U. S. Blecher; Solo, "To Have, to Hold, to Love," E. T. Williams; "Sit Down," "Are Rocking the Boat," H. H. Martin; "Dream Dances," F. L. Dohm; "Ragtime Jockey Man," J. D. Hershey; Solo, "Just a Dream of You, Dear," J. Witmyer; "Fame, Fame," Messrs. Blecher, Kaufman, Hershey, Martin; "You Can't Get Away From It," A. K. Kaufman; Finale, "Mandalay."

The great event for Sunday, March 29th, was the visit of Lodge No. 43 of Lancaster for the purpose of holding religious services at the Homes, due notice having been sent to all the members of the Lodge inviting them, their families and friends to participate in the same. The result was a very large assembly of Lancaster's best at the Homes.

When the hour for opening the services arrived, Supt. N. Franklin Heckler made an address of welcome to Lodge No. 43 to the Homes, and expressed his great pleasure in greeting the members of a Lodge older than the Grand Lodge of Pennsylvania, and whose charter was granted by the Provincial Grand Lodge of Great Britain. He stated that No. 43 was the oldest Lodge in Lancaster County and probably the Mother Lodge of all the other Lodges in the County; a Lodge which has an interesting history of 129 years and has numbered among its members men prominent in State and Nation; a President of the United States; a Justice of the Supreme Court of the United States; Foreign Ministers, one now a member of the Committee on Masonic Homes, and one a District Deputy Grand Master. Brother Heckler acknowledged the generosity of this Lodge in its subscription of \$5,000 toward the establishment of these Homes, and its annual remembrance of the guests of the Homes at Christmas time, and stated that the Lodge was unique in annually distributing among the widows of its deceased members and others in need, a sum equal to one-third of its income.

Worshipful Master Wm. J. Stewart, M. D., responded in well chosen words, recalling the moral and religious character of the principals and teachings of Freemasonry, and introduced Rev. Geo. W. Richards, D. D., Professor of the Reformed Theological Seminary at Lancaster, and a member of Lodge No. 561, who conducted the services according to the following program:

Anthem, Members of St. John's Lutheran Choir; Invocation; Hymn, Congregation; Scripture Lesson and Prayer; Harp Solo, Miss Cochran; Sermon, Dr. Geo. W. Richards, Reformed Theological Seminary, Lancaster; Anthem, Choir; Harp Solo, Miss Cochran; Hymn, Congregation; Benediction.

These services were of an exceptionally interesting and inspiring character. The sermon was of marked ability as anticipated from the announcement of the Speaker. The singing of the choir was of such excellence as to place it in the foremost rank among church choirs. The music of the harp, heard for the

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sensitive Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me."

"If these lines will be of any benefit to you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

first time in Grand Lodge Hall, inspired the heart with celestial harmony as its strings responded to the magic touch of the performer, Miss Cochran.

The visitor's register records many names during the week, augmented largely by the visits of the Lodges of Manheim and Lancaster. Among others we mention The Right Worshipful Grand Master J. Henry Williams, Esq., of Philadelphia; Col. Edward W. Patton, Spencer C. Gilbert and William M. Donaldson of Harrisburg; Andrew H. Hershey of Lancaster, all of whom are members of the Committee on Masonic Homes. The Grand Master was accompanied by his Secretary, Brother Geo. F. Knight, of Philadelphia; Chas. A. Kline, W. M. Lodge No. 587, Manheim; J. Harvey Buch, W. M. Lodge No. 551, Mt. Joy; J. Fred Fisher, Secretary Lodge No. 43, Lancaster; Milton U. Gingrich, P. M. and Secretary of Lodge No. 76, Lancaster; George U. Hamilton and wife of Colwyn; Milton B. Medary, the architect of the Grand Lodge Hall, and W. P. Moon, a son of one of our guests.

HOME HEALTH CLUB

By Dr. David H. Reeder, Chicago, Ill. Elimination: Most of us find the problem of elimination more or less difficult, and I presume that much more thought is devoted to the matter of getting something to eat than to the matter of getting rid of the surplus or waste matter that we have eaten, and yet the two processes are of vital importance and I might say of equal importance. I recently told you about constipation simply from the standpoint of evacuation of the bowels. There are other methods of elimination, however, of even greater importance. The entire surface of the body is covered with little openings which are constantly at work eliminating waste matter. If these openings were all closed and prevented from performing their duties for even a few hours, death would surely follow. If the entire body was covered with a solid coat of varnish, the work of these organs of elimination would cease, what now passes off in both visible and invisible perspiration would be retained and as the lungs and kidneys could not throw it off fast enough the poison thus retained would soon cause a fatal ending.

The liver, kidneys, lungs and skin are all active in the work of elimination and if any one of these is not doing its duty, trouble follows. Keep the skin active by all means. If you do not perspire freely under heat or active exercise, you should at once investigate and learn the reason and apply the proper means for putting the skin into normal health as quickly as possible.

On page 263 of the Home Health Club book, Volume 2, I have given full and careful directions for the preparation of a simple home made solution, out of materials now in your own kitchen that will at once put the skin in perfect health. If you have not the book I will cheerfully tell you about it in a letter.

There are a vast number of people whose systems are literally filled with waste and poisonous matter. They are not sick enough to go to bed or call a doctor, but they suffer and are not at any time wholly efficient, not at their best, don't enjoy their food, don't really enjoy life. The complexion is muddy or the face is covered with pimples or blackheads. Poor elimination is at the bottom of 90 per cent. of these cases. This is especially unfortunate in the case of women and girls. One of the first duties of a woman is to look well and if she has a clean, clear complexion and a bright animated expression she will look well no matter what the features may be. She cannot have a perfect complexion without perfect elimination and neither can she have the bright cheerful and happy look of health.

I wish you could read just a few of the scores and scores of letters that I received from men as well as women, telling of the vast improvement in their feelings as well as looks after following the Home Health Club methods of clean living which means cleanliness inside as well as outside. Don't you want to look well and to be well?

HIGH SCHOOL COMMENCEMENT

Mt. Joy Township School Sends Forth Four Graduates

The sixth commencement of the Mount Joy Township High School was held at Milton Grove on Friday evening. The building was filled to its utmost by those who were anxious to see their friends receive their diplomas. The room was tastefully decorated with ferns, flowers, pentas, crepe and the class motto, "Nocte Deducimus Ubi Stabimus," formed an arch in the foreground.

The exercises began with a quartette by the graduates, entitled, "Lead Kindly Light." This was followed by the invocation by Rev. I. N. Seldomridge. The school then sang "Pennsylvania."

Salutatory Oration

Mr. Walter McAllister, in quite pleasing and appropriate words, welcomed the people to their Commencement exercises. Then he delivered his oration, "What America Has Done for the World," in a scholarly manner. The United States, although a young nation, has a strong system of self-government and other nations are now looking to us for a model. In our wars there was always such a patriotic spirit shown that no mercenary troops were required. Our natural scenery and resources far surpass those of other countries. What though the arts have reared few monuments, and scarce a trace of the muse's footsteps is found in the forest, yet our soil has been consecrated by the blood of heroes and by great and holy deeds of peace.

Miss Katie M. Lehman then sang "The Songs I Sing to You," which was followed by music by the school. Miss Florence Eshleman recited, in a pleasing manner, "The Fate of Virginia."

Mr. Moyer's Oration

The subject of this oration was "Perseverance." Every community is full of mediocre men and women, who, lacking this noble trait, do not succeed. A number of examples of men were given who possessed this characteristic and won by their unceasing efforts. The parent should try to instill this idea in the life of the child. We may not be able to do as some of these men, but if we conceive for ourselves an ideal and persevere to reach it, if we daily strive to improve ourselves, and the condition of our fellowmen, if we daily strive to follow more closely the steps of the lowly Nazarene, at the close of life we will be rewarded with the blessed consciousness of having done the best we knew.

Mr. Walter McAllister read the Class History and Mr. Christian H. Moyer told the future of the class. Mrs. Elsie Madra, in her pleasant manner, sang a solo entitled, "Life's Mirrors."

Valedictory Oration

The valedictory oration, "An Honest Man's the Noblest Work of God," was given by Miss Katie Lehman. There is nothing the world admires more than honesty. You should not be honest from the low motive of policy, but because you feel the better for being honest. Character is better than capital, and the business men are looking for the former. Oh, the grandeur of natural honesty. Then labor to obtain it, and watch ceaselessly to preserve it, for it is of more value than gold sweeter than fame, more enduring than renown, and more precious than life itself. Then in very touching words, she bade farewell to the directors, teachers, schoolmates and cherished classmates, and hoped the rough school of life would contain rich treasures for all.

Next on the program was an instrumental solo by Miss Helen Springer, an alumnus of the High School. Director Wm. A. Gardner presented the diplomas and wished them all a successful journey thru life. The address to the graduates was given by Dr. D. C. Reber, of Elizabethtown College. He chose as his subject, "Education—Its Meaning and Purpose." He gave the class excellent advice in regard to the proper kind of education. The Class Song was then sung, after which the benediction was pronounced.

Class motto: "Tonight we Launch, Where Shall we Anchor?" Class colors, Black and Gold. Class flower: Pink tea rose. The roll is as follows: Christian H. Moyer, President; Katie M. Lehman, Secretary; Walter G. McAllister and Florence W. Eshleman. The school was taught by the efficient principal, Prof. Garfield Shearer.

Fine Cattle Surely

S. G. Engle of East Donegal has a Jersey heifer for which he has refused \$500. The bull of his herd won first prize at the Connecticut State Fair with eight competitors, second prize at the New York State Fair, 11 competitors. His 22 Jersey cows yielded 11500 pounds of milk in February, besides the milk retained for the calves.

Thieves Steal Hosiery

Some time during Thursday night thieves entered Reinhold's hosiery mill, in Reinhold's station, and carried away between 45 and 50 dozen pairs of hose. The thieves broke a window pane 26 by 40 inches, making an opening sufficiently large for a man to enter.
