ON THE SHIPPER

Cancellation of the Joint Rate Called Discrimination

TERMINAL COSTS INCREASED

Its Shippers Have Entered Separate Complaint to Commission Against Proposed Suspension on Intra-State

Pittsburgh, Pa.-Thousands of ship pers and receivers of freight in Pennsylvania are awaiting with anxiety the outcome of the complaint of the Monongahela Connecting Railroad of Pittsburgh, and the shippers along its that the trunk lines be prohibited from discontinuing the joint rates with this terminal road. If the joint rates are cancelled it means that the shipper via the Monongahela Connectwhere it is not wanted. Mother ing Railroad will have to pay an adwrites a post script in her letter—"I ditional freight charge of ½ to % of a cent per hundred weight, or ten to fifteen cents per ton, on all freight shipped or received by them over the lines of the road. All shippers throughout the state making use of terminal roads would likewise be atfected and are therefore deeply inter-

ested in the outcome of this complaint.

The whole situation was brought about through an opinion or suggestion made to the railroads of the and struck the man inside. United States by Commissioner James S. Harlan of the Interstate Commerce Commission to the effect that if the trunk lines hope to get permission to that such roads are not railroads. shippers it serves by making them pay the meantime the Arnett boy had additional for their service, whereas turned about and was walking away. shippers situated directly on a trunk line would continue to enjoy the flat

Pittsburgh rate on all business interchanged between trunk lines.

Taking Commissioner Harlan's tip the railroads have announced their intention of cancelling these joint rates Can Shoot Rabbits if They Damage not only on interstate, but on intra-

sions that it was originally built to connect up the three powerful trunk line systems entering Pittsburgh, "We have been sending out innamely, the Pennsylvania, the Pittsburgh formation at every opportunity to burgh and Lake Erie (New York Centerly the people how to prevent injury burgh and Lake Erie (New York Centerly the people how to prevent injury to trees by rabbits and mice and I principal trunk lines at the flat Pitts- efficient methods of burgh rate.

The Monongahela Connecting Rail not applied this information the road was chartered and built in 1885 State can not be to blame. The and has lines for several miles along method consists in spraying and both the north and south banks of the washing the trees with strong lime-Monongahela River with a bridge be-tween. It is almost in the heart of the city of Pitchurch and in the most crowded industrial center. The road was chartered and built by the owners of the Jones & Laughlin Steel Company at the urgent solicitation of the Pittsburgh and Lake Erie Rail Paris green to each gallon, road, which at that time was entering the city on the south bank of the river to compete with the Pennsylvania for some of the even then enormous business of the mills and fac-other method of horticulture that you tories. The construction of the Mo-wish. It can be applied as a wash the Pittsburgh and Lake Erie to get across to the north bank of the river and get its share of the business there. When urging the construction of the road, the Pittsburgh and Lake Erie people agreed to make a traffic contract with the venture, so that the

latter would get a portion of the flat rate for its services. This was done. The other railroads were quick to fall in line with the Pittsburgh and Lake Erie, in offering the road a share of the flat rate for the switching services, and the business increased until last year, the Mononga-hela Connecting Railroad Company handled nearly 700,000 tons, outside 50 and 129 miles in length handle in

> sented each scholar with a rose stalk. round houses, shops and all the rest, ter of principle and is run according to printed schedule. The idea that the allowand is run according to brinten schedule. The idea that the allowance which it receives for terminal services is in the nature of a gift is grong. It does the heaviest and

most expensive work in railroading

Under the tariff plans filed by the railroads on the strength of the Inter-state Commerce Commission opinion, to take effect April 1, the absorption to take effect April 1, the absorption of the switching charges of the Monongahela company will have been cancelled. If the retion of the railcancelled. If the retion of the rall-roads is allowed to stand, all traffic consigned to industries not on the main lines will be left at junction points, with an additional terminal charge to be paid by the shipper over and above the flat rate before he can have the car at its destination. will be objected to by thousands of shippers all over he state and promises to lead to a legal battle of ne little importance to the shippers of Pennsylvan a.

SLAYER GIVEN HEARING

Killing of Billmyer Fore gner May

Have Been Acc dent Vivian Arnett, the 15-year-old colored boy who is charged with fatally shooting a foreigner employed at the lines, made last week to the State was given a hearing at the office of Public Service Commission, asking Squi e Gramm at Marietta Thursday Squi e Gramm at Marietta Thursday and at the conclusion of the taking of evidence he was held in \$1,000 bail on a charge of involuntary man-

slaughter. The evidence submitted rather favred the boy and it is possible that commonwealth will have difficulty in proving anything more

serious than a pure accident. The foreigner was killed by a bullet which went through one of his kidneys while he was in a toilet on the Arnett premises. The boy shot three times, two of the buflets went into a boardwalk leading to the

toilet and one went through the wal It was shown that Arnett just pre-vious to the shooting was at a boarding house two doors away from his home trying to sell the pistol. One make a 5 per cent horizontal increase of the witnesses, Charles McCollin, a boarder, admitted on the stand that joint traffic arrangements with the so-called industrial, or terminal or "tap" line roads and thereby effect a saving of many millions of dallars a do so and the board in the solution of many millions of dallars a do so and the board in the stand that he had told the boy that if he would bring the pistol to the boarding line roads and thereby effect a saving of many millions of dallars a do so and the board in the stand that he would buy it. He did not not stand the stand that he would be so and the board in the stand that he would be so and the stand that he would be well as the would be stand that he would be would be with the would be well as the well as the well as the would be well as the well as

ing of many millions of dollars a do so and the boy left with the year. The opinion in effect declared weapon. The Monongahela Connecting Rail-cause the victim was out of sight at road at once took exceptions and is the time but Chester Gingrich, who now contesting this opinion and undertaking to show the Interstate Comthe Arnett home and John McCarthy merce Commission that it is a bonk who was about 300 yards away at fide railroad in every sense of the the time told about the man coming word, and that to permit the trunk out of the toilet after three shots lines to cancel joint rates with it had been fired and falling to the would be to discriminate against the ground after walking a few steps. In
